- **Keeping it Simple**
- **Can Be An OK Idea**

## **Our Work Everyday**

**Everyday:**

- **We All Work**

Whatever:

***Type of Person***  
*or **Type of Work***  
***Everyday***  
***We All Work***

Whether it is:

*House Chores*  
*Duties*  
*or Daily Job*  
***Everyday***  
***We All Work***

**Getting:**

- **Our Work Done**
- **Is Important To Us**

For example:

*If Someone **Complains***  
*Then*  
*Things Can **Get Harder***

**To Complete Our Work:**

- **Is An Important Part of Our Day**

*If:*

*We Don't  
Complete Our Work  
Then  
Someone **Might Complain***

**To Complete Our Work:**

- **Is An Important Part of Our Day**

**Us Working And Keeping It Simple**

**We Remember:**

- The **idea** of
- **Keeping it Simple**
- Can Be An **OK Idea**

*We All Like:*

*The **idea** of  
To **Minimize Our Workload***

**Everyday:**

*To **Complete Our Work**  
Is An **Important Part of Our Day***

**So:**

- For **Us**
- **Keeping it Simple**
- Things Can **Make Sense**
- **More Easily**

## **Remembering This Article**

This Article is Called:

- **About One D And The Middle**

*So:*

*We Can Remember  
The One D Here*

I Have **Said** That:

- **One D** is One Dimension
- like
- **Linear**
- or A **Straight Line**

*The Reason:*

*To Mention One D  
is That  
There is A Lot of One D  
Around Today*

What I **Mean** is:

- People Commonly **Try To**
- **Run Things** in A **Straight Line**
- To **Get The Job Done**

*People Might:*

*Also **Run Things** in A **Straight Line**  
To **Get What They Want***

I Have **Seen** that:

- There is A **Lot of One D**
- **Around Today**

This **Article** is **Called:**

- **About One D And The Middle**

*Given This **Article Title:***

*I Have **Mentioned One D***

**Still:**

- Now I Can **Add**
- **The Middle**

**Why I Have Said:**

- **The Middle**

Afterall:

- When We **See**
- People Commonly **Try To**
- **Run Things** in A **Straight Line**
- To **Get The Job Done**
- Then
- We Never **Know**
- **When It Would End**

*Omg*

*Many Of Us:*

*Have **Seen This**  
**Been Around This**  
**Endured This***

**Like:**

***Oh, He is On A Straight Line**  
**When Will it End***

## A **One D**, **Straight Line**:

- Is Probably **Not Exciting**
- **No**

## **More About One D**

I Have **Said** That:

- **One D** is One Dimension
- like
- **Linear**
- or A **Straight Line**

*One D* is:

*One Dimensional only*  
*flat*  
*plain*  
*static*  
*and lacking*

*Like:*

*Linear* or A *Straight Line*

**Today:**

- On the **streets**
- Many people **practice the One D**

*One D* is:

*One Dimensional only*  
*flat*  
*plain*  
*static*  
*and lacking*

**Remembering** That:

- We **Work Everyday**
- Then **How To**
- **Complete Our Work**

*On the streets*  
*Many people practice the One D*

*To **Complete Our Work**  
Is An **Important Part** of Our **Day***

*We **Work Everyday**  
Then **How To**  
**Complete Our Work***

*This Can **Matter***

## **A One D Picture**

Let Us:

- **Think About One D**

*For example:*

*We Can Use  
**A Picture***

***Imagine:***

***A Plain Area**  
And  
**A Straight Line** Running In it*

The **Straight Line:**

- Can Be
- The **One D**
- The **Picture**

*This Can **Serve As:***

***A One D Picture***

***A Plain Area**  
And  
**A Straight Line** Running In it*

If:

- We **Look At**
- The **Straight Line** Running In
- The **Plain Area**
- The **Picture**
- Then
- The **Straight Line**
- Is The **One D**

*A Straight Line*  
*Like An A To B*  
*With Two Ends On it*  
*A Straight Line*

**If:**

- We **Look At**
- This **Picture**
- A **One D Picture**
- Then
- **What Would Be There**

*At Least:*

*A Straight Line*  
*In A Plain Area*  
*Ok*

## **Seeing A One D Picture**

**In:**

- A **One D Picture**
- A **Straight Line**
- Like An **A To B**
- With **Two Ends** On it
- It Would Be
- **Simple**

**But:**

*Can We Do Things*  
*This Simple*

**A One D Picture:**

- A **Straight Line**
- In A **Plain Area**

**It Might Be:**

- **Too Simple**
- Omg

**One Thing About:**

- A **Straight Line**

- In A **Plain Area**
- Is That
- It **Cannot Be Too Long**

*We Never **Go Straight**  
For **Too Long***

*All **Roads and Paths**  
Curve **Some***

**So:**

- A **One D Picture**
- A **Straight Line**
- In A **Plain Area**
- **Cannot Be Too Long**

***Then:***

***Limited Options**  
**Eh***

**Remember that:**

- A **One D Picture**
- Is
- A **Straight Line**
- Like An **A To B**
- With **Two Ends** On it
- A **Straight Line**

*It Would Be:*

***Simple***

***But***

***Can We Do Things***

***This Simple***

***A Straight Line***

***With Two Ends** On it*

***Is Still***

***Only A Straight Line***

**A Straight Line:**

- Might **Be**
- **Too Simple**
- Omg

*It Cannot Be Too Long*  
*A Straight Line*

## **Walking In A One D Picture**

If:

- We Were
- **Walking In A One D Picture**
- It Would Still **Be**
- **A Straight Line**
- **Only A Straight Line**

*And:*

*It Cannot Be Too Long*  
*A Straight Line*

So:

- **Limited Options**

## **About A Middle**

If:

- We Were
- **Walking In A One D Picture**
- **A Straight Line**
- **Only A Straight Line**

**A Straight Line:**

- **Would Have**
- **Two Ends** On it

*In Walking:*

*A One D Picture*  
*We Would*  
*Start At One End*  
*Of A Straight Line*  
*And Walk To*  
*The Other End*

*A Straight Line*  
*Start and Finish*  
*Walking In A One D Picture*

**So:**

- Could We **Know**
- **A Middle**

Afterall:

- Somewhere **Between**
- **A Straight Line**
- With **Two Ends** On it
- **Would Be**
- **A Middle**

*How To Know:*

***A Middle***

*When*

***Walking In A One D Picture***

*Somewhere Between*

***A Straight Line***

*With Two Ends On it*

***Would Be***

***A Middle***

Could We **Know:**

- **A Middle**
- *When*
- **Walking In A One D Picture**

***A Middle:***

*Would Be Like*

***Half Way***

***A Middle:***

***Between***

***Start and Finish***

***Walking In A One D Picture***

**The Value Of A Middle**

**A Middle:**

- *Would Be Like*
- **Half Way**

**Half Way**  
**Between**  
**Start and Finish**  
**Walking In A One D Picture**

Somewhere **Between**  
**A Straight Line**  
With **Two Ends** On it  
Would **Be**  
**A Middle**

Without:

**A Middle**  
How Could We

**Check on** something  
Like  
**Along The Way** of Our **Journey**

How Could We:

**Know** something  
Like  
If We **Did Ok**

What if:

**Things changed**  
**Along The Way** of Our **Journey**

**Without:**

- **A Middle**
- How Could We
- **Know**

The **Value** Of A **Middle:**

- Can **Make Sense**

For example:

**With A Middle**  
We Could **See**  
That  
**A Straight Line**  
Has **Two Ends** On it

**Also:**

***With A Middle  
We Could See  
If We Went Very Far Yet***

**The Value Of A Middle:**

- Can **Make Sense**

**Examples Of A Middle**

**Two Quick:**

- **Examples Of A Middle**
- I Can **Think Of**

**They Are:**

- **Prisoners At The Bridge**
- **And**
- **A Mid Life Crisis**

*These Are:*

***Two Quick  
Examples Of A Middle  
I Can Think Of***

**In Example One:**

- **Prisoners At The Bridge**
- **The Two Parties**
- **Can Meet in The Middle**

**In Example Two:**

- **A Mid Life Crisis**
- **A Man Can See**
- **If He is Doing Ok**

***Life is Long  
And We Want To Do Ok***

**With A Middle:**

- We Could **See**
- If A **Straight Line**
- Has **Two Ends** On it

**Everyday:**

*We All Work*

**Getting:**

*Our Work Done  
Is Important To Us*

**With A Middle:**

- Like **in Our Day**
- We Could **See**
- If **Our Day** is **Going Ok**

*We Could See  
If Our Day  
Has Two Ends On it  
Start and Finish*

The **Value** Of A **Middle:**

- Can **Make Sense**

**ENDING**

We Have **Talked:**

- **About One D And The Middle**

**So:**

*One D We Know  
And The **Middle** We Know*

We **Spoke Of:**

- **Walking In A One D Picture**

I **See:**

- People **Today**
- **Walking In A One D Picture**

I **Think** that:

- **This is Limited**
- **Only One D**

**In:**

- A **One D Picture**
- A **Straight Line**
- Like An **A To B**
- With **Two Ends** On it
- It Would Be
- **Simple**

**But:**

*Can We **Do Things**  
**This Simple***

*For:*

***Many of Us**  
We are not  
A **kid anymore***

There is:

- So Much **Variety in Life**
- In **Our Days**
- That
- **Walking In A One D Picture**
- Might Be **Too Simple**

**One D** is:

*One Dimensional **only**  
flat  
plain  
static  
and lacking*

**Walking In A One D Picture:**

*Of **This**  
As A **Straight Line**  
Might Be **Too Simple***

There is:

- So Much **Variety in Life**
- In **Our Days**

People Might **Find This**:

- **Too Simple**

*With A Middle:*

*We Can See  
If Our Life  
Is Going Ok*

*With A Middle:*

*We Could See  
If Our Day  
Has **Two Ends** On it  
**Start and Finish***

The **Value Of A Middle**:

- **Can Make Sense**
