

The Guy Hitman

Author: Thomas Lloyd
TheEvenMind

This is **Our Story**:

- **The Guy Hitman** (HIT MAN)

It is **About**:

- A Guy
- We Might See on The Street
- Called Hitman
- A Bit like A Rogue

Who Is Hitman

Hitman is A **Person**:

- or, **like A Person**

We see him around

For example:

- We might **See** him
- on the street

We might **See** him:

- like, when we **Go** places

We might **See** him:

- on the street

When we **See** him:

- Hitman
- like, on the street
- he **Seems** to
- want to do something

When we **See** Hitman:

- like, on the street
- Though he **Seems** to
- want to do something
- he doesn't seem to **Know** what it is

But:

- though he doesn't Seem to **Know**
- what he wants to do
- One thing that we have **Seen** with him
- as Hitman
- is
- that he is
- ready
- willing
- or
- volunteering
- to take a hit for someone

So:

- This is **Why**
- he is **Called** Hitman

As Hitman:

- He **Seems**
- ready
- willing
- or
- volunteering
- to take a hit for someone

About Hitman

So, Hitman can be:

- Willing
- to take a hit for someone

We might **See** him:

- Like, on the street

Since this Seems **True**, then:

- probably he **Believes**
- in A **Cause**

We see these **Guys**:

- Hitman
- like, on the street
- and
- they **Seem** like
- Willing
- to take a hit for someone

We might **See** him, on the street, and:

- He might have some **Ideas**

For example:

- He might have **Ideas**
- like
- honor
- tradition
- or
- some **Way** of Things

When we **See** him:

- like, on the street
- he Seems to **Have** some **Idea**

He may even **Believe**:

- in **Correct**

Most Times, when we **See** him:

- like, on the street
- he doesn't seem to **know** what to do

Yet, as Hitman:

- He seems Willing
- to take a hit for someone

And **Also**:

- He may **Believe** in A **Cause**

It makes **Sense** that
He may **Believe** in A **Cause**

What Hitman Likes

As Hitman:

- He may **Like**
- The Popular **Way**
- like
- Things **Current** Now

Sometimes we **See** him:

- pushing trending
- believing in trending

For example:

- He might **Advocate**
- The **Now** Thing
- like
- what is Popular **Now**

We Do **See** him around:

- Hitman

This is for Sure

We Do **See** him:

- Yet
- he doesn't Seem to **know**
- what to do

- Even if he has
- an **Idea** of A **Cause**
- he doesn't Seem to **know**
- what to do

So we **See** him:

- Only as Hitman

And we **Do** See him around

Hitman and Action

So:

- When we **See** him around
- Hitman
- like, on the street
- Sometimes he may **Do** action

When we **See** him:

- Sometimes it is **Shocking**

He **Seems** like:

- Poorly **taught**
- or
- not **taught** at all

We Never **See** Hitman:

- with A **Good Idea**

So:

- though he Seems to
- Want to **Do** something
- he doesn't Seem to **know** what it is

Then, maybe:

- Hitman **Tries**
- To **Serve A Cause**

Afterall, he may **Believe** in A **Cause**

He might be **Fond** of:

- Honor
- or
- Tradition

He might be **Fond** of:

- The Popular **Way**

Sometimes we **See** him:

- pushing trending
- fond of trending

He May:

- **Advocate**
- The **Now** Thing
- The Current **Way**

Then Hitman **Seems**:

- **Not Clear**

Maybe his **Teaching** is **Bad**

Maybe he doesn't **See** Things **Good**

We Never **See** him

Offer A **Good** Thing

So Hitman and Action
are **Not Clear** usually

Hitman and A Cause

So:

- Since Hitman and Action
- are **Not Clear** usually
- then This is **Not Really**
- **Honor**

Hitman **Seems**:

- **Not Clear**
- Yet
- he may **Believe** in A **Cause**

For example:

- Sometimes
- **Politics** might be
- A **Cause** for Hitman

Yet, as Hitman:

- He doesn't **Seem** to **Know** much

Maybe his **Teaching** is **Bad**
Maybe he doesn't **See** Things **Good**

We Never **See** him
Offer A **Good** Thing

If Hitman **Seems**:

- **Short** on **Definition**
- like
- Under Developed
- then
- His **Cause** Cannot be So **Clear** either

And This would **Show** again
that he **is** Hitman

He would be Willing
to take a hit for someone
like
A **Cause**

He would
want to do something
yet
he doesn't **Seem** to Know what it is

So Hitman **Seems**:

- **Short** on **Definition**
- like
- Under Developed
- or
- **Not Clear**

And:

- if he **Believes** in A **Cause**
- then
- His **Cause** Cannot be So **Clear** either

Hitman and Christian

This is A **Funny** Comparison:

- Hitman and Christian

Hitman we have **Seen**

As Hhitman
he would
Want to Do something
Yet
he doesn't Seem to **Know** what it is

Then, The **Comparison:**

- Hitman and Christian

Here we would See
A **Definition** of **Christian**

Christian Definition

Compared to Hitman:

- Christian **Definition**
- would be

- he would **go**
- out into the **world**
- and stamp his feet around
- for a while

- then
- after **time**
- he would go **home**
- and
- wait for **Grace**
- to **land** upon him

This would be:

- **Christian Definition**
- **Compared** to Hitman

This **Christian:**

- Going **out** into the **world**
- could **include**
- like Hitman

Hitman, by **Definition**
would take a hit for someone

So:

- Even as **Christian**
- we could **See** Hitman
- willing to take a hit for someone

If Hitman is:

- **Just** Christian
- then
- it can make **Sense** that
- Hitman and his **Cause**
- Do Not Seem **Clear**

We can **Never** Be **Sure**
of Any **Result**
when we **See**
Christian Definition
Compared to Hitman

So:

- if Hitman is
- **Just** Christian
- then
- it can make **Sense** that
- Hitman and his **Cause**
- Do Not Seem **Clear**

Looking At Hitman

Hitman **Seems**:

- like
- Vague
- or
- Not **Knowing**

He Seems to **Want**:

- To Push A **Cause**
- A **Belief**

But it Never **Seems**:

- **Substantial**
- no

Hitman's **Cause**:

- Always **Seems**
- wishy washy
- like
- Vague
- or
- Not **Knowing**

So:

- Hitman
- we have **Seen**
- as Hitman

He would **Want**:

- To **Do** Something
- yet
- he doesn't Seem to **Know** what it is

He might be:

- **Christian**
- but it is Not **Clear**

If Hitman is:

- **Just** Christian
- then
- it can make **Sense** that
- Hitman and his **Cause**
- Do Not Seem **Clear**

Seeing Hitman on The Street

So, we see the **Guy**:

- Hitman
- like, on the street

As Hitman:

- On the street
- he **Goes Out**

He **Goes**:

- to a place
- a country
- a town
- a house
- a bazaar

He **Seems to Choose**
To **Go** There

He is Hitman:

- We **See** him
- like, on the street

His Purpose

On the street:

- Hitman would
- **Watch out**
- like
- **Pay Attention**

He would:

- **Pay Attention**
- for
- perhaps
- **Signs**

He usually **has**:

- Something in **Mind**
- like
- To **Look Out** for

We See the **Guy**:

- like, on the street

He is Hitman

Then His Cause

Since:

- He is Hitman
- then he would
- take a hit for someone

And:

- Hitman as **Christian**
- would
- **Go Out**
- into the **world**
- tap his feet around some

- then
- after a **while**
- go **home**
- and
- wait for **Grace**
- to **go** on him

This **Way**:

- The **Cause** of Hitman
- would be
- like **Christian**
- like **Christian Belief**

Hitman Doing Action

On the street:

- Hitman
- would
- **Watch Out**
- like
- from
- **Having A Cause**

Then:

- if **Triggered**
- like
- he **Sees** a hit
- usually **Coming**

- then He would
- **take** the hit
- like
- for
- A Master
- A Lord
- A Ruler
- A Boss
- or
- A **Source** of Some Kind

Take a hit:

- This would **be**
- Hitman taking a hit

Why Hitman Takes A Hit

Maybe:

- Hitman takes a hit
- for
- **Righteous**

He may **Believe** that it is **Right**

Or:

- More **Likely**
- or
- More **Common**

Hitman would **take** a hit:

- for
- Revenue
- Income
- or
- A **Reason**
- Some **Reason**
- like
- Worth

There **must** be A **Reason**
Why Hitman **takes** a hit

Finding Our Worth

Finding Our Worth:

- By
- to **take** a hit
- is **Not** the **Best Chance**

It is **Hard**:

- To Find **Value**
- in
- to **take** a hit

This is Not So **Likely**

There is A **Saying**:

- Once **hit**
- it **Doesn't** Come Back

Even **People** Say this:

- Once **hit**
- it **Doesn't** Come Back

It is **Hard**:

- To Find **Value**
- in
- to **take** a hit

Concluding Hitman

We **See** That:

- Hitman
- **Goes Out**
- into the **world**
- and
- stays **awake**
- for
- to **take** a hit

It might be for:

- A Master
- A Lord
- A Ruler
- A Boss
- A Girl
- A Ma

Hitman **Could:**

- Take a hit
- if
- it is **Right**

This would **be:**

- Hitman **Belief**

An example would be:

- like
- to take a **bullet**
- for someone

Hitman would **take** a hit for someone

A Hitman Example

To **Conclude**, We **Have:**

- A **Real** Hitman example

Our Hitman example is:

- A **Vet**
- or Veteran

We **Know** the **Term:**

- **Vet**

These are usually like:

- **Veterans** of Foreign **Wars**

USA has **made** many **Wars**:

- So we **See**
- **Vet** around

These are usually **guys**:

- Who have **served** in the **Military**

Therefore, they get the name **Vet**

About Vet

Whoa, we **See** them:

- like, on the **Bus**

Vet is Our example:

- of Hitman

Hitman as Vet

We have **Seen** that:

- Hitman would be **Willing**
- to take a hit for someone

Why would Hitman, as **Vet**:

- **Take** a hit
- and
- from **whom**

What we **Mean** is:

- **What** is his **Cause**

And:

- Our example **Here** is
- Hitman as **Vet**

Is it **Righteous**:

- like
- for the **Good** of **Man**
- to **take** a hit for someone

Or is it **Demographic:**

- like
- A **Design**
- for
- 2 out of 1

Why would Hitman, as **Vet:**

- **Take** a hit
- and
- from **whom**

Is it, like:

- Just for **Fear**

Hitman and His Boss

Does Hitman:

- **Know** his **Boss**
- like
- his **Cause**

We **Mean:**

- Hitman and his **Boss**
- is there **Relationship**
- is it just **Talk**
- or
- Wrong **Design**

- Is there **Instruction**
- or is it just
- **Sort of instruction**
- yet
- **Short**
- or
- **like** Short

Is it **Short:**

- of Real
- of Lasting
- of Continue
- of Truth

Hitman and his **Boss**:

- is it **Short** of
- **Actual Cause**

Or:

- is it just
- **One Sided**
- like
- **Female Imagined**

What is:

- Hitman and his **Boss**

An Example

The **Vet**:

- **Goes Out**
- like
- as **Soldier**
- in order to
- fuck people up

Afterall:

- He **Thinks** that
- it is **Right**

His **Cause**

would be

USA Government

Then, if Such:

- **Sends him Out**
- like
- with **instruction**
- like, **A Cause**

What is it **Made** of:

- is it **Righteous**

Is Hitman, as **Vet**:

- **Righteous**

The Facts

If we **Look** at:

- The **Facts**
- like
- Hitman as **Vet**
- with
- **instructions** from
- **USA Government**

Then we **See**:

- like
- **Go** to A **Country**
- **Bash** it off of the **Map**

- **Why** would
- **USA Government**
- or
- **Judges**
- **Want** to
- **Bash** A **Country**
- off of the **Map**

And:

- Hitman as **Vet**
- like
- the **idea** of
- **Trying** to **Serve**

What is it **Made** of

like

Hitman and his **Boss**

More Facts

If we **Have**:

- Hitman as **Vet**
- and
- with **instructions** from his **Boss**
- like
- **USA Government**

Then:

- **Why** would Hitman's **Boss**
- **Want** to
- **Bash A Country**
- off of the **Map**

- **Epecially, A Little Country**
- omg

Maybe it is:

- **Fear**
- like
- from **Before**

Do they **Know**:

- **Why** they
- **Feel** this **Way**
- like
- Hitman's **Boss**

And:

- **Does** Hitman
- **Check** on This

For A **Cause**:

- Hitman Should
- **Check** on This

Is it **Only** like:

- My **Uncle** Made me **Do** it

This is Not A **Compelling Line**

Epecially:

- Not A **Compelling Line**
- To **Bash**
- A **Little Country**
- off of the **Map**

omg

This Doesn't **Fly**

My **Uncle** Made me **Do** it

More On Take A Hit

Take a hit
whoa

We **See** this around

An example would **be**:

- **Medical Injury**

We **See** The **Medical Injury**, like:

- Vet
- Football player
- Boxer
- Soldier
- Asset
- Agent

This is **Expensive**:

- like
- **Medical Costs**

Take a hit
can **incur**
Medical Costs

We **See** This in like:

- **Vet Hospitals**

These **guys**:

- All **take** a hit
- and Get **Medical Injury**

We **See** The **Medical Injury**, like:

- Vet
- Football player
- Boxer
- Soldier
- Asset
- Agent

So:

- Someone **Pays** for it
- **Whoa**
- Not me
- Hell **no**

Where is the **Substance:**

- like
- Why **Call** a **hit** on Someone

And:

- What **Comes** with it
- like
- **Medical Injury**
- of Hitman

ENDING

So, to me:

- This Hitman
- **Sounds Dumb**

It Sounds:

- **Only Physical**

The Idea of:

- **Step Up**
- and
- **take** a hit

This is:

- **Not Really Honor**

To me:

- This Hitman
- **Sounds Dumb**

If it is **Short**:

- like, of **Substance**
- then
- **Category Lazy**
