This is Article:

- Current Tragedy

Yes tragedy

Title shows:

It is about
Tragedy

Tragedy like:

Sad

- Tragedy

And place:

- Here

USA = here

Tragedy:

- Here

USA

Is sad

So title =

Current Tragedy

Note is sad

Current

- Now here

Time =

- Current

Here:

In USA now

- Currently

I see sad

Even:

- Tragedy

Think:

- The common

People around:

Mix and mingle

- Visit

Chat

People around

In the common

Well:

- Topic tragedy

The State of
Affairs

In the common

- Not too good

Common condition
Looks

- Slim

Slim or faint

Currently:

The State of
Affairs

In the common

- Looks slim

Maybe sad

Around

Look at:

- Places

We go to
Places

Places:

- Like

On the street

Places we go
Are

Quite unsettling

- Meaning =

It is easy
To feel
Disturbed

Disturbed by:

Things we see

There:

Places like
On the streets

Seem unsettling

- Seems

Easy to feel
Disturbed

There:

In the common

- This

Unsettling

Easy to feel
Disturbed

- Not safe

Doesn’t seem safe

Nobody wants:

To get hurt

No

When people:

Walk the street

They want safe

So this:

- Not safe

This

Easy to feel
Disturbed

- Is unsettling

And like this:

Common unsafe

- Is tragedy

This would be
A tragedy

Common unsafe

Easy to feel
Disturbed

Common

Said =

- Currently

The State of
Affairs

In the common

- Looks slim

Maybe sad

Here = USA

The State of
Affairs

In the common

Places we go

In the common
Today

Where people
Meet and mingle

Seems unsettling

Unsettling means:

Easy to feel
Disturbed

Things we see
On the streets

People behave poor

- A lack

Lack of:

Common flow

Lack of

Regular lifestyle

This can be
Noticed

Noticed directly
Where

- People meet

Common unsafe

- This = tragedy

Would be a
Tragedy

Common unsafe

Easy to feel
Disturbed

So:

- If it is

Disturbed

Then someone

Causing it

Something:

- Would be

Causing it

Common disturbed

Disturbed

Around:

- There

Like

On the street

People seem
Aggravated

Common disturbed

Maybe not:

- Enough

Enough good
Around

Good to
Keep people
Satisfied

Maybe not enough
Good around

I have articles:

- On this

Christian Woe
Honey and Fly
Hitman

These articles

- Describe

The salty sour

We see it

People engage in
This

- Commonly

salty sour behavior

Example:

- Often

When we
Encounter someone

Even for the
First time

May seem dismal

Behavior types:

- People

throwing vinegar

hasty judgment

salty sour

Even as
First move

Sometimes:

- People

Opening move

throwing vinegar

hasty judgment

salty sour

Jeez
Pg 8

Seems like:

Whoa

What a lousy
Way

To address someone

This:

- Here

Example

Just one note

- About

What we see

The disturbed
Setting around

Boo

Remember:

- Tragedy

Public

Here:

- Present

Another example

- Type =

General encounter

Could be common

Maybe often

Like:

On the street
These days

Look

Let's say:

encounter someone
first time

like on the
street

There:

- they say

they know

you are no
good

Or maybe:

- they say

you look dirty
to them

Maybe it sounds

- surprising

yet

Could be common
Today

Remember:

- Previously

they said

your shoes look
bad

This today:

- Looks worse

Looks:

Worser

Worser than before

So then:

Rather unsettling

Unsettling to
Have to face

Such treatments
On the street

- Unsettling

These type of
Things

Boo

Said =

On the street

People seem
Aggravated

It is possible
To feel disturbed

- In public

Common things
We see on the
Street

This = tragedy

Would be a
Tragedy
Pg 11

Common unsafe

Sad

Easy to feel
Disturbed

- In public

We see it

Recall

I said:

- I have

Articles

About this

Poor behavior

Example:

Christian Woe
Honey and Fly
Hitman

These articles
Describe

Common types of
Things

- Things we see

Like poor behavior

These actions:

- People actions

Still seem
To continue now

This shows:

Common example
From

- Public now

So =

A sign of
Tragedy

Title =

Current Tragedy

Being Around

So this:

- Stuff

Like described

- errant behavior

sour patterns

Hey:

- we see it

Maybe you
See it too

Whoa

- This stuff

aggressive stuff

aggressive and
only sour

This stuff:

What people throw

at best
like vinegar

- only vinegar

Nobody likes:

to encounter

only vinegar

no

We need:

- sometimes

an entree

main thing

We probably prefer
Better

We all want:

to believe in
something

continuing itself
is ok

This stuff:

- around

this is common

- So =

dismal

Then it would
Spell

- Tragedy

Article about:

Current Tragedy

Here yes

Root

Tragedy:

- About

Term tragedy

Very ancient term

Famous greek
Philosopher

- Aristotle

Spoke about it

- Tragedy

Greeks =

Before the
Romans

Term tragedy:

Around for
Thousands of
Years

Oooh

Definition

Tragedy:

Ever since:

Ancient times

- Comparison

Comparison between

Comedy and
Tragedy

- Two terms

Comedy and

Ancient terms

Comedy and
Tragedy

- We see

A comedy

Think:

- Show on tv

We see on
Television

Comedy is:

- Happier

Than a tragedy

Comedy is:

Often light

Can be amusing

Amusing with
Humor

Ha ha

Comedy usually
Has a
Happy ending

- Example like

Story about
Common people

Comedy is:

- Happier

Than a tragedy

Tragedy

A tragedy:

- Whoa

Like sad

Tragedy

Quite different
Than comedy

Sometimes we
See a tragedy

- Example

The fall
Of a great man

Tragedy

Tragedy:

Compared to
Comedy

- More sad

Point

A note:

- About

Tragedy

Article is:

Current Tragedy

- Point =

Common is disturbed

People act poor

Common today is
Unsettling

And this:

- Long time

Common as disturbed

Common as unsettling

- Tragedy

Definition tragedy:

- Fits

Description common
Now

- This common

Common as disturbed

Common as unsettling

Has lasted
Long enough
To be a

- Tragedy

Sad

Seeing it

We see:

- Here

USA now

We see the
Current tragedy

The disturbed common

Sad setting today

Has lasted
Long enough
To be a

- Tragedy

Remember:

Tragedy is when

the main character
in the story

has a
fatal flaw

There:

in the tragedy

main character
shows

his fatal flaw

This:

- fatal flaw

is

a material weakness

Result =

- he

main character
in the story

is called flawed

sad

Tragedy shows:

- he

main character
in the story

is ruined
by his flaw

flaw =

material weakness

Flaw sinks:

main character
in the story

- tragedy

More

Usually:

- tragedy

main character
in the story

plays out his
flaw

- his

material weakness

So the:

- flaw shows

as story develops

as story continues

- flaw shows

Flaw of:

main character
in the story

So we see

- fall of

main character

main character
in the story

- falls

along the way
in the story

tragedy

sad

Flaws

Example:

- Fatal flaws

Story of

main character
in the story

- with a flaw

fatal flaw

He:

main character
in the story

- would be

proceeding from
wrong

Think:

flawed bozo person

assigned as staff

Type:

could be

a leader

a commander

a boss

a governor

Maybe a:

master

dominant figure

We see these

- around

think common

yes

ENDING

So sad

Tragedy is decay

In:

straight viewing

tragedy

When:

main character

shows weakness

his weakness

When he:

shows it

Then his

fatal flaw
is revealed

it develops
in the story

His fatal flaw

is revealed

it develops
over time

USA has this

common flawed

And this:

here

common flawed

For a:

long time

So this =

- tragedy

It is like

People don’t care

Sad
