- With So Much
- **Long Distance Communication**

- People Also **Worried About**
- **Security**

Afterall:

- We Did Not **Know**

For example:

*When We **Talk To**
Friends And Relations

Sometimes We **Say**
So Much Stuff*

And:

*We **Know This**

So:

- In Our **Hearts**
- We Did Not **Know**

With So Much:

***Long Distance Communication**
As **New**
People Also **Worried About**
Security*

Invention Of The Wiretap

The **Idea Of:**

- Was Not So **Popular**

*We **Know:***

*People Don't **Like**
To Worry*

*We **Are:***

***All Busy**
And Worry

So:

- **Worries About Telephone Security**
- Was Not So **Popular**

Because Of:

- **Worries About Telephone Security**
- There Came
- **Invention Of The Wiretap**

For **Added Security**:

- The **Wiretap**
- Was A **Listening Device**

With:

*The Wiretap
As A Listening Device
We Could
Check On
Telephone Call Security*

With:

*The Wiretap
As A Listening Device
People Could
Listen In On
Telephone Calls*

This:

- **Listen In On**
- **Telephone Calls**
- Became **Available**
- With
- **Invention Of The Wiretap**

The Wiretap:

*Also Helped
To Fight Crime*

Afterall:

*Not Every
Telephone Call
Was Our Favorite*

And:

- One **Type Of**
- **Telephone Call**
- Was
- The **Two Minute Call**

A:

Two Minute Call
Was
A Telephone Call
Two Minutes Long

We Can:

Say A Lot
In A Telephone Call
Two Minutes Long

Remembering The Two Minute Call

We Have Learned Of:

- **The Two Minute Call**

One Type Of:

- **Telephone Call**
- **Was**
- **The Two Minute Call**

A:

Two Minute Call
Was
A Telephone Call
Two Minutes Long

Two Minutes Time:

We Know
Like
A Telephone Call
Two Minutes Long
A Two Minute Call

This Story:

- **Talks About**
- **The Two Minute Call**

It Also:

Talks About
Invention Of The Wiretap

So:

- I Would **Now**
- Tell The **Story**
- **About The Two Minute Call**

The Story Of:

About The Two Minute Call

Includes

The Wiretap

The Story Starts

In:

- The **Early Days**
- Of The **Telephone**
- All **Telephones**
- Were **Based On Wires**

Many People:

Remember

The Long Distance

Telephone Wires

All Across USA:

- There Were
- The **Long Distance**
- **Telephone Wires**

- Tall **Telephone Poles**
- Often **Along The Highway**
- Were **Connected With**
- **Telephone Wires**

When:

Someone Spoke With

Their Uncle in

Another State

The Call Was Transmitted

Through

The Telephone Wires

The **Long Distance**:

- **Telephone Wires**
- **Carried All Telephone Calls**

The Telephone:

*Made Available
Long Distance Communication
Via
The Telephone Wires*

The Invention Of:

*The Telephone
Was Convenient*

With:

- The **Telephone**
- People Could **Talk To**
- Friends And Relations
- **Far Away**

The Telephone Call:

*Was Via
The Telephone Wires*

And:

*As The Telephone Call
Became Popular
There Was A Lot Of
Long Distance Communication*

Listening To Our Calls

Well:

- With The **Telephone Wires**
- There Were
- Many **Connections**

Telephone Operators:

- Often **Women**
- **Plugged In Wires**
- To **Connect Calls**

Since:

- The **Telephone** Was
- **Basic**
- It Was
- **Connected By Hand**

So:

Everywhere
There were
*Telephone **Operators***

*The Telephone **Operators:***

Connected The Calls
By Hand

Checking On Call Integrity

Since:

- The **Telephone Call**
- Was **Connected**
- **By Hand**
- Telephone **Operators**
- Had To
- **Check On Call Integrity**

Afterall:

*The **Telephone Company***
*Did **Provide***
Good Service
Yes

So:

- **Checking On Call Integrity**
- Was A **Way**
- To **Be Sure**
- The **Calls Completed**

We All Want:

- Our **Phone Calls**
- To Be A **Success**
- Yes

We Want:

*To Be Sure
Our Calls Complete
Or
Finish Ok*

And:

*Up Until Now
The Telephone is
Considered A Success*

Length Of Phone Call

One Type Of:

- **Telephone Call**
- Was
- **The Two Minute Call**

A:

*Two Minute Call
Was
A Telephone Call
Two Minutes Long*

Now:

- This is
- **The Story's Connection:**
- Between
- **A Two Minute Call**
- And
- **The Wiretap**

We Remember:

The Wiretap

The Wiretap:

Was A Listening Device

The Wiretap:

- Was **Not** For
- **Checking On Call Integrity**
- Like The **Phone Company**
- But
- For **Added Security**

For example:

*If There Was Worry
About
Phone Call Security
Then Sometimes
A **Wiretap Was Used***

As:

- A **Listening Device**
- The **Wiretap** Could
- Be **Used For**
- **Listening To Our Calls**

The Wiretap:

*Also **Helped**
To **Fight Crime***

The Point

So:

**We Arrive Here
The Point**

You See:

*The **Link of Parts**
In The **Story**
Is **Already Here***

FACTS:

*The **Early Days**
Of The **Telephone**
Used **Wires**
To **Connect Calls***

A Wiretap:

*Was Sometimes Used
As A Listening Device*

Listening To Our Calls:

*Was Based On Security
Like
To Fight Crime*

Then:

- **The Point**

The Point:

Is Actually Humorous

What I Mean is:

- **A Wiretap**
- **As A Listening Device**
- **Was Limited**

So:

- **Criminals Found**
- **A Way To Avoid**
- **A Wiretap Trap**

Definition Wiretap Trap

In:

- **A Wiretap Trap**
- **People With A Wiretap**
- **As A Listening Device**
- **Could Track A Phone Call**

And:

*A Wiretap
Could Have
A Tape Recorder Also*

Whoa

A Criminal **Phone Call**:

- **Recorded On A Tape Recorder**
- **Could Be Used As Evidence**

So:

*For Criminal
A Wiretap Trap
Was Dangerous*

But:

- Being **Here**
- At **The Point**
- We Can **See** Then
- The **Weakness of Wiretap**

I Can Say This:

In One Sentence

The Sentence is:

*Because of Using Wires
To Connect
Wiretap Needed
Minimum Two Minutes
To Record A Call*

It Took:

- **Two Minutes Time**
- Before **Wiretap**
- Could **Record Call**
- To **Connect**

So:

*Criminals Found
A Way To Avoid
A Wiretap Trap*

If:

- **Criminal Kept Phone Call**
- **Under Two Minutes**
- Then He **Avoided**
- A **Wiretap Trap**

So:

*Though The Wiretap
Helped To **Fight Crime**
Wiretap Needed
Minimum **Two Minutes**
To **Record A Call***

Thinking On Wiretap Trap

Well:

- This is **Story**
- **About The Two Minute Call**

The **Point** of:

- The **Two Minute Call**
- Is About
- **Limits Of The Wiretap**

*We **Remember:***

***Wiretap Needed**
Minimum **Two Minutes**
To **Record A Call***

So:

*Even Though
Wiretap Was Not Perfect
It **Introduced**
The **Idea** of
The **Two Minute Call***

*The **Two Minute Call:***

*We **Know** Already*

Two Minutes:

- Is **Sometimes**
- A **Long Time**

*We **Can Say A Lot:***

*In A **Telephone Call**
Two Minutes Long*

*We Could **Have:***

*A **Two Minute Call**
Even **In Person***

Two Minutes:

*Is
Two Minutes Long*

In:

***Two Minutes**
Sometimes We Can
Cover A Lot*

*Sometimes, **though:***

***Two Minutes**
Is **Barely Enough***

Afterall:

- We Cannot
- **Tell Everything**
- **Immediately**

Sometimes:

*We **Need**
Two Minutes
Just **To Connect***

Yay
