

Honey And The Fly

Author: Thomas Lloyd
TheEvenMind

This is **Our Story**:

- **Honey And The Fly**

It is **A Story** About:

- **An Old Saying**

There is An **Old Saying** About:

- **Honey And The Fly**

Probably Most People **Remember** This **Old Saying**

The **Old Saying** is:

- You Catch More Flies
- with Honey
- than Vinegar

The **Reason** for **Sharing** This **Old Saying** is that:

- On The Streets Today, Many People Are Throwing **Sour** Speech

The Current Setting Today

Currently, like:

- *on the Streets Today*
- *Many People are **Acting** Rude*

For example:

- *We Can **See** that*
- *People Accuse Others*
- *or Complain About Others*
- *and The **Tone** of it is **Sour***

It is **Hard To Find** A Fresh, Caring **Person** on the Streets Today

We have **Written** About **This** in **Our Story**:

- **The Christian Woe**

On The Streets Today, Many People Are Throwing **Sour** Speech

- We Can **See** that
- People Accuse Others
- or Complain About Others
- and The **Tone** of it is **Sour**

This is **Unfortunate** to **See** or **Encounter**, So We **Mention** it **Here**

The Sour Speech On The Street

Since People Do **Act** Aggressively on The Street, like:

- Throwing **Sour** Speech
- Accusing Others
- or Complaining About Others
- This is Like **Vinegar**

It is Like:

- People are **Throwing Vinegar** on The Street

Since **Vinegar** is **Sour**, and People Are Throwing **Sour** Speech, then

it is Like People Are **Throwing Vinegar**

The **Sassy** Stuff that People **Throw** on The Street is **Not Kind**

About The People

It **Seems** that:

- People **Assume** So Much

We **See** Around that:

- People **Think** that
- They can **Assault** Others with Speech

They **Think** that They Can Speak:

- Almost **Any Way** that They **Want**

*It is **Surprising**, the **Way** that People Speak*

The **Common** Speech of People **Seems**:

- *shocking*
- *vulgar*
- *and rude*

*Sometimes it is Outright **Disgusting***

***So**, When We **See** This **Rude** Behavior By People, Even*

*Generally, Then That is **Why** We **Mention** The **Old Saying***

The **Old Saying** is:

- You Catch More Flies
- with Honey
- than Vinegar

*We **Think** that It is **Good** To **Mention** This **Old Saying** Now*

Speaking Too Strong

When People **Do** Speak So **Strong**, like:

The **Common** Speech **Appearing**:

- *shocking*
- *vulgar*
- *or rude*
- *it is **Sad***

*We **Mean** that:*

***Sometimes** People Speak So **Strong**, that it **Seems**:*

*it Could **Knock** The **Wind** Out of you*

*The **Way** that People **Act** and Speak Can **Seem** Too **Strong***

Speaking At Someone

There Are **Ways** To Speak To Another **Person**

Also, There is A *Difference* Between:

- *Speaking To Someone*
- *and Speaking At Someone*

For example:

When People Speak **To** Someone, They **Employ** Manners like:

- *Compliments*
- *Consideration*
- *or Support*

These **Ways** Are **Known** As **Polite** and Are **Appreciated**

We Don't **See** This So Much on The Street Currently

This is **The Point** of **Our Story**:

- **Honey And The Fly**

When People Are Commonly:

- *Speaking At Someone These Days*
- *it is Like **Throwing Objects***

So, then, We Can **See** The *Difference* Between:

- *Speaking To Someone*
- *and Speaking At Someone*

When Speaking **To** Someone:

- **Politeness Can Gain Regard**

Alternatively, When Speaking **At** Someone, like We **See**:

- *it is At Least **Poor***

So The Old Saying

Since **Our Story** is About The **Old Saying**, then:

- *The **Old Saying** is **Worthwhile***

The **Old Saying** is:

- You Catch More Flies
- with Honey
- than Vinegar

The ***Difference*** Between:

- *Speaking **To** Someone*
- *and Speaking **At** Someone*
- *Can **Matter** To Us*

When Speaking **To** Someone:

- ***Politeness Can Gain Regard***

Alternatively, When Speaking **At** Someone, like We **See**:

- *it is At Least **Poor***

The Point

In The **Old Saying**, The **Better Choice** is:

- ***The Honey***

Because:

- You Catch More Flies
- with Honey
- than Vinegar

It is ***Easier and Better*** To Get Things **Done** in ***Agreement***

When Speaking **To** Someone:

- ***Politeness Can Gain Regard***
- ***Honey is The Method Used***

Alternatively, When Speaking **At** Someone, like We **See**:

- *it is Like **Vinegar***

What The People **Do** Today is like:

- ***Assaulting with Bad Speech***
- ***or Criticizing Others for No Reason***

This **Kind** of **Behavior**, or Speech **Manner**:

- Only Amounts to **Vinegar**
- Only **Vinegar**

People **Throw Vinegar**, and We **See It**

Yet:

The **Old Saying** is:

- You Catch More Flies
- with Honey
- than Vinegar

So, Throwing Vinegar Would Probably Have **Poor Results**

And it **Looks Like That** On The Street

About The Bad Speech

People Who **Throw** The **Bad** Speech:

- They **Think** that **This** is **OK**

Well, it is Not

We were Never **Taught** to **Be:**

- *rude*
- *aggressive*
- *or hostile*

- **Assaulting** with **Bad** Speech
- **or Criticizing Others** for **No Reason**
- **is Not Good**

We Really Do **Hope** for **Better**

I Mean:

- **Whoa**, what if We **Meet An OK Person**

How Could We Ever **Get A Friend**, with The **Bad** Speech

Nobody Wants **Rogue Friends**

I Mean:

- ***Whoa***
- ***Let's Try A Little Tenderness***

Having A Friend

We All Want Friends that Are OK

With The Vinegar Throwing that People Do:

We Think that it is Hard on People

To Have A Good Friend

The Best ***Way*** that We ***Know***:

- ***To Have A Good Friend***
- ***is To Throw***
- ***Honey instead of Vinegar***

Remember The **Old Saying** is:

- You Catch More Flies
- with Honey
- than Vinegar

Honey Method Can Attract More Friends that Vinegar

Example is:

- ***Compliments***
- ***Consideration***
- ***or Support***

The ***Vinegar, to A Person, is:***

- ***Really No Help***

Avoiding Vinegar

We All **Have**:

- ***Many Things to Do***

Vinegar in Our ***Day*** is:

- ***Really No Help***

So, The **Old Saying** is:

- You Catch More Flies
- with Honey
- than Vinegar

*And This **Old Saying** Seems **Worthwhile** Today*

*Showing **Good Qualities** to A **Friend** is A **Good Idea***

Example is:

- *Compliments*
- *Consideration*
- *or Support*

*This is Much More **Likely** to Gather **Favor***

*Trying is Much **Better** than **Hopeless***

To **Throw Vinegar** Amounts to:

- *No **Better** than **Hopeless***

Honey, like:

- *Compliments*
- *Consideration*
- *or Support*

- *is Much More **Likely** to Gain **Friendship***
- *than The **Vinegar***

Point Number Two

Whoa, it **Looks** like We **Got** This **Far**

And, **Point Number Two** About **Our Story**:

- ***Honey And The Fly***
- *is A **Simple Fact**:*

- ***Flies Don't Go To Vinegar***

When We **See** People **Throwing Vinegar** on The Street:

- *it is **Hard** To Gain **Regard***

People Do Not **Like** To **Listen** To:

- **People Throwing Vinegar**

This is **Something** That We Can **Understand**

Our Example

Since **Flies Don't Go To Vinegar**, and:

The **Old Saying** is:

- You Catch More Flies
- with Honey
- than Vinegar
- then it is **Hard To Catch Flies** with **Vinegar**

Afterall:

Flies Don't Go To Vinegar

So, Our **Example** is:

- **The psych doctors**

Whoa, We Have **Heard** of **These**

If **Flies Don't Go To Vinegar**, then:

What A **Failure**
The psych doctors

If **Flies Don't Go To Vinegar**, then:

- **The psych doctors** would **Be**
- **diminishing thought**

The psych doctors would **Be**:

- Only **diminishing thought**

The psych doctors:

Don't **know** nothing
shockingly **vague**
or absent

hasty
acidic
un friendly
so, actually
Contra

The psych doctors would Be Contra:

- ***The Ways of Man***
- ***or Life on Earth***

ENDING

This is **Our Story:**

- ***Honey And The Fly***

*We Have **Shared** The **Old Saying:***

*You Catch More Flies
with Honey
than Vinegar*

*It Makes **Sense** That:*

Honey Method Can Attract More Friends than Vinegar
