This is My **Article**:

- **A Thing Becoming Outdated**

It is **About**:

- **Things Existing Over Time**

Time is A Curious Thing:

Sometimes it Seems

Short

But Other Times

It Seems More Long

So:

Time is A Curious Thing

This **Article** is **Called**:

- **A Thing Becoming Outdated**

Another **Word** For **Thing** is:

- **An Object**

Objects Are Things Too

We **Know** that:

- **New Things** Are **New**
- **And**
- **Older Things** Are **More Old**

So:

*As A **Thing** Becomes*

Older

*Then it Could Be **Closer To
Becoming Outdated***

*Some **Things:***

*That Get **Old
Become Outdated***

Usually:

*When A **Thing
Does **Become
Too Old
Then it
Becomes Outdated*****

So:

- In This **Article**
- We Wish To **Discuss**
- **A Thing Becoming Outdated**

A Thing Starting Out

Usually:

- **A Thing Starts Out**
- **New**

We All Know:

New Things

*Sometimes We **Buy Them**
or
Other Times
People **Buy Them For Us***

We All Know:

New Things

So:

- When
- **A Thing is Starting Out**
- It Usually
- **Starts Out New**

About A New Thing

When Something is:

- **New**
- Then it is
- **Now**
- like
- **With The Current Time**

We Know This:

And Usually We Like This

Many People **Like:**

- **New Stuff**

We Often **See:**

- **New Things** Too

new cars every year
trending
pursuit of technology

We Have **Seen:**

- So Many **New Things**

Yet:

- Things **Do Get Older**

For example:

As Kids
Our Clothes
Could Wear Out

Also:

As Kids
When We Grew
Our Clothes
Became Outdated

So:

- When Something is
- **New**
- Then it is
- **Now**
- like
- **With The Current Time**

*We Have **Seen:***

*So Many **New Things***

Yet:

*Things **Do Get Older***

About A Thing Getting Older

As A New Thing:

- **Ages**
- like
- We Have **Seen it For A While**
- Then
- It would Have
- A **Trail** on it

This idea:

- A **Trail**
- Can Be like
- A **Period of Time**

For example:

*As A **New Thing***

Ages

*We **Remember***

*Several **Things About it***

*Over **Time:***

*A **New Thing Develops***

So:

- As A **New Thing**
- **Ages**

- We **Remember**
- Several **Things About it**

If A New Thing:

Is New

like

With The Current Time

*Then it **Retains***

Some of it's Newness

*It is **Not:***

Immediately

That A New Thing

Becomes Outdated

Most of Our New Things

***Retain** Some of Their Newness*

*Things **Stay New For A While***

About Becoming Outdated

We Have **Said** that:

- When Something is
- **New**
- Then it is
- **Now**
- like
- **With The Current Time**

Also:

- If A New Thing
- Is New
- like
- **With The Current Time**
- Then it **Retains**
- Some of it's **Newness**

So This **idea:**

- The **Current Time**
- Is **Important**
- To **See** if
- **Things That We Know**
- Are **Still New**

Another Way To **Look At This** is:

- The **Current Time**
- Is **Important**
- To **See** if
- **Things That We Know**
- Are **Still Popular**

We Might Also Say:

- If **Things That We Know**
- Are **Still Useful**

*We **Determine An Items Condition:***

*In The **Current Time***

*A **Thing** is **New Now***

or

*A **Thing** is **Not New Now***

And:

- Many **Factors**
- **Influence**
- The **Current Time**

People, Places and Things:

Influence

*The **Current Time***

We **Know** that:

- We Don't
- **Get To** Where **We Are**
- By **Staying The Same**

Everyday:

- **Many Thing Happen**

*Many **Factors:***

Influence

*The **Current Time***

*We Never **Know**
What We **Will See**
During **Each Day***

And:

- **Getting To** Where **We Are**
- Usually **Takes**
- **Many Days**

*days
months
years*

*We Never **Know**
What We **Will See**
During **Each Day***

So:

- It Can Be **Possible**
- That A **New Thing**
- **Becomes Older**

*older
not popular
not useful*

When A **Thing:**

- **Gets Old**
- We **Like it**
- or
- We **Don't Like it**

*And **Sometimes**
We **See**
A **Thing Becoming Outdated***

What **if:**

- A **Thing** that **We Like**
- **Becomes Outdated**

Sometimes This **Could Occur:**

- A **Thing Becoming Outdated**

Definition Outdated

If Something is:

- **Outdated**
- This Often **Means** that
- It is
- **Too Old**

It Could Also Mean that:

*A **Thing** is
No Longer Popular
No Longer Useful*

*Most **Things**
Can Serve
For A Long Time*

Also:

- Some **Things** Are
- More **Long Term**
- Than **Other Things**

For example:

*A **Longer Term Thing**
or **Object**
Could Be like*

*A **Kitchen Appliance**
A **Cooking Tool**
A **Pair of Shoes**
A **Car***

*Some **Things** Are
More **Long Term**
Than **Other Things***

Yet:

- We Never **Know**
- What We **Will See**
- During **Each Day**

Things Do Get Older:

*Sometimes We See
A Thing Becoming Outdated*

A Concern With Outdated
