

## About Fat And Flat Story

Author: Thomas Lloyd  
TheEvenMind

This is Our **Story**:

- **About Fat And Flat**

It is **About**:

- A **Guy**
- An Average Guy
- with Two **Qualities**
- Fat And Flat

To **Describe** Him:

*Sometimes*  
*He Has **Good** ideas*  
*and*  
*Other Times*  
*His ideas Are*  
***Not So Good***

So:

- When He Has
- His **Good** ideas
- He is **Fat**
- and
- Other Times
- When
- His ideas Are
- **Not So Good**
- He is **Flat**

Then:

- We Can **See** Him
- As
- A **Guy**
- An Average Guy
- with These Two **Qualities**
- Fat And Flat

With This **Description** of Him  
And Him **Having** These Two **Qualities**  
Fat And Flat  
Then We **Know** This **Guy**

An Average **Guy**  
with Two **Qualities**  
Fat And Flat

## About The Two Qualities

This is **Really**:

- A **Simple** Piece

Our **Guy**  
Has Two **Qualities**  
Fat And Flat

When He Has  
His **Good** ideas  
He is **Fat**  
and  
Other Times  
When  
His ideas Are  
**Not So Good**  
He is **Flat**

Heck:

- Some of You May Even
- **Know Persons** Like **This**:
- A **Guy**
- With Two **Qualities**
- Fat And Flat

## Guy Going Through His Day

We Are **Calling** Our **Guy**:

- **Guy**

This is A **Simple Name**  
and The **Topic**  
is **Not Hard**

He is:

**A Guy**  
With Two **Qualities**  
**Fat And Flat**

As He **Goes** Through His **Day**:

- Like **Usually**
- Guy **Sees People**
- and **Thinks of Things**

When He Has  
His **Good** ideas  
He is **Fat**  
and  
Other Times  
When  
His ideas Are  
**Not So Good**  
He is **Flat**

So, **Really**:

- Fat And Flat
- **Describe Guy**

Well:

- **Guy**
- Has **Friends** Too

**Some of His Friends:**

Like Him **A Lot**  
and  
Others  
**Not As Much**

When **Guy**:

- Has His **Good** ideas
- His **Friends**
- Like **That**
- and

- Other Times
- When
- His ideas Are
- **Not So Good**
- His **Friends**
- **Don't** Like it **As Much**

*Then:*

*Even with His **Friends***

*The Two **Qualities***

*Fat And Flat*

***Describe Guy***

***Also:***

*As He Goes Through His Day*

*Like Usually*

*Guy **Sees People***

*and **Thinks of Things***

## **What Guy's Friends Think**

We Have **Said** That:

- **Guy**
- Has **Friends** Too

***Some of His Friends***

*Like Him A Lot*

*and*

***Others***

***Not As Much***

**Well:**

- With **Guy**
- **Having** These Two **Qualities**
- Fat And Flat
- His **Friends**
- **Decide How Much**
- They **Like Guy**

***Sometimes:***

*They **All Like Him***

*and Other Times*

*They **Don't Like Him As Much***

Again:

When **Guy**  
Has His **Good** ideas  
His **Friends**  
**Like That**

and  
Other Times  
When  
His ideas Are  
**Not So Good**  
His **Friends**  
**Don't Like it As Much**

Well:

- We **Wonder** Then
- **How Much** His **Friends**
- **Like His** ideas
  
- We **Wonder**
- **What Guy's Friends Think**

## **Guy And His Friends**

We Have **Said** That:

- **Guy**
- Has **Friends** Too

**Also:**

- **Some** of His **Friends**
- **Like Him A Lot**
- and
- **Others**
- **Not As Much**

So:

With **Guy**  
**Having Friends**  
and  
These Two **Qualities**  
**Fat And Flat**

*His Friends*  
*Decide How Much*  
*They Like Guy*

**If:**

*Guy's Friends*  
*Like Him*  
*then*  
*We Wonder*  
*How Much His Friends*  
*Like Him*

*We Wonder*  
*What Guy's Friends Think*

When:

- **Guy's Friends**
- **See Him**
- When
- They **Look At Him**
- They **See:**
  
- **Guy**
- An Average Guy
- with These Two **Qualities**
- Fat And Flat

When:

*Guy's Friends*  
*See Him*  
*They See*  
*He Looks*  
*Fat or Flat*

*When He Has*  
*His **Good** ideas*  
*He is **Fat***  
*and*  
*When*  
*His ideas Are*  
***Not So Good***  
*He is **Flat***

So, **Really:**

- Fat And Flat
- **Describe Guy**

**Guy's Friends:**

**See Him**

As

**Either** Fat or Flat

The **Good** ideas

Make Him

**Appear Fat**

and

The **Bad** ideas

Make Him

**Appear Flat**

So:

- **Guy's Friends**
- **Know Him Too**

**For Them:**

He is

**Either** Fat or Flat

## **Deciding About Guy**

Well:

- The **World**
- is A **Wild Place**

What We **Mean** is:

- Many **Things Can Happen**
- At **Many Different Times**

And For **Guy:**

- To **Describe** Him:
- Sometimes
- He Has **Good** ideas
- and

- Other Times
- His ideas Are
- **Not So Good**

### **Guy's Friends See This Too**

*Sometimes:*

*He Has **Good** ideas  
and  
Other Times  
His ideas Are  
**Not So Good***

**Guy's Friends:**

**See Him**  
As  
**Either Fat or Flat**

*The **Good** ideas  
Make Him  
**Appear Fat**  
and  
The **Bad** ideas  
Make Him  
**Appear Flat***

Well:

- Since
- **In The World**
- Many **Things Can Happen**
- At **Many Different Times**
- Sometimes:
- People **Don't Like it**
- When We **Have**
- **Good ideas**

So **Guy:**

- Sometimes
- He Has **Good** ideas
- **then**
- Sometimes
- People **Don't Like it**
- When We **Have**
- **Good ideas**

**And:**

*Whoa*

***Guy's Friends See This Too***

***Guy's Friends Know That:***

*Sometimes*

*People **Don't Like it***

*When We **Have***

***Good ideas***

**Then:**

- What **Guy's Friends Think**
- Can
- **Matter To Guy**

**The Point**

When We:

- **See Guy**
- An Average Guy
- with Two **Qualities**
- Fat And Flat
- then
- We **Know**
- The **Main Character**
- in Our **Story**

Our **Story** is **Called:**

- **About Fat And Flat**

**Guy** is:

*The **Main Character***

*in Our **Story***

**So:**

***About Fat And Flat***

***Refers To Guy***

**Guy is:**

*An **Average Guy**  
with These Two **Qualities**  
Fat And Flat*

**So:**

*Fat And Flat  
**Describe Guy***

**Also:**

- We **See**
- What **Guy's Friends Think**

***Guy's Friends**  
**See Him**  
As  
**Either Fat or Flat***

*The **Good** ideas  
Make Him  
**Appear Fat**  
and  
The **Bad** ideas  
Make Him  
**Appear Flat***

**Plus:**

- What **Guy's Friends Think**
- Can
- **Matter To Guy**

Then We **Reach:**

- **The Point**

*You **See:***

*When **Guy**  
Has **Good** ideas  
and  
Therefore  
He **Looks**  
**Fat**  
**Guy's Friends See This Too***

*Also:*

*Sometimes  
People **Don't Like it**  
When We **Have**  
**Good ideas***

**So:**

- **Some of Guy's Friends**
- **Think That**
- He Has **Good** ideas
- **Too Much**
  
- **Some of Guy's Friends**
- **Think That**
- Guy **Looks Good**
- **Too Often**

**So Guy's Friends:**

- **Get Mad**

**Guy's Friends:**

- **Get Mad At Guy**
- They **Think**
- That **Guy**
- **Looks Good**
- **Too Often**

*So Then:*

*What Would  
Guy's Friends  
Do  
if Guy  
Looks Good  
Too Often*

**The Sad For Guy**

Well:

- There is **No Need**
- To **Waste Time**
- **Here**

When:

- **Guy's Friends**
- **Get Mad At Guy**
- because
- They **Think**
- That **Guy**
- **Looks Good**
- **Too Often**
- then
  
- **Guy's Friends**
- **Want To**
- **Take Action**

**Guy's Friends Want To:**

- **Take Action**
- **Against Guy**

Then **This** is:

- **The Sad For Guy**

*Guy's Friends  
Seeing  
Too Much Good  
in Guy*

*Want To  
Take Action  
Against Guy*

So:

- **The Sad For Guy**
- is
- **Guy's Friends**
- **Want To**
- **Turn**
- **Fat Into Flat**

*Guy's Friends  
Want To  
Diminish Guy*

*So That  
He is  
Less Fat*

*and*  
**More Flat**

**When:**

- They **Do This:**
- **Turn Guy's**
- **Fat Into Flat**
- like
- **Less Fat**
- and
- **More Flat**
- Then
- **The Sad For Guy**
- **Would Appear**

*The Sad For Guy is:*

**Guy**  
*As*  
**Less Fat**  
*and*  
**More Flat**

*Less Good ideas*  
*and*  
*More ideas*  
**Not So Good**

**ENDING**

We Can **See**, Then:

- **Guy's Result**
- **From His Friends**

**Guy's Friends:**

- **Get Mad At Guy**
- because
- They **Think**
- That **Guy**
- **Looks Good**
- **Too Often**

So:

- **Guy's Friends**
- **Diminish Guy**
- So That
- He is
- **Less Fat**
- and
- **More Flat**
  
- Less **Good** ideas
- and
- More ideas
- **Not So Good**

*In The End  
it Seems  
That  
Guy's Friends  
Want Him To Look  
Not So Good*

Then:

- **Poor Guy**
- like
- Less **Good** ideas
- and
- More ideas
- **Not So Good**
- But
- **with Friends**

**PONDER:**

*Will Guy's Friends  
Be Able To  
Render Him  
Less Fat*

*Also:*

*What Would Our Guy  
Look Like  
As  
More Flat*
