

About Bigger Things

Author: Thomas Lloyd
TheEvenMind

This is My **Article**:

- **About Bigger Things**

It is About:

Things

Like

Objects

These:

Things

Like

Objects

All Come in

Different Sizes

We All **Know** About:

- **Different Sizes**

For example:

- We **Know**
- Small
- Medium
- And Large

So:

- We All **Know** About
- **Different Sizes**

Not All Things:

*Are The **Same Size***

The **Term**:

- **Different Sizes**
- Is **Apparent** To Us

For example:

Small

Medium

And Large

We **Know** That:

These Sizes

Are

Different Sizes

Small is Small

Medium is Medium

And Large is Large

So:

- We All **Know** About
- **Different Sizes**
- Then
- **Here I Write** About
- **Bigger Things**

There is A Quote To Share Here

*So Let's **Go** And **See** it*

The Size Quote

To Make **The Point** Here:

- We Already **Know**
- **Two Things**

We **Know** that:

- There Are
- **Different Sizes**
- And
- Not **All Things**
- Are The **Same Size**

Then, We Can See:

The Quote

The Quote is:

*When Things Get **Big**
They Get **Structure***

This Quote:

*Is Not **Hard To Understand***

So:

- We Probably **Understand it**

*When Things Get **Big**
They Get **Structure***

We Can **Look At:**

- An **Example**

Us Growing Up

When We **Grow Up:**

- We Are A **Kid**

*We **Remember:***

Kid

The **Main Part of:**

- **Kid**
- Is **Youth**

And:

- All **Kids**
- **Grow Up**

*We All **Grow Up***

For example:

- Even if
- We **Want Youth To Last**
- We All **Grow Up**

We **Remember:**

- Family
- School
- And Community

In:

*All of **These Things**
We **Find Our Way***

*We All **Grow Up***

Along The:

***Way of Life**
We All **Grow Up***

This is **Known:**

- So We Can **Continue**

The Point is:

- It is Our **Fate**
- To **Grow Up**

Along The:

***Way of Life**
We All
Have To **Grow Up***

*Family
School
And Community*

There is:

- **So Much** For Us
- To **Do Everyday**
- As We **Grow Up**

About This Article

This Article is Called:

- **About Bigger Things**

*As We **Grow Up**:*

*We Become **More***

We Can Call This:

Bigger

So:

- **As We Grow Up**
- **We Become Bigger**

*We **Learn** More*

*We **Grow** More*

*We **Eat** More*

*As We **Grow Up***

*We **Become Bigger***

And:

- Since We **Become Bigger**
- There is
- **More** To Us

What I **Mean Here** is:

- **As We Grow Up**
- **We Develop**
- Body
- Mind
- And Soul

*These **Parts**:*

*Are **in Us***

Body

Mind

And Soul

So:

- As We **Grow Up**
- We **Develop**
- Body
- Mind
- And Soul

And:

*Since This
Makes Us **Bigger**
We **Become**
Bigger Things*

*Bigger **People**
More **Responsible**
And **Bigger Experience***

*We **Learn So Much**
As We **Grow So Much***

Us And Structure

We **Know** that:

- We **Become**
- **Bigger Things**

Then:

- **About Bigger Things**
- Is This **Article**

Before:

***Hard**
Is
The Quote*

The Quote is:

*When Things Get **Big**
They Get **Structure***

So:

- As We **Grow Up**
- We Get **Structure**

We Can:

*Define This Here
Us And Structure*

Simple Example Of Structure

The Easiest:

- **Simple Example Of Structure**
- Is
- **Category**

For example:

Our Socks

We All Wear Socks

We Cannot:

- Leave **Our Socks**
- **Lying Around** in The **Room**
- No

Most of Us:

- **Put The Socks**
- In The **Sock Drawer**

So:

- I **Think** of
- The **Sock Drawer**
- As
- A **Category**

Like:

*The Socks
Are in
The Sock Drawer*

So:

- As A **Category**
- The **Sock Drawer**
- then

- The Easiest
- **Simple Example Of Structure**
- Is
- **Category**
- Like
- The **Sock Drawer**
- Ok

The Main Point

This is:

- **The Main Point**

We Can See This, then:

As

*The **Main Point***

*The **Sock Drawer***

*Is A **Category***

So

*A **Part of Structure***

To Be **Clear:**

- **A Room Only**
- **Is Not Structure**

But:

- **Our Socks**
- **In**
- **The Sock Drawer**
- **Adds Structure**

This is:

- **Because of Category**
- **Like**
- **The Sock Drawer**

*The **Sock Drawer:***

*Does It's Own **Thing***

Other Things

*Are **Not The Same***

*As **The Sock Drawer***

The **Main Point** is:

- The **Category**
- **Adds Structure**

Before:

*The **Category**
There Was No
Structure*

*The **Sock Drawer**
The **Category**
Adds Structure*

*Us And **Structure:***

*Comes With
Us **Growing Up***

Remembering The Quote

We Can **Remember:**

The Quote:

*When **Things Get Big**
They Get **Structure***

As We **Grow Up:**

- We **Get Structure**
- Like
- The **Sock Drawer**
- As
- **Category**

The **Category:**

- **Adds Structure**

The Quote:

*When **Things Get Big**
They Get **Structure***

Total View Of Structure

As We **Grow Up**:

- We **See So Much**

*As We **Grow Up**
We **Become Bigger***

*We **Learn More**
We **Grow More**
We **Eat More***

Then:

- Besides
- The **Sock Drawer**
- As
- **Category**
- We **Know Many**
- **Categories**

Category:

Adds Structure

Whoa

Then:

- We **Know A Lot**
- Because
- There is **So Many Things**
- That **We Know**

So:

*The **Structure**
Is **Apparent To Us***

*We **Know:***

***So Much**
And
Not All Things
Are in
The **Same Category***

*We Know Many
Categories*

Category:

- **Adds Structure**

So:

*Us And Structure
Comes With
Us Growing Up*

*We Know Many
Categories*

Category:

- **Adds Structure**

So:

*The Structure
Is Apparent To Us*

*We Got **Big**
We Got **Structure***

*We **Learn** So Much
We **Grow** So Much
We **Eat** So Much*

Us And Others

Since:

- We Got **This Far**
- We **Did Good**

*We Can **Close With This***

Us And Others:

- We Are **Not The Same**

Us And Others:

- Is **Different**

Things

Like

Objects

All Come in

Different Sizes

Things:

- Is Like
- **Noun**

Person

Place

Thing

Us And Others:

- We Are **Not The Same**

*We **Learn** So Much*

*We **Grow** So Much*

*We **Eat** So Much*

And:

- Sometimes
- We **Plan it**

So:

*Us And **Others***

*We Are **Not The Same***

ENDING

We **Finish** Now:

- This **Article** is **Called**
- **About Bigger Things**

Remember:

*All Kids **Grow Up***

*We All **Grow Up***

When:

- We **Grow Up**
- We **Get Bigger**

The Quote:

When **Things Get Big**
They Get **Structure**

We Have **Seen This**

We **Grow Up**
We **Get Bigger**

When **Things Get Big**
They Get **Structure**

Us And Others:

- We Are **Not The Same**

Each:

One of Us
Is Unique

Different Sizes
Different Types
Different Classes

Each:

One of Us
Is Unique

So:

- Our **Structure May Differ**
- Yet
- We **Grow Up Together**

Us And Others:

We Are **Not The Same**
Yet
We **Grow Up Together**
