

The Folly Bash

Author: Thomas Lloyd
TheEvenMind

This is **Our Article**:

- **The Folly Bash**

It is A **Sharing** Piece About:

- A Realization that I Had
- While Riding on The Bus Today

The Bus Passed Through A **Military** Section of Town, and

I Had A Thought About Things That **Military** Does

As I Say:

- This is A **Sharing** Piece, So I Will Just
- Tell **The Story** Straight

On The Bus Today

Usually on The Bus:

- Things Are Quiet

Things Are Quiet on The Bus because:

- The Bus Does Not Pass Through The Busy Downtown Area

Well, I was on The Bus, and:

- The Bus Passed Through A **Military** Section of Town

As We Passed Through The **Military** Section of Town:

- I Saw The **Military** Buildings

As I Saw The Buildings, I Thought About:

- Whoa, Sometimes The **Military**
- Just Wipes Out A Country
- or Wipes Someone off of The Map

I Wondered, as I Thought About Their **Actions**:

- Why They Do it
- Why Do They Wipe Things off of The Map

It would Be **Good To Know** About **Why**

Thinking Of The Description

Well, as I Wondered About:

- Why They **Do it**
- Why Do They Wipe Things off of The Map
- I Thought of **A Thing** that I **Know** or **Believe**

Actually, I **Made it**:

- from **Description**

America's GOP Party

Well, America Has The **GOP** Political Party

They Have Been Around Since The **Civil War**, and

They Are **One** of The Political Parties

When They Are on The **News**, like:

- They Make Political **Statements**
- They Have A **Style** that They **Use** in it

It Never Seems Very **Definite**, So:

- I Made A **Description** of Their **Style**

Actually, it is An **M O** (Modus Operandi)

This **Means A Method** of **Operating**

The GOP M O

The **M O** (Modus Operandi) that I **Fashion** from **Them** is:

- If you see something
- bright, pretty or good
- then beat it down

- Beat it down
- to a dumb level
- so you can understand it
- and then
- tell it that you dominate

This Seems to Me As A **GOP M O** (Modus Operandi)

I Have thought This for A **Long Time**

About GOP M O (Modus Operandi)

I Always thought that this was **Destructive**, like:

- The **Deeds** like **Military** Does

What The **Military** Does is:

- They Wipe Things off of The Map

And I Always Saw **GOP Style** like:

- If you see something
- bright, pretty or good
- then beat it down

- Beat it down
- to a dumb level
- so you can understand it
- and then
- tell it that you dominate

Then These **Two** would Seem **Similar**:

- **GOP M O**
- and **Military** Deeds

My New Idea Today

Well, Even Though I Thought that:

These **Two** would Seem **Similar**:

- **GOP M O**
- and **Military** Deeds

- I Always thought That it Was
- To Be **Destructive**

This would Be like A **Kid** Who likes To **Break Things**

But **Today**, I Thought of A **New Thing**

I Might Have Gotten A **New Outlook** on **This**

The New Thing

The New Thing is:

- What if **GOP** or **Others**
- try to beat something down
- or someone down
- in order to
- make them **ugly**

And, What if The **Intention** was **Not**:

- Just To Be **Destructive**

What if There was **Other Reason** for To **Do This**

This would **Be**:

- **The New Thing**

What **Other Reason** would They **Have** for To **Do This**

About The New Thing

Well, **Why**, We would **Ask**:

- Would They **Do This**

The **Answer** that I Thought of Was **Simple**:

- Maybe They Just **Beat Things Down**
- To Make Them **Ugly**

The **Reason** Could Be **Simple**

What I Thought Was:

- If The **others** are **ugly**
- then **they** might **look good**

GOP or **Military** Might **Look Good**:

- If The **Other Guys** were **Ugly**

This Could Be **Possible**

Also, it Might Be **Better** than:

- Solely **Destructive**

Before

Before I thought that:

- Maybe they just **do it**
- to be **mean**

But, with **my new outlook**, like:

- Perhaps **Better outlook**
- then, **whoa**

This would Seem like:

- A **way out** view
- Like to make them **ugly**

But, it Seemed like **Possible**, So:

-
- That is **Why I Write it Here**

Additional Thought

Then I Thought About **USA Country**

For example:

- What if **USA does this**:
- Bash other countries down
- in order to
- make **USA look good**
- or **better**

If This is **So**, then:

- It is probably **Good to Know**

What This Spells

It Could Be **Possible**:

- That these guys **try** to
- make others **look ugly**

If it is **So**, like:

- That They **Do This**
- then probably this would **spell**
- **envy**

That is **The New Idea** I Got **Today**, while

Riding on The Bus

ENDING

If We **Think** About **This**, like:

- The **Reason** that People **Do Things**
- then it is Definitely **Good to Know**

Afterall, I Would **Never** Do This to **Anyone**

- It is a shame to hurt others
- and it is hard to
- get any **Good** out of it

This would **mean** that:

- If the **other guy** was bashed down
- then there would be
- **less competition around**

Boy, what A World
