### **List of The Chapters:**

1/ The Story: Developing Man During The Ages	Page 4
2/ Developing Man FACTS LIST	Page 10
3/ Reasons To Read Our Story	Page 13
4/ Developing Man's Qualities and Skills	Page 24
5/ Defining The Four Ages Of Developing Man	Page 39
6/ The Stone Age	Page 46
7/ The Basic Needs of The Cave Man	Page 52
8/ Developing Man After The Stone Age	Page 63
9/ The Three Main Inventions Of Early Man	Page 81
10/ Developing Man Summation Review	Page 99
11/ POEM: The Tomato Lady	Page 105
12/ POEM: Tribute To Developing Man During The Ages	Page 107

## **Developing Man During The Ages – Chapter One**

*Author: Thomas Lloyd*

*TheEvenMind*

This is Our Article:

- *Developing Man During The Ages*

It is about:

- *Man, or Human Beings, Developing Over Time*

We see this as:

- *The History of Man*

Man has Been on Earth for A Very Long Time

### **How Man On Earth Got Started**

Well, when talking about:

- *The History of Man*

we have known that:

- *Man has Been on Earth for A Very Long Time*

It is really More than:

- *Thousands of Years*

We think that:

- *Man has Been on Earth for A Very Long Time*

And, Since we know:

- *Such A Long Time of Man on Earth*

then we See that:

- *Man has Developed Over This Long Time*

So This is Our Article:

- *Developing Man During The Ages*

## **The History Of Man**

When we think about:

- *such A Long Time of Man on Earth*

then there are A Few Things that we would Remember

Afterall, when we:

- *are **Born** here*
- ***Live** here*
- *and **Circulate** here*

then there is More to Man than just Spending Time here

For example:

- *when we see Man on Earth*
- *we see Man's **Knowledge**, like:*
  - *how to Grow Crops*
  - *to make Clean Drinking Water*
  - *or Count Time with Things like Clocks*

There is More to Man than just Spending Time here

Man on Earth has Learned and Grown So Much Over Time

So we will cover this in Our Article about:

- *Developing Man During The Ages*

Man has Grown and Developed Amazingly

Over Time, Since The Beginning

## **About Man Developing Over Time**

When we are Born here, on Earth, we see So Many Things

Besides Nature, with All of It's Beauty and Glory, we see:

- *Many Man Made Things*

This could be like:

- *Buildings*
- *Streets and Roads*
- *Fine Things like The Clothing that we wear*
- *or Even Technology*
- 

When we live through Our Days, we see:

- *Many Man Made Things*

Remember, All of Our Towns and Cities are Man Made

There are A Lot of Man Made Things on Earth

## **The Value Of The Man Made Things**

The Things that we see from Man, which are Man Made Things:

- *are All Around Us All of The Time*

We have seen:

- *Gadgets for Some Use*
- *or Tools for A Different Use*
- *and All of Them Are Man Made*

So, we see Many Man Made Things Around Us All of The Time

And They are for Many Different Uses

We see that Man has Made Many Many Good Things Over Time

And When Man Started

He had Almost Nothing

## **We Know About The First Man**

Well, when we talk about:

- *Man has Made Many Many Good Things Over Time*

we Remember that:

- *Man has Been on Earth for A Very Long Time*

The Length of Time that Man has Been on Earth is Amazing

Man has Been on Earth for A Very Long Time

And we Remember about:

- *The Story of The First Man*

Yes, we Know that:

- *The First Man was The Cave Man*

The Cave Man was The First Man and so:

- *The History of Man on Earth Begins with*
- *The Story of The Cave Man*

## **The Story of The Cave Man**

Well, we All Know about:

- *The Story of The Cave Man*

Yes, The First Man on Earth was The Cave Man

We have Heard This and we think that It is True

And also we Could See that:

- *The First Man on Earth was The Cave Man*
- *And When He Started*
- *He had Almost Nothing*

The Cave Man, who was The First Man on Earth:

- ***Had Almost Nothing***

The Cave Man maybe didn't Even Have

Clothes to Wear

OMG

It was Probably Hard To Be The First Man on Earth

Whoa

## **Man Through The Ages**

So, as We say:

- ***It was Probably Hard To Be The First Man on Earth***
- ***and The Cave Man had Almost Nothing***

We can Imagine to Ourselves that:

- ***This is A Terribly Hard Way To Start***

Most of Us would Never Want To Face A Situation Like This:

- ***To Start from Scratch and Try to Invent Everything New***

Whoa, We Think that This is Too Hard

## **About Our Story**

So, This is Our Story:

- ***Developing Man During The Ages***

In This Story, We Come to See that:

- ***Since Man has been on Earth for A Very Long Time***
- ***and that Man has Made Many Many Good Things Over Time***
- ***then Man, or We as People, Have Come A Long Way***

We, as Man, have Grown and Learned Many Things Over Time

Since The Beginning, Man has Grown and Learned Very Much

*We See This*

*We Feel This*

*We Live with This*

*And We Use This All of The Time*

We See That:

- *Man has Not Only **Grown** with Many Man Made Useful **Objects***
- *But **We** have **Developed** The **Mind** of Man Also*

We, As Man, have Grown and Learned Not Only with Man Made Objects

But Also with Things of The Mind Too, like:

- ***Ethnic Definitions***
- ***Country and Boundary Definitions***
- ***Languages to Communicate***

We, as Man, have Grown and Learned Many Things Over Time

Since The Beginning, Man has Grown and Learned Very Much

## Developing Man FACTS LIST – Chapter Two

Author: Thomas Lloyd  
TheEvenMind

This is THE **FACTS LIST** for Our Story:

- ***Developing Man During The Ages***

We will Share The **MAIN Facts** about Our Story Here

We have Shared Our Story:

- ***Developing Man During The Ages***

It is Very Much About:

- ***The History of Man on Earth***

Since The History of Man is So Long, then:

- ***We Have Limited The Scope of Our Story***
- ***To The First Four Ages Of Developing Man***
  
- *the stone age*
- *the copper age*
- *the bronze age*
- *the iron age*

These **Four Ages**:

- ***Lasted A Very Long Time***
- ***and Man Developed A Lot***
- ***During These Four Ages***
  
- ***So We Have Limited The Scope of Our Story***
- ***To The First Four Ages Of Developing Man***

Also, We talk about:

- ***The Three Main Inventions Of Early Man***

## Chapter Titles For Our Story

Our Story is **Simple**

Yet, because it is:

- *So Great*
- *So Old*
- *and It includes **Us All***

then it takes A Few Chapters to Write It All Down

### **Chapter Titles:**

1. *The Story: Developing Man During The Ages*
2. *Developing Man FACTS LIST*
3. *Reasons To Read Our Story*
4. *Developing Man's Qualities and Skills*
5. *Defining The Four Ages Of Developing Man*
6. *The Stone Age*
7. *The Basic Needs of The Cave Man*
8. *Developing Man After The Stone Age*
9. *The Three Main Inventions Of Early Man*
10. *Developing Man Summation Review*
11. *POEM: The Tomato Lady*
12. *POEM: Tribute To Developing Man During The Ages*

We have Shared Our Story in These Chapters

## **Man Is On Earth For A Long Time**

Our Story is Based on The **MAIN Fact** that:

- **Man** has Been on Earth
- for A Very **Long Time**
- *Thousands and Thousands of Years*

Though We have Come A Long Way:

- **Man** Started Out Very **Basic**

Afterall:

- *The **Cave Man** Had Almost **Nothing***

**So:**

- *We Really Have Come*
- *A Long Way as **Man***
- *Since The **First Man***
- *The **Cave Man***

## **Man Has Developed A Lot Over Time**

- *All of The **Man Made Objects***
- *that We See Around Us All of The Time*
- *are From **Developing Man***
  
- *and The Many **Qualities and Skills** that We*
- *Cherish and Use in Our Lives Every Day*
- *are From **Developing Man***

So, in **Our Story:**

We Share That:

*We are Grateful to Man  
Over The History of Man  
for The Many Nice Things  
that We Find Around Us  
All of The Time*

Yay

*Our Story:*

- ***Developing Man During The Ages***

*is 120 Pages*

## Reasons To Read Developing Man During The Ages – Chapter Three

*Author: Thomas Lloyd  
TheEvenMind*

This is Our Article:

- ***Reasons To Read Our Story***

When We Refer to Our Story:

- ***Developing Man During The Ages***

We speak Mainly about ***The History of Man***

We know that:

- ***Man has been on Earth for A Very Long Time***

And We Also Know that:

- ***The First Man was The Cave Man***

When We See This, We See that:

- ***Man has Developed Over This Long Time***

*With The Many Man Made Objects that We See in The World Today,  
And The Intelligent Minds that Are Also Around,  
Then We Can have Good Interest in The History of Man*

We think that there are ***Good Reasons*** To Read Our Story:

- ***Developing Man During The Ages***

In Our Story, We speak Mainly about ***The History of Man***

### Seeing Man's Qualities And Skills

Over Time, Man has ***Developed*** Very Much

We All ***Love*** that:

- ***So Much is Available for Us in Our World***

Man has Made Many Intelligent Things that We See in The World

Some of The Things that Man has Made We See All of The Time:

- *Ethnic Definitions*
- *Country and Boundary Definitions*
- *Languages to Communicate*

We See these Things and Appreciate Them All Over The World

It Sure is Good that All of Us can Live an Intelligent Life

In Every Country in The World:

- *There Are Man Made Objects that We Use and Love for Common Purposes*

## **Us And The Basic Things**

When The First Man Lived:

- *Everything was So Basic*

Everything that *Man* did was *By Hand*

Also, too, let Us Remember about Basic Things:

- *The Basic Things in Life*
- *Like Food, Water and Shelter*
- *were Not Available in The Beginning like They Are Now*

So, if We Think about It:

- *The Basic Things in The World Are A Great Joy for Us*

*The Basic Things Are The Things that We Really Need*

*These Basic Things, like:*

*Food, Water and Shelter*

*have Become Available for Us During The History of Man*

## Thinking About The Basics In Life

All through *Our Day*, We have to:

- *Keep an Eye on The Basics*

We *Know* This in Things like:

- *Rest*
- *Nutrition*
- *and Inspiration*

And The *Most Basic Things* of All are:

- *Basic Things like*
- *Food, Water and Shelter*

*Without These Basics in Life, We would Be Nothing*

We *Need* The *Basics* to *Maintain* Our Life on Earth

This is Each and Every Day

These *Basic Things* that We *Need*:

- *Have Been Needed by Every Man Since The Beginning*

*Even The Cave Man had to:*

*Find These Things for Himself Everyday*

*whoa*

## Seeing The Objects In The World

In This Article, Our Story:

- *Developing Man During The Ages*

We say that We *See* So Many *Man Made Things* in The World

*And, also, when We talk about **The Basics**, even:*

*Food, Water and Shelter*

*these Are **Basic Things** that have **Evolved** through **The Growth of Man***

We Are So **Thankful** for Our **Things**, like:

- *Cooking*
- *Laundry*
- *Furniture*
- *Technology*

We See So Many Beautiful **Man Made Things** in The World Everyday

*Since These **Things** were Not Available in **The Beginning**:*

*Then Let Us talk A Little about **Our Marvelous Things***

*The **Man Made Things** that We See in The World Everyday*

## **The List Of Good Things**

With So Many **Things** in The World Around Us:

- *We could Easily **Forget** How Important The **Basics** Are*

*All of The **Man Made Things** Are **Great**, yet They Are **Only A Part** of:*

*All of The **Many Things** in The World*

*With So Many **Pieces** or **Objects** that We See in The World Today:*

*Some Are **Exceptionally Useful** or **Dear To Us***

We can Use **examples** like:

- *Hunting*
- *Cooking*
- *Fire*
- *The Wheel*
- *Printing*

*These are **Common Things** for Us:*

*Yet They were **Very Hard** to **Discover** in **The Evolution of Man***

*And These **Things** did **Not Exist** in **The Beginning***

Let Us talk A Little about These **Basic Tools** for **Man**

### ***Hunting***

In **The Beginning**, like with The **Cave Man**:

- ***The Basics were Needed***

The Cave Man had to:

- ***Hunt to get his Food***
- ***So He would Gather Food Each Day***

### ***Cooking***

The Cave Man had To **Invent Cooking**:

- ***in Order To Eat Cooked Food***

He Needed Food, Water and Fire in Order To **Cook** His **Food**

### ***Fire***

The **Cave Man** had to **Find Out How To Invent Fire** for His **Cooking**

It is said that:

- ***The First Fire was Made by***
- ***Rubbing Two Sticks Together***

If This is **True**, then:

- ***The Cave Man had To Invent***
- ***Fire for Cooking***

He would have Used The **Fire** for **Other Things** also

We See **Fire Used** Even Today for **Things** like:

- *Cooking*
- *Curing*
- *Preparing things*
- *Purifying*
- *Cleaning*

The **Invention of Fire** for **Cooking** is Still **Valuable** for Us **Now**

## **The Wheel**

The **Invention** of **The Wheel** must have Taken **A Long Time** to **Figure Out**

*In Truth, before The Invention of The Wheel:*

**Everything** had to Be **Carried by Hand**

*Whoa, Things Must have Been Slow Then*

The **Wheel** has Proven to **Be So Fortunate** for **Us**

We **See** It in **Things** like:

- *Cars*
- *Bicycles*
- *Horse Cart*
- *Spinning Cloth*
- *Milling Grain*
- *Even The Ferris Wheel at The Circus*

The **Invention** of **The Wheel** has Proven to **Be So Fortunate** for **Us**

We **See** It Often in **Things** like **Transport or Mobility**

## **Printing**

When We **think** about **Printing** These Days:

- *There Are So Many Examples that We Can Think of*

We *know*:

- *The Magazine*
- *The Newspaper*
- *Labels on Cans*
- *Letters in The Mail*

There Are So Many *Examples* of *Printing* that We Can *Think* of *Today*

It was *Hard To Develop Printing*:

It was *Not There in The Beginning*

It took A *Long Time* for *Man* to:

- *Invent Language*
- *and A Written Alphabet*

Then, after *Inventing* These:

- *Man had to Develop Type Characters*
- *Little Wooden or Metal Pieces with Alphabet Characters on Them*

When These were *Assembled*, or *Invented*:

- *Man had To Invent*
- *The Printing Press*

With The *Invention* of *The Printing Press*, *Man* could:

- *Assemble Pages with Ink*
- *and Print The Things that have Developed Over Time*
  
- *The Magazine*
- *The Newspaper*
- *Labels on Cans*
- *Letters in The Mail*

*And Man has Learned to Print Many Things*

*Even in Various Languages*

## Us Seeing These Things

When We *Look Around* in *The World* Today:

- *These Things Are Around*

Our *Examples* are:

- *Hunting*
- *Cooking*
- *Fire*
- *The Wheel*
- *Printing*

*Man has Invented These Things:*

*They are Not Included as Part of The Creation*

*Man has Invented These Things*

We See These Things Around Now:

- *And The Whole World does too*

These Are *Things* that:

- *We See Now*
- *The Inventors Before Us did See Too*
- *And They Continue for A Long Time*

*And, as Useful and Common as These Things Are:*

*These are The Things That Are Basic  
That We Call Common*

*whoa*

## Being Thankful To Man Over Time

Well, as We *say*:

- *We Sure are Grateful for The Many Good Things that have*
- *Developed with Man Over Time*

*Of All of The **Good Things** that We **Know**:*

*Many Are **Man Made Things***

*And, also, These **Things** have **Developed Over Time***

*These **Things** are **Not Easy** to **Develop**:*

- *So We Are **Thankful To Man** for These **Things***

### **About The Qualities And Skills Of Man**

*Since These **Things** that We **See** Today were **Not Easy** to **Develop**:*

- *Then We are **Grateful to Man Over Time** for Providing These **Things** for Us*

***Man** Must have **Tried and Tried** for **A Long Time** on These **Things***

*We don't Know **How Long** These **Things** took to **Develop**:*

*But Most of **Them** probably took **A Long Time** to **Get Here***

*So We **Stand in Wonder** About:*

- ***The Qualities And Skills Of Man***

***Man** has **Made** So Many **Great Things** Over **Time***

*So, as We All **See** This, then:*

*We are **Grateful to Man Over Time** for Providing These **Things** for Us*

*We **Love** The **Qualities and Skills** Used by **Man** Over **Time***

### **Man Growing And Learning Over Time**

*The **Strengths** and **Skills** that **Man Developed** Over **Time** Helped Him*

*They Helped Him To **Grow**  
and To **Learn** As He **Grew***

So He probably Got *Inspiration* for These *Things*:

- *It is Good that Man Developed Good Qualities*
- *and We are Grateful to Man Over Time for Providing These Things for Us*

These *Qualities and Skills that Man Developed and Used Over Time*:

*Are Good Skills, and Are Also*

*Qualities and Skills That We still See in The World Even Now, Today*

## **ENDING**

So, This is Our Article:

- *Reasons To Read Our Story*

We *See* that *Man* has *Developed A Lot Over Time*

Man has *Been* on Earth for A *Very Long Time*, and We *See* That:

- *There Are Many Nice Things that He has Contributed for Us*

*With The Many Man Made Objects in The World that We See:*

*Also We See The Intelligent Minds that Are Around Now*

*The Knowledge and Wisdom that We See Around Us has Developed Over Time with Man*

And So We *Offer* Our Story:

- *Developing Man During The Ages*

We Do *See* that *Man* has *Developed A Lot Over Time*

## **Man's Worth On Earth**

*The World that We Know is The Creation:*

- *Man is Just One Part of The Great Creation*

*With Man's Many Man Made Things and His Evolved Intelligence:*

*Man has Accomplished A Lot*

*This is Wonderful*

By **Growing and Developing** So Much Over **Time**:

- **Man has Found His Worth on Earth**

With Both **Body and Mind**, **Man has Developed**

**He has:**

*developed*  
*coming forward*  
*developing*

*one step at a time*  
*gradual*  
*many things hand made*

**So We See Man's:**

*caring*  
*attention to detail*  
*making fine from refined*

And **This Has Gone On** For **A Long Time**

- **On and On and On**

**Reasons To Read Developing Man During The Ages**

## Developing Man Qualities and Skills – Chapter Four

Author: Thomas Lloyd  
TheEvenMind

This is Our Piece called:

- ***Developing Man's Qualities and Skills***

As we have **Shown** in Our Story:

- ***Man has been here On Earth for***
- ***A Very Long Time***

This is:

- ***Thousands and Thousands of Years***

Most of **Us** have **Learned** about This while We **Grew Up**

**Man has been on Earth for A Very Long Time**  
**And, since We know such A Long Time of Man on Earth**  
**then we see that Man has Developed Over This Long Time**

So, in This Piece:

- ***Developing Man's Qualities and Skills***

We would **talk** about:

- ***Man's Qualities and Skills***
- ***like The Abilities and Talents that We see in Man***
- ***which have Developed Over This Long Time***
- ***of Man on Earth***

### Talking About Man's Qualities And Skills

We have mentioned along Our Story:

- ***The Development of Man During The Ages***

And This is not just **Physical**:

- **Man** doesn't **Look** the **Same** as
- **In The Beginning**

For **example**:

**Man** has **Developed**  
**Cultures** and **Creeds** of **People**  
**Races** of **People**

Over **Time**, there have **been**:

**Many Many People**  
who have **Walked** on **Earth** as **Man**

And since Our Piece here is about:

- **Man's Qualities And Skills**

We would **mention** that:

- **Man** has **Developed**
- **Many Qualities And Skills**
- **During This Long Time** on **Earth**

**Man** has **Developed** so  
**Many Qualities And Skills**  
**During His Thousands** and **Thousands of Years**  
**On Earth**

## **Reviewing Man's Achievements On Earth**

We have said in Our Story that:

- **During This Long Time** on **Earth**
- **Man** has **Developed**
- **Many Qualities And Skills**

We have said that:

- **When Reviewing This Long Time** of **Man** on **Earth**
- **There are A Few Things** that We would **Remember**

*For example:*

We see that  
Many **People** are

**Born** here  
**Live** here  
and **Circulate** here

So, with **This**:

- then there is **More to Man** than just **Spending Time here**

**Afterall:**

When We see  
So Many **Things** that Have **Developed for Man**

**Man Made Objects**  
**Man's Ways to Interpret Nature**  
or **Man's Ways to Live Together** with **Other Men**

*The **Developing of Man** Over **Time** has been **Great***

Man has **Achieved** Many **Good Things** since **The Beginning of Man**

We see **Man on Earth**  
We see **Man's Knowledge**  
We see **Man's Abilities**

So We Do **see**:

- *The **Developing of Man's Qualities and Skills***

**Looking At Man's Qualities and Skills**

We See that **Man** has **Learned** Very Much **During The Ages**

**We have Learned:**

how to **Grow Crops**  
to make Clean **Drinking Water**  
or Count **Time** with Things like **Clocks**

There is More to ***The History of Man*** than just ***Spending Time*** here

***Man*** on Earth has ***Learned*** and ***Grown*** So Much Over ***Time***

We see ***These Qualities and Skills of Man***:

- *All Around Us*
- *All of The Time*

And, ***also***:

- We even ***Have Some of These Qualities and Skills***

So it's ***Good*** for ***Us*** to ***See*** and ***Know***:

- *These Qualities and Skills that Man has Developed Over Time*

## **Types Of Qualities and Skills Of Man**

Here We will just ***mention***:

- *Two Classes of Qualities and Skills of Man*
- *Developed Over Time*

## **BASIC QUALITIES:**

We see In Our ***World*** Some of ***These***:

- ***Basic Qualities and Skills of Man***

We see ***Man's***:

- *drive*
- *determination*
- *gumption*
- *dedication*

These ***Qualities*** were ***Not There*** for ***The First Man***

- ***Man on Earth has Learned and Grown So Much Over Time***
- ***During His Thousands and Thousands of Years Here***

And We have ***Made it*** Through All of This ***Time***:

***Developing and Using These Basic Qualities***

## Learning These Basic Qualities

So, when We *see* These *Qualities* in *Us*:

- *drive*
- *determination*
- *gumption*
- *dedication*

We are **Grateful** to **Man** for:

- *His Caring*
- *Sharing*
- *and Consideration*
- *that We are Also Included*
- *with These Qualities*
- 

The **First Man** had to:

- *Learn and Develop These*
- *Basic Qualities and Skills*
- *from The Beginning*

## Linking These Basic Qualities and Skills Together

An interesting **Point** to Make here is **that**:

Besides **Learning and Developing**  
These **Basic Qualities and Skills**

**Man** had to **Learn**:

The **Full Value** of  
These **Basic Qualities and Skills**

For **example**:

- *It is **Hard***
- *To Get **Intelligent***

**Man** had to:

- ***Link These Basic Qualities and Skills Together***
- ***in Order to***
- ***Get Things Done***

Then These **Basic Qualities and Skills**:

- *drive*
- *determination*
- *gumption*
- *dedication*

Would have been:

- ***Tools for Man to Use***
- ***in His Growing and Developing Over Time***

## **How Man Linked These Basic Qualities and Skills Together**

In Order to:

- ***Get Things Done***

**Man** had To **Complete Tasks**

These could have been:

**Tasks** like:

- *Hunting*
- *Chopping Wood*
- *Cooking*
- *Managing The House*

**Man** had to:

- ***Apply These Tools to His Daily Tasks***
- *drive*
- *determination*
- *gumption*
- *dedication*

He had to:

- *get inspired*
- ***understand*** what was needed
- *spend some **time** on each **task***
- ***and complete the task***

**Also**, He might have had to:

- **Link The Daily Tasks Together**
- **to Make His Day**

OMG

It must have **been**

**Hard for Man To Learn and Develop**  
**These Basic Qualities and Skills**  
while He was  
Busy **Living His Day**  
and It's **Tasks**

Whoa

**This Means That Man Became Intelligent**

So, by **mentioning**:

- **These Basic Qualities and Skills**
- **that Man has**
- **Learned and Developed Over Time**

Then We **see** that, **Somehow**:

- **Man Became Intelligent**

So **Man Became Intelligent Over Time**  
with His **Basic Qualities and Skills**

**Man Learned and Developed**  
**These Basic Qualities and Skills**  
and **Also**  
**Applied Them as Tools**  
for **Getting Things Done**

**Man on Earth has Learned and Grown So Much Over Time**

and He has **Somehow Gotten Intelligent Along The Way**

Yay!

## **Additional Qualities and Skills That Man Has Developed Over Time**

Beside Listing:

- *These **Basic Qualities and Skills***
- *that **Man has Learned and Developed Over Time***

There are **also**:

- ***More Advanced Qualities and Skills of Man***

Remember that We **said** that:

- ***Man has Somehow Gotten Intelligent Along The Way***
- ***Through So Many Many Years Here***

Well, with **This Intelligence**, We see:

- ***More Advanced Qualities and Skills of Man***

For **example**:

**Man has Learned and Developed**

**Languages and Communication**

**Everywhere That Man Goes:**

**He talks with Others**

**People speak in Different Languages**  
**All Over The World**

**And They Speak This To Each Other**

**Whoa**

**Man has Learned and Developed This:**

- ***These Things were Not There***
- ***In The Beginning***

## **Man Dealing With Other Men**

This *Development of Language*:

- *Has been A Fantastic Accomplishment of Man*

We see *Man with Languages* Everywhere:

*His communication  
spoken languages  
interpreting  
even **listening** itself*

*His cooperation  
His **working things out** with people*

*This would be:*

*The **More Advanced Qualities and Skills of Man  
Learned and Developed Over Time***

## **Man's Intelligence By Discovery**

Since We see that:

- *Man has **Learned and Developed***
- *These **Qualities and Skills Over Time***

We can mention here:

- *The **Process of Discovery***

*Since **Man has Somehow Gotten Intelligent Along The Way  
He Had to Discover New Things Over Time***

*In Order To **Discover New Things** in His Life:*

***Man had to Learn and Develop  
and also Apply  
These Qualities and Skills Over Time***

For *example*:

- ***Around Us***
- ***All of Our Lives***

We see:

- **Man's adaptability**
- *to intuit*
- *discipher*
- *understand*
- *comprehend*

These **Abilities Man:**

- ***Learned and Developed Over Time***

## **The Full Value of Man's Intelligence**

So We have **said** that:

Besides **Learning and Developing**  
These **Qualities and Skills Over Time**

**Man** had to **Learn:**

The **Full Value** of  
These **Basic Qualities and Skills**

He had to:

Take These **Qualities and Skills**  
As His **Tools**  
and **Apply** Them  
To **Use** Them

**Man** has **taken** His:

**Learned Qualities and Skills**  
into **Application**  
in Order To **Get To**  
**A Product**

An **example** would be:

- *how to **Grow Crops***
- *to make Clean **Drinking Water***
- *or **Count Time** with Things like **Clocks***

***Man has Grown and Developed Over Time:***

***His Qualities and Skills  
Both Basic and Advanced  
His Traits and Abilities  
His Communication  
and His Ability to Manage His Life***

***There are So Many Nice Things that We See  
in The World around Us  
That Man has  
Learned and Developed Over Time  
Both Physical and Mental***

**NOTE:**

We have said that:

- ***Man has Learned Many Good Qualities and Skills Over Time***

**Also, that:**

- ***We are Grateful to Man***
- ***for Sharing These Treasures with Us Over Time***

***These Qualities and Skills of Man, however:***

***Were Not Available for  
The First Man***

***Over Time, These Fine Qualities and Skills of Man have been:***

***Learned  
Developed  
and Applied by Man***

**Yet, in The Beginning:**

- ***These Fine Qualities and Skills were Not There***

**Man had to:**

- ***Learn and Develop These Tools Over Time***
- ***They were Not There in The Beginning***

These ***Fine Qualities and Skills*** have been:

- ***Passed Down Over Time***

***The Early Man did Not Have The Things that We Know So Well***

***He did Not Have:***

*appliances*  
*furniture*  
*utensils*  
*gadgets*  
*jewelry*

***He did Not Have Many of The Things that We Know So Well Now***

## **Reflecting On The Qualities Of Man Over Time**

***So, seeing These Wonderful Qualities and Skills of Man:***

***Learned and Developed Over Time***  
***Both Physical and Mental***

***We are Grateful to Man***  
***for Sharing These Treasures with Us Over Time***

***We see These Qualities Everywhere We Go***

***All of The People in The World are Grateful for:***

***These Shared Treasures***

***And when We see These Great Things Around:***

***We Recognize Them***  
***We Appreciate Them***  
***and For Sure***  
***We Use Them***

***So We Do See that:***

***These Qualities and Skills of Man have Value***  
***That They are Worthwhile***

## **Our Good Life With The Qualities and Skills of Man**

Ever since We are **Born**:

- We **see, Recognize and Use**
- These **Qualities and Skills of Man**

We **see** The **Qualities and Skills of Man** Around Us:

*drive*  
*determination*  
*gumption*  
*dedication*

They **Help** and **Inspire Us**:

to Our **purpose**  
towards Our **prosperity**  
to Our **liberty**

**With** These **Qualities and Skills of Man**, He could:

*relax some*  
*find free time*  
*find time to himself*

He could **find**:

*time to think*  
*to rest*  
*to relax*  
*to take a breath*

He could **Find**:

*time to dream*  
*to imagine*

And, **with** These **Developing Qualities and Skills**:

he could **plan**

## Man Learning Territorial

With So Many *Qualities and Skills*:

- *Developed Over Time*
- *Man has Learned Territorial*

Since He *Got* So Many of *These Good Tools*, Over *Time*:

- *Man has Learned*
- *To Guard His Stuff*

Afterall, *Man* Uses His *Tools* for His *Daily Tasks*

- *he must think*
- *plan*
- *and act*

*Man* Uses His *Tools* To Accomplish His *Daily Duties*

*These Tools of Man*:

*Are Useful For Man*

*he guards himself*  
*he is the worker*

*they help him with self defense*  
*he manages his duties*

*he uses the territorial*  
*to protect him*  
*and his liberty*

*he manages his tasks*  
*and if he is earnest*  
*he can continue this*  
*as the worker*  
*he can sustain this*

*this can help him*  
*to fuel him*

*to gain inspiration*  
*to motivate him*  
*to be good*

## **Man As Inspired**

*Yes, Man's Qualities and Skills Help Him*

*he can **think** of a goal  
he can **plan***

*he can **find**  
a **purpose** for his goal*

*we **need** inspiration  
for **ourselves**  
for our **enthusiasm**  
we **need** it*

*and so  
**man is inspired***

*we **see** it  
by his **qualities and skills**  
**learned and developed**  
over **time***

# Defining The Four Ages Of Developing Man - Chapter Five

Author: Thomas Lloyd  
TheEvenMind

## Lead Up To The Ages of Man

This is Our Article called:

- ***Defining The Four Ages Of Developing Man***

In This Article We shall Cover The ***Three Main Topics***:

- *Mention The Start of Man*
- *The Beginning Four Ages of Man*
- *The Three Big Inventions of Man*

We All **know** These Things:

They are **Familiar** when We  
See or Hear about Them

*Mention The Start of Man*  
*The Beginning Four Ages of Man*  
*The Three Big Inventions of Man*

## The Start of Man

Well, as We have said:

- *We Wish to Cover Our **Three Main Topics***
- *Starting from **The Beginning***
- *The Start of Man*

Since These Topics are **Familiar** to Us:

- *then We **Remember** that*
- *The First Man was*
- *The Cave Man*

**The First Man, The Cave Man:**

**Existed or Lived in**  
**The First Age of Man**  
**The Stone Age**

This Age, The Stone Age:

- *Was at The **Very Beginning***

And, We can Remember, that:

- *In The **Very Beginning***
- *The Stone Age*
- *Man had Almost **Nothing***

*The **Cave Man**, in The **Stone Age**:*

*The Very First Age of Man  
had to **Deal** with **Nature** Directly*

*He had **No Choice**:*

*but To **Deal** with **Nature***

*It really was, then:*

*like The Old Saying  
**Man against Beast***

*He had to **Fight** for:*

***Everything** that He got*

*Whoa*

*We Tremble at Thinking of This Now*

*Whoa*

*He had to **Fight** for:*

- ***Everything** that He got*

*But, One Thing for **Sure** is:*

*That We Think that  
He **Made it**  
because We **See** Him  
**in History Now***

*Yay, then, For The Cave Man*

*It Seems that He has Made it Still*

## **The Cave Man In The Stone Age**

Well, moving Right Along:

We See that:

- *The Cave Man did Exist*
- *He is In Our History of Man*

We are **Glad** that He **Made it**:

- *and that We Remember Him Fondly*

Also, **Technically**:

*Since The Cave Man did Exist  
and Continued for Us  
even Until Now  
then His Time Period is Called  
The Stone Age*

*The First Age of Man:*

*is Called  
The Stone Age*

*So, The Cave Man Lived In The Stone Age:*

*The Stone Age is The First Age of Man*

## **About The Stone Age**

The **First Age of Man**:

- **The Stone Age**
- *was At The Very Beginning of Man*

*It must have been:*

*Very Difficult During The Stone Age*

During **The Stone Age**:

**Man** had to **Fight** for  
**Everything** that He got

For **example**:

During **The Stone Age**

**Man** had to  
eat  
drink  
and sleep everyday

This may **Sound Easy** for Us:

but In **The Beginning**  
**Man** had to **Fight** for  
**Everything** that He got

So, He had to:

- get **food** from somewhere
- find **drinking water** that was safe to drink
- and find a place to **sleep** that was safe

whoa

If It was **Hard** Then:

**Man** Must have had  
**A Difficult Time**

And This was for:

**Every Day** of His Life  
Over and over and over

In **The Beginning**:

**Man** had to **Fight** for  
**Everything** that He got  
Especially in **The Stone Age**

## **The Difficulties For Man In The Beginning**

When The First Man **Started** in **The Stone Age**:

- *It was A **Difficult Time***
- *and He had to **Gather** His **Supplies** Daily*

By His **Supplies**, We mean:

- *Man had to*
- *eat*
- *drink*
- *and sleep everyday*

And since **The First Man**, **The Cave Man**:

was **There**  
in **The Beginning**

Then He had it  
as **Hard** as it possibly **Could Get**

It was Up to Him to **Cover** His **Basic Needs**:

He had to  
eat  
drink  
and sleep everyday

These were His **Basic Needs**

We talk about This in Our Article:

- **The Basic Needs Of The Cave Man**

## **ENDING**

We have Many **Things** Around Us Today that **The Cave Man** did Not **Have**

We have **Things** like:

appliances  
furniture  
utensils  
gadgets  
jewelry

*And The **Cave Man** did **Not Have** Any of These **Things***

*He had to **Learn Things** from **Scratch**, from **The Beginning***

And since The First Man, The Cave Man:

- *was **There***
- *in **The Beginning***

Then He had it:

- *as **Hard** as it possibly **Could Get***

So We **See** that:

*The **Cave Man** did **Exist**  
He is In Our **History** of **Man***

*We are **Glad** that He **Made it**:*

*and that We **Remember** Him **Fondly***

## **Continuing Our Story**

So, to **Conclude** This Article:

- ***Defining The Four Ages Of Developing Man***

*We **See** that We have **talked** about Our **Topic**:*

*Mention The Start of Man  
The Beginning Four Ages of Man  
The Three Big Inventions of Man*

*The **First Man**, The **Cave Man**, Did **Exist***

*We have **Introduced**:*

***The First Four Ages of Man***

*the stone age  
the copper age  
the bronze age  
the iron age*

***The Stone Age was The First Age of Man***

So, as We ***Move Along*** with Our Story, We will talk ***More*** about ***These Things:***

- *Mention The Start of Man*
- *The Beginning Four Ages of Man*
- *The Three Big Inventions of Man*

This ***Proves*** to Be An ***Interesting Story***

About ***The History of Man***

# The Stone Age – Chapter Six

Author: Thomas Lloyd  
TheEvenMind

This is Our Article called:

- ***The Stone Age***

In The Very ***Beginning*** of ***Man***:

- *When The **First Man** Started*
- *When **Nobody** was **Here** Before*
- *That was **The Stone Age***

***The Stone Age*** was:

- *The **First Recorded Age of Man***

It was in ***The Stone Age*** that We Started ***Recording***:

- ***The History of Man***

## About The Stone Age

Since The Stone Age was:

- ***The First Age of Man***

then We can ***See*** that:

- ***It Came A Long Time Ago***

The Stone Age is said to be:

- ***Thousands and Thousands of Years Ago***

whoa

We can hardly ***imagine***:

***Such A Long Period of Time***  
***Thousands and Thousands of Years Ago***

And, since *The Stone Age* was:

**So Long Ago**  
**Thousands and Thousands of Years**

then It is **Called:**

**Pre Historic**

So, as We say:

- *The Stone Age* was **Pre Historic**
- **So Long Ago**
- **Thousands and Thousands of Years**

### **In The Pre Historic Times**

The **Times** of The Stone Age were:

- *The Pre Historic Times*

This Means that:

- *In The Pre Historic Times*
- there was Not Much **History of Man**
- that Came **Before**

When The First Man **Started:**

there was **Not Much** that **Man Knew**

Then this would **Show** that:

**In The Pre Historic Times**  
The **Times** of The Stone Age  
It was **The Beginning** of  
**The History of Man**

And, in Those **Times:**

**The Pre Historic Times**  
The **Times** of The Stone Age  
**So Long Ago**  
**Thousands and Thousands of Years**  
**Man** knew Almost **Nothing**

So, in ***The Beginning***:

- *There was **Not Much History of Man** that Came **Before Him***

So **Man** knew Almost **Nothing** in ***The Beginning***

## **Man In Those Early Times**

So, The First Man was ***There***:

- *In **The Beginning***

Since Those **Times** were:

- *The **Very Beginning of Time***
- ***The Beginning of The History of Man***
- *then **Man** was Probably **Alone***

And, if **Man** Started **Alone**:

- *In Those **Ancient Times***
- *with **Not Much History of Man** that Came **Before Him***
- *and **knowing** Almost **Nothing***
- *then it **Must** have been*
- ***Difficult for Him***

We Think that It was **Difficult for Man** in ***The Beginning***

and that He was **Alone**

## **What Man Did In The Beginning**

Since **Man** was Probably **Alone**:

*In Those **Ancient Times**  
with **Not Much History of Man** that Came **Before Him**  
and that it was **Difficult for Him**  
then He Probably had to  
**Start Learning Things***

*Afterall, if:*

**Man was Alone**  
*In Those **Early Times***  
*with **Not Much History of Man** that Came **Before Him***  
*then He Still Needed to*  
**Cover His Basics**

*It is **The Basic Things***  
*that We **Need** and **Do** Each Day*  
*in Order to **Make***  
*Our **Life on Earth***

*So, as **We Need to Do This***

*Also The **Cave Man, The First Man***

*Had to **Do It Too***

## **How We Live Life**

So:

- *The **Cave Man** was*
- *The **First Man***

He had to **Cover His Basics:**

- *The **Basic Things***
- *that We **Need** and **Do** Each Day*
- *in Order to **Make***
- *Our **Life on Earth***

*The **Basic Things**, that We **Need** and **Do** Each Day, are:*

**Important for Us**  
*and The **Cave Man** had to **Do Them Too***

*These **Basic Things** are **Our Needs:***

*The **Things** that We **Need***  
**To Survive**

An **example** of Such **Needs** are:

- *food*
- *water*
- *warmth*
- *shelter*

These are **Our Basic Needs** and The **Cave Man** had Them Too

These are The **Things** that We **Need to Survive**

- *food*
- *water*
- *warmth*
- *shelter*

**Each Day**, when We **Cover These Needs**:

We **Feel OK**

## **The Cave Man Starting Out**

Since, **At First**:

- *The **Cave Man** was **Alone***
- *then He had to*
- ***Discover The Basics***

The **Cave Man** apparently had to:

- ***Start from Scratch***
- *with **Not Knowing Anything***

**But Still**:

*The **Cave Man**, The **First Man**  
had to **Cover His Basics***

*The **Basic Things**  
that We **Need** and **Do** Each Day  
in Order to **Make**  
Our **Life on Earth***

food  
water  
warmth  
shelter

*If He Covered These Needs:*

*then He would Feel OK*

## **NOTE About The Basic Things**

*When The Cave Man Started:*

*He was Alone  
In Those Early Times  
with Not Much History of Man that Came Before Him*

*He Probably had A Difficult Time*

*He did Not Have Many of The Things that We see Commonly These Days*

*An example would be:*

*appliances  
furniture  
utensils  
gadgets  
jewelry*

*The Cave Man had to Start from Scratch, with Almost Nothing:*

*so He Really did Have to  
Focus on The Basics*

*It Must have been Difficult for The First Man, The Cave Man*

*In The Stone Age*

*We will talk More About:*

- *The Basic Needs of The Cave Man*

# **The Basic Needs of The Cave Man – Chapter Seven**

*Author: Thomas Lloyd  
TheEvenMind*

This is Our Article:

- ***The Basic Needs of The Cave Man***

We have talked about:

- ***The Cave Man***
- ***The First Man on Earth***

We **know** about Him from:

***The Very Beginning of Time***  
***The Beginning of The History of Man***

***In The Beginning***  
***In The Stone Age***

In this Article:

- ***The Basic Needs of The Cave Man***

We will **look** at ***The Cave Man***  
Who had to **Start from Scratch**  
with **Almost Nothing**  
and **See** about Him  
**Covering His Basic Needs**

***The Basic Needs of The Cave Man***

***The First Man on Earth***

**The History of The Cave Man**

Since The **Cave Man** was **The First Man** on **Earth**:

- ***then He Must have Covered His Basic Needs***

We **Remember** The **Cave Man** from:

**The Stone Age**

**The Very Beginning of Time**

**The Beginning of The History of Man**

Previously We had **mentioned** These **Basic Needs** as:

- food
- water
- warmth
- shelter

And **Now**, when **Looking Back**, We **See** that:

**The Cave Man**

**The First Man on Earth**

**From The Very Beginning of Time**

**The Beginning of The History of Man**

**Did Cover His Basic Needs:**

food  
water  
warmth  
shelter

**The Cave Man was The First Man:**

**The First Man on Earth**

**and The First Man to Cover His Basic Needs**

food  
water  
warmth  
shelter

Yay

## **The Cave Man Finding His Basic Needs**

Well, **looking** at Our **List of Basic Needs**:

- **The First Need is Food**

In Order to **Satisfy** Himself, The **Cave Man** had to:

- **Look around Where He Lived**
- **and Find Some Food**

We All **know** that **We Need Food to Live**:

**Every One of Us**

The **Cave Man** had to **Do This Too**:

**Look around Where He Lived**  
**and Find Some Food**

He had to **Figure Out His Location**:

**Where He Lived**  
**and Find Some Food**

And since He probably **Lived in Nature**, then:

He had to **Learn**  
**Man's Ways to Interpret Nature**

## **The Beginning FACT**

The **Cave Man** had to:

- **Start from Scratch**
- **and Look around, Where He Lived**

He **Needed** to:

- **Find Some Food**
- **Food that was Safe to Eat**

The **Cave Man** was **The First Man**

And He **knew Almost Nothing**

## **How The Cave Man Finds Food**

In *The Beginning*, as *The Cave Man*:

- it was **No Easy Task to Find Food**

Since *The Cave Man*:

- probably **Lived in Nature**, then
- He had to **Learn**
- **Man's Ways to Interpret Nature**

**Also**, We **Think** that:

- He **knew Almost Nothing**

*The Cave Man* had to **Look around**, Where He **Lived**:

and **Find Some Food**

**Food** that was **Safe to Eat**

This **Means** that:

If He didn't **Know The Food** from **Before**  
if He had **Never Tried A Food Before**  
then He probably had to **Test Food**

*The Cave Man* had to **Find Some Food** that was **Safe to Eat**

He had to **Do** This:

- **And Survive Too**

**Nobody** wants to **Die from Food**

**No**

For *The Cave Man*:

At **The Start of History of Man**

**Finding Food** was probably **No Easy Task to Do**

## **Types of Food For The Cave Man**

The **Cave Man**, who probably *Lived* in *Nature*:

- *Had to Choose from The Nature*
- *and Find Something to Eat*

For The **Cave Man**, there could have **been**:

many **plants**  
**fruits**  
or maybe **meat to eat**

And, **if** He was **Hungry**, then:

He had to **Choose**  
from many **plants**  
**fruits**  
or maybe **meat to eat**

He had to **Choose Foods**:

That He Could **Eat**  
maybe **Eat Regularly**  
And **Survive Too**

**Nobody** wants to **Die from Food**

The **Cave Man** had to **Determine**:

- *what to eat*
- *how much to gather*
- *and carry it home*
- *to where he lived*

many **plants**  
**fruits**  
or maybe **meat to eat**

## **About Meat To Eat**

If The **Cave Man** gathered **Food**:

- *mostly plants*
- *or fruits*
- *then it could be Possible for Him*

**People** find a **Way** to **gather**:

- *many plants*
- *or fruits*

But to **gather Meat** to **Eat**:

- *is Much More Difficult*

In Order to **gather Meat**:

- *animal products*
- *meat*
- *flesh*

**Man** would have to **Hunt**

It is Much **More Difficult** to **gather Meat** to **Eat**

## **Ways To Gather Meat**

If The **Cave Man Chose** to **gather Meat**:

- *to **hunt** animals*
- *then He **Needed***
- *a **club***

He would **have to**:

***beat** the animal  
to **get** the meat*

It is probably **Too Hard** to:

- ***hit** an animal with a **rock***

He probably **Used A Club** to **gather Meat**

## **Besides Gathering Meat To Eat**

Many **Things** were **Not Available** for The **Cave Man**

Since He was:

In **The Beginning**  
The **Stone Age**  
The **First Age of Man**

It was **Difficult** to **gather Food**

He had **No**:

bow and arrow  
arrow head

no **way** to cook  
no **way** to chop wood  
no **fire**

He probably Had a **Bad Time** Finding:

**Drinkable Water** Too

We Must **Always Be Careful** about The **Water**

## **The Cave Man Finding Warmth**

On His **List of Needs**:

- food
- water
- warmth
- shelter

The **Cave Man** Needed **Warmth**

If it got **Cold** where He **Lived**:

- The **Cave Man** had to Find **Warmth**

We don't **know** How He **Did** This

He had **No**  
**way** to chop wood  
no **fire**

It was probably **Difficult** for The **Cave Man** to Find **Warmth**

He probably had **No**:

clothing  
animal skin  
fur  
jacket

It was probably **Difficult** for The **Cave Man** to Find **Warmth**

He **Must** have **Made it**, though:

Because **We Remember** The **Cave Man Fondly**

### **The Cave Man Being Territorial**

As **Time** went **by**, The **Cave Man** probably **Grew**

He probably:

- **learned** some foods
- **gathered** foods
- **drank** water
- **stayed** warm enough
- and **figured out a place** to stay

If He **Stayed** in The **Same Place** Regularly:

Then He probably had to **Protect His Things**

**Nobody** wants Their **Things** to **Disappear**

**So**, as He got **Used to His Place**:

He probably became **Territorial**

He didn't want to **Lose His Things**:

- to birds of prey
- insects
- vermin

So We Think that:

- *He Tried to **Protect Them***
- *His **Things***

He probably **got**:

- *defensive*
- *protective*
  
- *for his **tools***
- *his **property***
- *or his **kin***

It was probably **Difficult** for The *Cave Man* in The *Early Times*

*He probably became **Territorial** along the Way*

He **Must** have **Made it**, though:

Because *We Remember The Cave Man Fondly*

## **ENDING**

The *Cave Man* was The **First Man**:

- *The **First Man** on Earth*
- *and The **First Man** to **Cover His Basic Needs***
  
- *food*
- *water*
- *warmth*
- *shelter*

It is **Good** that:

- *We **Remember The Cave Man***
- *and That He **Covered His Basic Needs***

It was probably **Difficult** for The *Cave Man* in The *Early Times*

## Us After The Cave Man

We have **Learned** Much **Since** The **Cave Man**

- *how to **Grow Crops***
- *to **make Clean Drinking Water***
- *or **Count Time** with **Things like Clocks***

Since He was The **First Man** to **Cover** His **Basic Needs**:

- *We are **Grateful** to **Him***
- *He did **Many Things** that*
- *We **know how to Do Now***

He **Covered** His **Basic Needs**:

- *food*
- *water*
- *warmth*
- *shelter*

and **So** We **Remember Him Now**

## Thoughts About The First Man

There is **More** to The **History of Man** than just **Spending Time here**

**Man** on **Earth** has **Learned** and **Grown** So Much **Over Time**

It's **Good** for **Us** to **See** and **Know** about **Our History**:

- *The **Developing Man Over Time***
- ***Starting** with The **Cave Man***

These **Basic Needs, Covered** by The **Cave Man**:

- *food*
- *water*
- *warmth*
- *shelter*

Are The **Needs** that **We need** to **Care about** Still **Now**

These are **among** The Many **Things** that **We See** Around **Now**:

**All of The Time**  
**Everywhere We Go**

Everybody **Needs** to **Cover** These **Needs** for Himself:

and The **Cave Man**  
**did it first**  
and **passed** it on to **Us**

We are **Grateful** to **Him**  
He **did** Many **Things** that  
We know how to **Do** Now

The **Cave Man** showed **Us** That:

- There Are **Things that Continue** for A Long Time
- Like **Covering** Our **Basic Needs**

# Developing Man After The Stone Age – Chapter Eight

Author: Thomas Lloyd  
TheEvenMind

This is Our Article:

- ***Developing Man After The Stone Age***

In Our Story, We are **Covering**:

- ***The First Four Ages of Man***

This would Be **About**:

- *When Man on Earth Started*
- *When The First Man Lived*
- *When The History of Man Began*

So These **Four Age** were:

- ***Over A Very Long Period of Time***

The **First Four Ages** of **Man** were:

- *the stone age*
- *the copper age*
- *the bronze age*
- *the iron age*

Then, in Our Article, We will **talk** about:

- ***Developing Man After The Stone Age***

**After The Stone Age**  
**But Still in The First Four Ages of Man**  
**Were The Last Three Ages of Man**

The **Last Three Ages** of **Man** were:

- *the copper age*
- *the bronze age*
- *the iron age*

So We will **talk** about These **Last Three Ages** of **Man** here in:

- **Developing Man After The Stone Age**
- **During The Last Three Ages of Man**
  
- *the copper age*
- *the bronze age*
- *the iron age*

## **After The Stone Age**

As we have **said**:

- **The Stone Age**
- **was The First Age of Man**

**It occurred:**

**Thousands and Thousands of Years Ago**

*things were **basic**  
things were **simple**  
and we think that  
**times were hard**  
**difficult***

**Yet, Since Our Article is called:**

- **Developing Man After The Stone Age**

then we **think** that it is **Obvious**:

- *that **Man Made it** through **The Stone Age***

*it is in our **history**  
that **three more ages** followed the **stone age***

*the copper age  
the bronze age  
the iron age*

These **Three Ages** were:

**After The Stone Age**

## **Man In The Stone Age**

We **think** that Everyone **Believes**:

- *that **Man** did A Lot in The Stone Age*
- *that **Man** did A Lot when He Started*

**First of All**, We have **said**:

- *In The Stone Age*
- ***Man Lived** in Nature*
- ***Man Lived** with Nature*

*In The Beginning*, in The Stone Age:

*Man had to Start from Scratch*

*Man Started*, in The Stone Age:

*with Almost Nothing*

**Remember** that:

*The Stone Age*  
*was Called **Pre Historic***

*So*, in The Stone Age:

*Man had To Start*  
*The History of Man*

*And*, in *The Beginning*, in The Stone Age:

*Man had to Start from Scratch*  
*Man Started in The Stone Age*  
*with Almost Nothing*

*So The Times* were *Hard* and *Difficult* for *Man*

*In The Beginning*, in The Stone Age

## **Man Discovered His Needs**

*In The Beginning*, in The Stone Age  
*At The Start of*  
*The History of Man*

***Man Discovered His Needs***

*For example:*

***Man Found that  
He Needed***

*food  
water  
warmth  
shelter*

***We All know These Needs for Man:***

*They were included with Us  
At Our Birth*

***We Need:***

*food  
water  
warmth  
shelter*

***We Need These Things Everyday:***

***and Man Discovered These Needs for Us***

- ***In The Beginning, in The Stone Age***
- ***At The Start of***
- ***The History of Man***

***Man Discovered His Needs***

- ***We know These Needs***
- ***and The First Man had to***
- ***Discover Them***

***In The Beginning, in The Stone Age***

***Man Discovered His Needs***

## **Man Learned A Lot In The Stone Age**

So, Since **Man Discovered** His Needs in The **Stone Age**:

- **Man Found** that
- **He Needed**
  
- food
- water
- warmth
- shelter

**Man Covered** His Needs During **That Period**, The **Stone Age**

So it **Looks** like, **then**:

**Man Made it** through The **Stone Age**

**Man Finished** The **Stone Age**

And so, after **Making it** through **That Time**, it Seems **that**

**Man Learned A Lot In The Stone Age**

## **Being Grateful To Early Man**

We **Like** that:

- **Man Learned A Lot In The Stone Age**

It is **So Good** that:

- **Man Made it** through The **Stone Age**
- **Man Finished** The **Stone Age**

Since **Man**:

**Discovered** His Needs  
and **Covered** His Needs  
**Satisfied** Himself

We are **Grateful** to **Man** for **That**

***Afterall, We also Have These Needs:***

*food  
water  
warmth  
shelter*

***And Since Man:***

***Discovered His Needs  
and Covered His Needs  
Satisfied Himself***

*then We are **Grateful** to **Man** for **That***

*We are **Grateful** to **Man** for **Discovering** His Needs*

***These are The Same Needs that We Have:***

*food  
water  
warmth  
shelter*

***Man Learned A Lot In The Stone Age***

**Some Things That Man Learned In The Stone Age**

Well, it **feels** like:

- ***A Relief***
- ***to See that***
  
- ***Man Made it through The Stone Age***
- ***Man Finished The Stone Age***

***We Say that:***

***Man Learned A Lot In The Stone Age***

***Man Learned that He Had To:***

***Satisfy His Needs***

*food*  
*water*  
*warmth*  
*shelter*

And, ***also:***

- ***Man Learned HOW TO***

**Man Learning HOW TO**

So,:

- ***In The Stone Age***
- ***and after The Stone Age***
- ***Man Covered His Needs***

So it ***Looks like, then:***

- ***Man Learned to***
- ***Satisfy His Needs***

***Remember That:***

- ***In The Stone Age***
- ***Man Lived in Nature***
- ***Man Lived with Nature***

***Yet, in That Setting, That Environment, in Nature:***

- ***Man Learned HOW TO***

For example:

- ***Man Learned to***
- ***Satisfy His Needs***

So it is ***Really Good*** that:

- ***Man Made it through The Stone Age***
- ***and Man Learned A Lot In The Stone Age***

But, **also**:

**Man Learned HOW TO**

- **How To Live in Nature**
- **How To Live with Nature**
- **How To Satisfy His Needs**

And so, We are **Grateful** to Man for **That**

**Man Learned A Lot In The Stone Age**

**Afterall, We Have The Same Needs** as:

**The First Man**

**The Stone Age Man**

**Man Developing During The Stone Age**

We are **Glad** that:

- **Man Made it through The Stone Age**

**Besides:**

- **Discovering His Basic Needs**
- **Learning HOW to Satisfy His Basic Needs**
- **Man Developed Qualities and Skills**
- **During The Stone Age**

**Man Must Have:**

**Tried Hard**

**To Learn so Much**  
**in The Stone Age**

**And, as Man Made it through That Time, The Stone Age:**

**Man Developed Qualities and Skills Also**

**Man Developed:**

- *drive*
- *determination*
- *gumption*
- *dedication*

These **Seem Like** Very **Basic Qualities and Skills:**

**Yet The First Man**  
was **The First Man To Do** These **Things**

whoa

We would **Not Want To Learn:**

- *Everything that We **know Now***
- *from **The Beginning***
- *from **Scratch***

No

And so We are **Grateful** to **Man** for **That**

**Man Developed Qualities and Skills**  
During **The Stone Age**

- *drive*
- *determination*
- *gumption*
- *dedication*

Yay

**Things That We See Around Us Now**

It is **True** that:

- **Man Learned A Lot In The Stone Age**

**Also, We Say** that:

- **In The Stone Age**
- **Man Had Almost Nothing**

**Today, We have** Many **Things Around Us**

Many of The **Things Around Us** are:

**Man Made Things**

**In The Beginning:**

**Man Did Not Have  
Many Man Made Things**

We are **Fortunate To Have So Many Nice Things Around Us**

**In The Beginning:**

**Man Did Not Have**

appliances  
furniture  
utensils  
gadgets  
jewelry

**In The Beginning, Man Did Not Have So Many Nice Things**

**In The Beginning:**

**Man Did Not Have Much**

And so We are **Grateful to Man** for

**The Many Nice Things that We Have Today**

**After The Stone Age**

Well, We have **Said** that This Article is **About:**

- **Developing Man After The Stone Age**

**After The Stone Age Came:**

The **Next Three Ages of Man**

- *the copper age*
- *the bronze age*
- *the iron age*

So, The **Next Age After The Stone Age** was:

- *the copper age*

When We **Remember** that:

We are **Grateful** to **Man** for **The Many Things that We Know**  
**The Man in The Copper Age was Also Grateful to Man**  
for **The Many Things that Man Developed in The Stone Age**

## **Man In The Copper Age**

In The **Copper Age**, **Man Did Continue as Man**

He Still **Had** His **Needs** to **Cover Daily**:

- *food*
- *water*
- *warmth*
- *shelter*

**And** with:

- *The Qualities and Skills*
- *that Man Developed in The Stone Age*

In The **Copper Age**, **Man Did Continue To Live**

**Man In The Copper Age Continued Along:**

**better** than the **first man**  
the **man** in the **stone age**  
with many **nice things** to **know**  
and **qualities and skills** to **help him**

**Man In The Copper Age Continued Along**  
with **The Help** from **The Man in The Stone Age**

So **The Man** in **The Copper Age** was **Grateful to Man**  
for **The Many Things that Man Developed in The Stone Age**

## **Things Man Developed In The Copper Age**

In The *Copper Age*, *Man Continued To Develop*

By The *Time* of The *Copper Age*:

- *Man had already Learned to Make Fire*

He *Needed Fire*:

- *to cook*
- *for heat*
- *for warmth*
- *for light at night*

Even though *Man had Fire*:

*He Still Needed  
To Cut Wood*

*It was Always Hard for Early Man To Cut Wood*

But *One Thing* that is *Famous* about The *Copper Age* is:

- *The Copper Pot*

*Man Developed The Copper Pot in The Copper Age*

*Copper Pots are So Famous for Cooking, etc*

*Still, it is Hard To:*

*melt or shape copper  
to gather copper  
to mine copper*

*Man had A Hard Time in The Copper Age but Did Invent New Things*

## **Ornaments In The Copper Age**

*Man also Invented Ornaments In The Copper Age*

Probably, after *Making* The *Copper Pot*, *Man* thought of:

- *More Things with Copper*

*he made  
ornaments  
jewelry*

*useful  
pleasant  
soothing*

**We Still *See Copper Ornaments* and *Jewelry Around Today***

**So We are *Grateful to Man***

**for The *Many Things* that *Man Developed* in The *Copper Age***

**After The *Copper Age***

The ***Next Age After*** The ***Copper Age*** was:

- *the bronze age*

**In The *Bronze Age*:**

***Man Did Continue as Man*  
*Man Did Continue To Live His Life***

**And, In The *Bronze Age*:**

***Man Had Even More Things than*  
*The Man that Came Before Him***

***Yet, He Still Had His Needs to Cover Daily***

*food  
water  
warmth  
shelter*

And with:

***The Qualities and Skills*  
*that Man Developed in The Stone Age*  
*and Continued To Use In The Copper Age***

***Man Developed New Things Also in The Bronze Age***

*man made  
warrior's shield  
to guard him*

*bronze items  
like jewelry  
a lamp*

*the lamp  
would need oil  
maybe use  
animal fat  
or butter*

*In The **Bronze Age**:*

***Man Did Continue as Man  
Man Did Continue To Live His Life***

*In The **Bronze Age**  
**Man Continued To Learn and Grow***

## **After The Bronze Age**

The *Next Age After* The **Bronze Age** was:

- *the iron age*

In The **Iron Age**:

- ***Man Did Continue as Man***
- ***Man Did Continue To Live His Life***

*And, In The **Iron Age**:*

***Man Had Even More Things than  
The Man that Came Before Him***

- *The Stone Age was Productive*
- *The Copper Age was Productive*
- *The Bronze Age was Productive*

And, **So:**

*In The **Iron Age**  
Man Had Even **More Things** than  
The Man that Came Before Him*

## **Facts About The Iron Age**

So, in The **Iron Age:**

- *Man had Come Very Far*

*Man Had **Progressed A Lot**  
Since The **First Man**  
The **Stone Age***

*Each Age had Contributed A Lot  
to The **Progress of Man**  
to The **Development of Man***

Then **This** was A **Glorious Time** for **Man:**

*The **Iron Age**  
The **Forth Age** of **Man**  
in The **History of Man***

This was A **Good Part** in Our Story:

- *Developing Man During The Ages*

*By The **Time** of  
The **Iron Age**  
Man had Come Very Far*

*Man Had **Progressed A Lot**  
Since The **First Man**  
The **Stone Age***

**Yet, Man** Still **Had** His Needs to **Cover Daily**

- food
- water
- warmth
- shelter

*The **Fact of Survival** was Always **There***

*For The **Developing Man During The Ages***

## **The Iron Age Was Productive**

*Since **Man Had Progressed So Much**, Since The **First Man**, then:*

- *The **Iron Age** was **Advanced***

*And **Also**:*

- *The **Iron Age** was **Productive***

*The **Iron Age** was **More Exciting**:*

*man could  
**make things** from **iron**  
like*

*knife  
sword  
spear  
arrow head  
a chisel*

*Since **Man**, in The **Iron Age**, was **More Advanced**, then:*

- ***Man** Had Even **More Things** than*
- ***The Man** that **Came Before Him***

***Man** was **More Intelligent** in The **Iron Age***

*man could  
**make things** from **iron**  
like*

***art**  
ornaments  
jewelry*

*sculpture  
with  
iron tools*

*carving*

*into*

***glorious***

***elegant***

## **Finding Iron To Use In The Iron Age**

In The ***Iron Age***, ***Man*** was Still ***Primitive***

For ***example***:

- We, ***Today***, are Much ***More Advanced***
- than ***The Man*** in ***The Iron Age***

***So***, in ***The Iron Age***, ***Man*** was Still ***Primitive***

***And***, if He wanted ***Iron*** to ***Work with***:

- He had to ***Mine*** for it
- probably ***Dig*** it out of the ***Ground***

We ***Think*** that:

***mining for iron***

was ***not easy***

***mining for iron***

was ***no piece of cake***

***not easy***

***And***, in ***The Iron Age***, ***Man*** was Still ***Primitive***

That was ***A Long Time Ago***, ***The Iron Age***

## **ENDING**

So, ***Here*** in Our Article:

- ***Developing Man After The Stone Age***

We Have ***Covered Our Topic***:

- ***The First Four Ages of Man***

This is **About Man**:

- **When Man on Earth Started**
- **When The First Man Lived**
- **When The History of Man Began**

The **First Four Ages**:

- *the stone age*
- *the copper age*
- *the bronze age*
- *the iron age*

**So**, Since **These Four Age** were:

- **Over A Very Long Period of Time**
- **then We Have Covered A Lot**
- **Here in Our Story**

The Stone Age was **Productive**  
The Copper Age was **Productive**  
The Bronze Age was **Productive**  
The Iron Age was **Productive**

**Each Age Contributed A Lot**  
**To The History of Man**

And **Man** has **Learned A Lot Too**:

- *how to Grow Crops*
- *to make Clean Drinking Water*
- *or Count Time with Things like Clocks*

**Man** has **Learned A Lot Along The Way of Time**

So There is **More** to The **History of Man** than just **Spending Time here**

**Man on Earth** has **Learned and Grown So Much Over Time**

We Have **Shared Our Article**:

- **Developing Man After The Stone Age**

We Have **Covered Our Topic**:

- **The First Four Ages of Man**

# **The Three Main Inventions Of Early Man – Chapter Nine**

*Author: Thomas Lloyd  
TheEvenMind*

This is Our Article:

- ***The Three Main Inventions Of Early Man***

These ***Three Main Inventions Of Early Man***:

- *were important in The Beginning of Man*
- *and We still Find Them Around Today*

So These Really are ***Important Inventions of Man***

The ***Three Main Inventions Of Early Man*** are:

- *making fire*
- *the wheel*
- *the printing press*

***So We will talk about These Three Main Inventions Of Early Man***

***here in This Article***

## **The Time Of The Three Main Inventions Of Early Man**

So We have Already ***Seen*** that:

- ***The First Man, The Cave Man, did Exist***

This was ***During***:

- ***The First Four Ages Of Man***

It was in The ***First Four Ages Of Man*** that:

- ***The First Man, The Cave Man Started***
- ***He did Exist***

The **First Four Ages** Of **Man** were:

- *the stone age*
- *the copper age*
- *the bronze age*
- *the iron age*

We have already **said** that:

- **The Cave Man Existed in The First Age**
- **The Stone Age**

So, with **The Cave Man**:

- **The First Man Started at The Beginning**
- **The Stone Age**

So, **then**, it was:

**After The First Man, The Cave Man Started**  
**that The Three Main Inventions Of Early Man did Occur**

These **Three Main Inventions of Man** were:

**During The First Four Ages of Man**

*the stone age*  
*the copper age*  
*the bronze age*  
*the iron age*

The **Three Main Inventions Of Early Man** are:

*making fire*  
*the wheel*  
*the printing press*

It was:

**During The First Four Ages of Man**  
**that The Three Main Inventions Of Early Man did Occur**

## **The Value Of The Three Main Inventions Of Early Man**

The **Fact** that:

- *The **First Man**, The **Cave Man** did Exist*
- *and He **Continued** for A Long Time*
- *The **Stone Age***

is **A Wonderful Fact**

**Afterall**, I think that We Can **Say** that:

- *We are **All After** The **Cave Man***
- *We are **Part** of The **History of Man***
- *Even **Today***

**So**, We are **Grateful** to The **Cave Man**:

- *for His **Contributions** Along The **Way of Man***
- *The **History of Man***

We are **talking** about **This** in Our Story:

- ***Developing Man During The Ages***

**Especially** We are **Grateful** to The **Cave Man** for:

**The Three Main Inventions Of Early Man**

- *making fire*
- *the wheel*
- *the printing press*

These **Three Main Inventions Of Early Man**:

- *were **important** in The **Beginning** of Man*
- *and We still **Find Them** Around Today*

**So We Can See**:

**The Value Of The Three Main Inventions Of Early Man**

## **The Value Of The Cave Man**

Since:

- *The **First Man**, The **Cave Man** did Exist*
- *and He **Continued** for A Long Time*
- *The **Stone Age***
  
- ***And***
- *We are **All After** The **Cave Man***
- *We are **Part** of The **History of Man***
- *Even **Today***

**So**, We are **Grateful** to The **First Man**, The **Cave Man**

He has **Made It Possible**:

- *For Us To **Be Here***
- *In **Our Life** as We **Know** it*

**Without** The **Success** of The **Cave Man**:

We would **Not Be Here**

**So**, We are **Grateful** to The **First Man**, The **Cave Man**:

For **The Start** of The **History of Man**

## **The Cave Man Brought Us Qualities And Skills**

So, We Can **Start** by **Saying**:

- *In **The Beginning***
- *There was The **Cave Man***

**Sure**, it may **Not Sound Exciting**, but:

The **Cave Man** had almost **nothing**

**So**, He **Started from nothing**

We **Remember** that:

The **Cave Man** had to  
**fight for everything that he got**

*He was in **Nature**  
Lived in **Nature**  
and He had to  
Cover His **Basics** **Everyday***

- *food*
- *water*
- *warmth*
- *shelter*

When The **Cave Man**:

- ***Covered His Basics***
- ***and Continued Everyday***
- ***He Established for Us***
- ***Life On Earth***

This would **Be** then:

- *The **History of Man***

**The Cave Man**:

***Faced Life** Everyday  
He **Learned As He Went**  
From **One Thing** to **Another**  
Over and over and over  
**Day after Day***

So The **Cave Man** **Developed** The **Skills** of:

- ***Life On Earth***
- ***Making It Through Each Day***

*all things from him  
man made  
developed*

*coming forward  
developing*

*one step at a time  
gradual  
many things  
hand made  
by man*

*caring  
attention to detail  
fine  
from  
refined*

*for a long time  
on and on and on*

*he **did** this*

*So We are **Grateful** to The Cave Man*

*The Cave Man Brought Us Qualities And Skills*

**The Cave Man Brought Us Inventions**

Since:

- *The **First Man**, The Cave Man did Exist*
- *and He **Continued** for A Long Time*
- *The **Stone Age***

**And** it was:

- ***During** The First Four Ages of Man*
- *that The **Three Main Inventions Of Early Man** did Occur*

Then The **Three Main Inventions Of Early Man**:

- ***Started from** The Cave Man*

The **Three Main Inventions Of Early Man**

- *making fire*
- *the wheel*
- *the printing press*

These **Three Main Inventions Of Early Man**:

were **important** in **The Beginning** of Man  
and We still **Find Them Around Today**

*So The Cave Man Brought Us Inventions*

*His First Main Invention Of Early Man was Fire*

- *How To Make Fire*

## **The Invention Of Fire**

The *Cave Man* had *A Hard Time*

*Afterall:*

- *In The Beginning*
  - *with almost nothing*
  - *He had To Make it*
  - *To Cover His Needs*
- 
- *food*
  - *water*
  - *warmth*
  - *shelter*

*Of These Needs:*

*Warmth was Also Important*

*The Cave Man needed to Stay Warm*

*The Cave Man would have Existed:*

*Before Cooking was invented*  
*So before The Invention of Fire*

*Man Needs Fire to Cook*

*The Cave Man Invented Fire*

*man had fire*  
*before he had*  
*cooking pot*

*he wanted fire*  
*to warm his cave at night*  
*to give light*  
*before to cook*

*Yet it was Very Hard for Man to Learn How to Invent Fire*

## **How To Invent Fire**

If We had to *Invent Fire Today*:

- *It would be Hard*

It probably *scares Us to think* about:

- *Starting Fire*

But The *Cave Man* Had to *Invent Fire*:

- *There was Nobody Here*
- *Before The Cave Man*

The *Cave Man* Had to *Invent Fire*

*to start fire*  
*man had to*  
*rub* two sticks together

*keep rubbing* them  
until *fire*  
or  
*spark of fire* started  
like *ember*

If We had to *Invent Fire Today*:

*It would be Hard*

It probably *Took The Cave Man*:

*Many Tries to Make Fire*

## **After Starting Fire**

*After The Cave Man First Started Fire*:

- *He had to*
- *keep it going*
- *the fire*

If it was:

- **Hard to Start Fire**
- *then The Cave Man*
- *probably did Not Want to Do it Again*

so they **kept** it going  
the **fire**

*always nurturing it*  
*maintaining it*  
*reasonable*

*cutting wood*  
*gathering wood*  
*for **fire***  
*to keep it **going***

*omg*

We have **Much Better Ways to Manage Fire Now:**

*Than The Cave Man did*

## **The Second Main Invention Of Early Man**

The **Second Main Invention** Of **Early Man** was:

- **The Wheel**

When **Man Evolved:**

- *Started Out*
- *Continued*
- *Progressed*
- *Developed*

He Started to **get:**

- *Many **Things** for **Him***

**Then**, if He wanted to:

- **Go Somewhere**
- **with His Things**
- **then He Needed to**
- **Transport Them**
- **His Things**

To **Transport** His **Things**:

- **Man Needed The Wheel**

**Man** had to **Invent The Wheel**

- in Order to **Transport His Things**

the **wheel**  
to transport  
for transit  
or  
mobility

going **from**  
one place to another  
**with** things  
to **cargo**

the **wheel**  
probably wooden  
was **important**

## **Seeing The Wheel Around Us Today**

We are **Grateful** to **Early Man**:

- **For The Invention of The Wheel**

We **See** The **Wheel Around Us Today**

arch doorways  
stone mills  
water wheels

*cranks*  
*carts*  
*ox cart*

**into**  
*bicycle*  
*automobile*  
*trucks*  
*the dial*  
*the knob*

*whoa*  
*omg*

*We See The Wheel Around Us Today*

## **The Third Main Invention Of Early Man**

The *Third Main Invention* Of *Early Man* was:

- ***The Printing Press***

When **Man**:

- *grew*
- *progressed*
- *developed*

He **Accumulated Many Things**

As far as The **Main Inventions** Of *Early Man* is **Concerned**:

- ***After Inventing***
- ***To Start Fire***
- ***The Wheel***

**Man** had **Accumulated Many Things**

**After** The **Invention of The Wheel**:

- *there were more men around*

**Man Grew and Grew Over The Ages**

With:

many **men**  
many **endeavors**  
many **accomplishments**

There was **A Lot to Talk About**

We must **Assume** that:

- **Man Invented Language Too**

**Man Learned** to:

**communicate** with other men  
interact  
relate  
transact

So **Man Invented Language**

Probably at **First**:

- **There was just One Language**
- **The Language of Early Man**

It was probably **Basic**:

- **Yet We think that Man Used it OK**

## **The Invention Of Language**

For **example**:

- **man** must have **invented**
- **words** to **describe**
- **sentences** for **extended conversation**
- and **pages** of **stuff** to **write down**

**Man Grew** and **Grew** Over **The Ages**

With:

many **men**  
many **endeavors**  
many **accomplishments**

*There was A Lot to Talk About*

*So Man Invented Language*

*This would be:*

- *Written with Alphabet*

*Man Invented All of This:*

*to write down his stuff*  
*documents*  
*letters*  
*papers*  
*news*  
*notices*  
*etc*

*There was A Lot to Talk About*

*So Man Invented Language*

## **Language And The Printing Press**

When *Man wanted* to:

- *Write Down His stuff*
- *like words on paper*

He had to *Invent Printing*

*With Printing*

*Man could Write Down His stuff*

## **The First Printing**

The *First Device* for *Printing* was:

- *The Pen*

When **Man** had **The Pen**:

- *then He could **write down** His **stuff***
- *documents*
- *notices*
- *labels*
- *etc*

With **A Pen**, **Man** could **Write**  
**Still**, He **Needed**:

- ***paper** and **ink***

But We **think** that He **Did It**

We have **Known** about **Printing**:

Since The **Early Days** of **Time**

## **The Invention Of The Printing Press**

As **Man** **Progressed**:

- ***moving** along*
- *from year to year*
- *over **the ages***

He **Learned How** to:

- ***Make The Printing Press***

With The **Printing Press**, **Man** could:

- *make **pages** with **alphabet letters** on it*
- ***collect** them together*
- ***apply ink** to the **surface***
- *and **press it** against **paper***
- ***yielding** a **printed page***

We **See** This in:

- *newspapers*
- *magazines*
- *books*
- *etc*

***Man Made The Printing Press and It is A Good Invention***

with **print**  
we could  
**tell** all of our **friends** about it

the news  
facts  
gossip

folklore  
the **print material**

The **Whole World** has **Done This**:

- *and We Share Information Together*
- *All of The Time*

man **did**  
and **does** this

even **now**  
**today**

electronically  
and with paper

***Man Made The Printing Press and It is A Good Invention***

**Reflections On The Inventions Of Early Man**

It is **So Good** that:

- *Man Invented Many Things Along The Way*
- *The History of Man*

We **See** Many of The **Good Inventions**:

- *Still Around Today*

We **See**:

- *making fire*
- *the wheel*
- *the printing press*

There are Many **Things** that **Man** has **Invented Over Time**

We **talk** about **This** in Our Story:

- **Developing Man During The Ages**

with the **three main inventions**  
**man** had  
some **base**

so  
he could  
**believe** in  
**basic**

**life on earth**  
one step at a time  
gradual  
many things  
hand made  
by **man**

caring  
attention to detail  
fine  
from  
refined

for a **long time**  
on and on and on

he **did** this

So We **Mention** that:

- **the cave man**
- **covered his basic needs**
  
- **afterall**
- **he did**
- **complete the stone age**
- **making way for**
- **the continuing of man**

## The Great Gifts Of Man

Besides These *Three Main Inventions* Of *Early Man*:

- *making fire*
- *the wheel*
- *the printing press*

*Man Developed* Good *Qualities and Skills*

*These* We *See* in The *Talents* of *Man*:

- *They are Visible*
- *All Around Us*
- *All of The Time*

*Man* has *Developed Qualities* like:

*drive*  
*determination*  
*gumption*  
*dedication*

*to*  
***purpose***

*towards*  
***prosperity***

*he got hope*  
*in*  
*and from*  
***the continuing***

*Man's Success* at *Continuing* is *Inspiring*

- *He has Grown*
- *He has Learned*
- *He has Flourished*
- *He has Prospered*

From The *Hard Work* of:

- ***paying attention***
- ***and the qualities and skills***
- ***developed over time***

- *drive*
- *determination*
- *gumption*
- *dedication*

So We are **Grateful** to **Man**:

- *for His Contributions Along The Way of Man*
- *The History of Man*

He has **Grown, Learned, Flourished** and **Prospered** As **Man**

Yay

## **Developing Man Summation Review – Chapter Ten**

*Author: Thomas Lloyd  
TheEvenMind*

This is Our Article:

- ***Developing Man Summation Review***

In This Article We will **Review** Our Story:

- ***Developing Man During The Ages***

In This **Review**, We Wish to:

- ***Look at Our Story***
- ***Developing Man During The Ages***
- ***About The First Four Ages of Man on Earth***
- ***and Mention The MAIN Point of The Story***

Our Story is Based on The **MAIN Fact** that:

- ***Man has Been on Earth***
- ***for A Very Long Time***
- ***Thousands and Thousands of Years***

***Man has Lived through These Many Years  
He has Grown and Learned During This Long Time  
and He has Passed Many Things Along to Us Over Time***

***Besides All of The Man Made Objects  
that We See Around Us All of The Time  
Man has Passed Down to Us  
Many Qualities and Skills that We  
Cherish and Use in Our Lives Every Day***

Since This is **True**, then:

***We are Grateful to Man  
Over The History of Man  
for The Many Nice Things  
that We Find Around Us  
All of The Time***

## **The Chapters In Our Story**

In Our Story:

- ***Developing Man During The Ages***
- We have **Presented The Chapters as Topics**
- for **Telling The Story**

The **List** of The **Chapters** is:

1. *The Story: Developing Man During The Ages*
2. *Developing Man FACTS LIST*
3. *Reasons To Read Our Story*
4. *Developing Man's Qualities and Skills*
5. *Defining The Four Ages Of Developing Man*
6. *The Stone Age*
7. *The Basic Needs of The Cave Man*
8. *Developing Man After The Stone Age*
9. *The Three Main Inventions Of Early Man*
10. *Developing Man Summation Review*
11. *POEM: The Tomato Lady*
12. *POEM: Tribute To Developing Man During The Ages*

## **The Content Of These Chapters**

These **Chapters Include** and **Cover**:

*The MAIN Point of Our Story*

We are **Grateful** to **Man**  
Over The **History of Man**  
for The **Many Nice Things**  
that We **Find Around Us**  
**All of The Time**

This includes **Both**:

- ***All of The Man Made Objects***
- ***that We See Around Us All of The Time***
- ***and The Many Qualities and Skills that We***
- ***Cherish and Use in Our Lives Every Day***

## **About These Chapters**

So, We **Share** This Story, About **Man on Earth**:

- **Here, To Make This Wonderful Story Available**

We have **Seen** in The **Chapters**, that:

- **We Really Have Come**
- **A Long Way as Man**
- **Since The First Man**
- **The Cave Man**
- 

This is:

**The Unbroken String of Developing Man**

**Man has Continued**  
**Through The Ages**  
**from The Beginning**  
**Until NOW**

So, in This **Continuing of Man**:

It Really is **Like**  
**An Unbroken String of Developing Man**

**Man has Continued**  
**On and On**  
**During The Ages**

**Man has Grown and Learned Over This Time**  
**and Has Developed**  
**Many Man Made Things**

This includes **Both**:

**All of The Man Made Objects**  
**that We See Around Us All of The Time**

**and The Many Qualities and Skills that We**  
**Cherish and Use in Our Lives Every Day**

## **Looking At Our Story**

**So, This is The *Developing of Man Over Time***

This ***Continuing of Man Over Time:***

- ***is Our Story: Developing Man During The Ages***

When We ***See:***

***So Many Wonderful Things  
That Man Has Developed Over Time  
and How Man has  
Grown and Learned Over This Time  
then We See  
The Reasons To Read Our Story***

It is ***A Great Story:***

- ***Developing Man During The Ages***

We have ***Said that:***

***We are Grateful to Man  
Over The History of Man  
for The Many Nice Things  
that We Find Around Us  
All of The Time***

***We Really Have Come  
A Long Way as Man  
Since The First Man  
The Cave Man***

***There are Many Qualities and Skills that We  
Cherish and Use in Our Lives Every Day  
from The Developing Man During The Ages***

It Really is ***Like:***

***The Unbroken String of Developing Man  
It Goes On and On  
For Thousands and Thousands of Years***

whoa

## **About The First Four Ages Of Man**

We have **Shared** Our Story:

- ***Developing Man During The Ages***

Since The **History of Man** is **So Long**, then:

- We Have **Limited** The **Scope of Our Story**
- To The **First Four Ages Of Developing Man**
  
- *the stone age*
- *the copper age*
- *the bronze age*
- *the iron age*

These **Four Ages**:

**Lasted A Very Long Time**  
**and Man Developed A Lot**  
**During These Four Ages**

We Have **Limited** The **Scope of Our Story**  
To The **First Four Ages Of Developing Man**

## **Summarizing Our Story**

This Is Our Story:

- ***Developing Man During The Ages***

We have **Shared It Here**  
**and in This Article**  
We Have **Mentioned**  
The **MAIN Point of The Story**

We are **Grateful** to **Man**  
Over The **History of Man**  
for The **Many Nice Things**  
that We **Find Around Us**  
**All of The Time**

We Have **Learned Many Things** from **Developing Man**

For *example*:

- *how to **Grow Crops***
- *to make Clean **Drinking Water***
- *or **Count Time** with **Things** like **Clocks***
  
- *There are **Many Wonderful Things***
- *that We Have **Gotten** from **Developing Man***

There is *More* to The *History of Man* than just *Spending Time here*

*Man on Earth* has *Learned* and *Grown So Much* Over *Time*

### **NOTE About Our Wonderful Things**

We have *Many Things Around Us Today* that The *Cave Man* did *Not Have*

We have *Things* like:

- *appliances*
- *furniture*
- *utensils*
- *gadgets*
- *jewelry*

And The *Cave Man* did *Not Have* Any of *These Things*

He had to *Learn Things* from *Scratch*, from *The Beginning*

So We are *Grateful* to *Man*  
Over The *History of Man*  
for The *Many Nice Things*  
that We *Find Around Us*  
*All of The Time*

## **POEM: The Tomato Lady – Chapter Eleven**

*Author: Thomas Lloyd*

*TheEvenMind*

The Tomato Lady  
and Her Love for  
The Wheel

The Wheel  
was A Good Invention of Man  
it has So Many Uses  
Then  
The Wheel is Important  
mobility  
transit  
transport  
The Wheel is Important

The Tomato Lady  
and Her Love for  
The Wheel

The Tomato Lady  
would Grow The Tomatoes  
until Ripe  
Then  
The Tomato Lady  
takes her  
tomatoes  
to the market  
yeh

The Tomato Lady  
uses  
the cart  
ox cart  
taking her  
tomatoes  
to the market  
the cart  
ox cart

and  
the return too  
after

until  
later  
again  
next time

The Tomato Lady  
uses  
the cart  
ox cart  
to take her  
tomatoes  
to the market  
the cart  
ox cart

over and over  
to the market  
until  
later  
again  
next time

The Tomato Lady  
and Her Love for  
The Wheel  
on  
the cart  
ox cart

## **POEM: Tribute To Developing Man During The Ages – Chapter Twelve**

*Author: Thomas Lloyd*

*TheEvenMind*

We know Man:

we are  
born here  
live here  
circulate here

We are Human  
people  
with  
The History of Man

We know Man

Since  
The Start  
of  
The History of Man

it is a  
Difficult Time  
Man has a  
Difficult Time

Since  
The Beginning of Time  
or  
The Start  
it was  
The Cave Man

it is a  
Difficult Time  
Man has a  
Difficult Time

So  
This is a  
tribute to man  
over time

This is our story:

Developing Man During The Ages

a tribute to man

Our Story is about:

the first four ages of man

This is The Scope of  
Our Story  
Developing Man During The Ages

the first four ages of man  
The Ages:

the stone age  
the copper age  
the bronze age  
the iron age

after starting  
as  
the cave man  
man developed

Man made  
many  
man made things  
and  
3 main inventions

The Inventions:

making fire  
the wheel  
printing press

from  
the first four ages of man

Man developed  
during  
the first four ages of man

Man Covered his needs  
he needed:

food  
water  
warmth  
shelter

Since  
The Start  
of  
History  
of  
Man

Human

it is a  
Difficult Time  
Man has a  
Difficult Time

The Beginning of Time  
or  
The Start  
was  
The Cave Man

Since  
The Cave Man  
we have

many  
man made things  
from  
developing man  
over time  
the first four ages of man  
developed

So  
There is More  
to  
The History of Man  
than  
just Spending Time here

Man on Earth has  
Learned and Grown  
So Much Over Time

Man Made Things  
4 examples  
of  
man made things

Man Covered his needs  
he needed:

warmth  
for life  
like  
clothing  
for warmth

Man Covered his needs  
man made thing

an example of  
man made thing

art  
like  
sculpture

with  
iron tools  
made from iron  
man made thing

for  
carving  
wood carving

into  
glorious  
or  
elegant  
man made thing

Man developed  
qualities and skills

Like:

drive  
determination  
gumption  
dedication

for  
man made things  
Man developed  
during the ages

man made thing  
Like:

the pen  
with  
paper  
for  
writing

used with  
language  
and  
alphabet

man made thing  
Like:

weaving  
ropes  
string  
thread  
for  
cotton  
cloth

weave  
with  
loom  
into  
fabric  
man made thing

Man developed  
qualities and skills

used for  
making  
man made things

Man  
used these for him  
these  
qualities and skills  
to continue  
to  
help continue

we see the  
qualities and skills  
around us

Like:  
the traits of man  
abilities  
talents  
these  
thru time  
we notice  
even  
now

Man developed  
he made  
many  
man made things

Man Continued  
on  
to  
purpose

towards  
prosperity

Like:

liberty  
with  
free time  
to himself

in order:

to think  
to rest  
relax  
take a breath

or  
to dream  
imagine  
plan  
yeh

It is Good:

a goal  
a purpose  
for  
a goal

we need inspiration  
for  
our enthusiasm

we need it  
and  
so  
inspiration

In The End:

Man developed:

many  
man made things

and  
3 main inventions of man

3 main inventions:

making fire  
the wheel  
printing press

So We See:

these things have value  
or  
are valuable

many  
man made things  
and  
3 main inventions of man

even now  
still  
today  
with us

these things have value  
or  
are valuable

man made things  
many  
and  
3 main inventions of man

So,  
Man has Found:

His  
worth on earth

thru  
man made things  
and  
his developed  
qualities and skills

We See Man:

coming forward  
developing

one step at a time  
gradual  
many things  
hand made

caring  
attention to detail  
fine  
from  
refined

for a long time  
on and on and on

man made things  
and  
his developed  
qualities and skills

Being Thankful To Man Over Time

We Sure are Grateful for  
The Many Good Things  
that have  
Developed with Man  
Over Time

Of All of The Good Things  
that We Know:

Many Are Man Made Things

These Things have  
Developed Over Time

These Things are  
Not Easy to Develop

So We Are Thankful To Man  
for These Things

This Can  
show Us That:

There Are Things that  
Continue for A Long Time

THE DARK SIDE  
of  
DEVELOPING MAN

Our Story:

Developing Man During The Ages

developing man  
has  
the negative side

Man would:

learn along the way

Like:

learn what works  
and what doesn't work

Man would:

sample  
or experiment

Man would:

try to Find:

food  
water  
warmth  
shelter

Man would:

sample  
or experiment  
different things  
from nature

Man Lived:

in nature

Since  
The Beginning of Time  
or  
The Start  
it was  
The Cave Man

it is a  
Difficult Time  
Man has a  
Difficult Time

Man Started  
with  
Almost Nothing

Man would:  
sample  
or experiment

Like:

food  
water  
warmth  
shelter

Man could:  
Not make Mistake

Man Needed:  
to thrive  
survive  
continue  
as man

we want to  
not make the same mistakes again

We want:  
to thrive  
survive  
continue  
as man

folk wisdom  
can help us

we share it  
we see it  
and learn it

and see  
that it works  
or makes sense

The Dark Side  
of  
Developing Man  
is  
Learning So Much  
that Doesn't Work

many things  
don't work  
for us

We Learn from  
the good and the bad  
Having to learn  
the bad  
is  
The Dark Side  
of  
Developing Man

we have developed over time  
and  
we try to avoid  
making the same mistakes  
again

we have learned along the way  
man  
collectively  
all together

So:  
Man has Developed

many  
man made things  
and  
qualities and skills

the qualities:

Man has  
used them  
the  
qualities and skills  
in ways

that  
we see  
even now  
today

Like:  
the traits of man  
abilities  
talents  
these  
thru time  
we notice  
even  
now

So:  
these things have value  
or  
are valuable

man made things  
the  
qualities and skills  
of man  
the  
3 main inventions of man

making fire  
the wheel  
printing press

Man Made Things:  
from  
the first four ages of man

The Ages:

the stone age  
the copper age  
the bronze age  
the iron age

So:  
There is More to  
The History of Man  
than  
just Spending Time here

Man on Earth  
has Learned and Grown  
So Much  
Over Time

This Can:  
show Us That:

There Are Things that Continue for A Long Time

Our Story:

Developing Man During The Ages

*THE END*
