Author: Thomas Lloyd

This is My **Story**:

- **The Man And The Woman**

*It is About:*

- *A man*
- *Who meets a woman*

*The man:*

*Meets the woman*

*While he is going for a walk*

For **him**:

- **he had never met her before**

*So, at The Start:*

- *She never met him either*

## **The man**

The **man** is **not** a 'bad' guy

**He** is:

- **An accountant**
- And he **works** as an **accountant**

*He has been an accountant:*

*For some time*

After all the **years** at his **profession**:

- **He** has **experience** at it

So the **man**:

- Is an **experienced accountant!**

## **The man's qualities**

The **man** is, more or less:

- A **nice** man

**He** is:

- clean
- educated
- and professional

*As I say:*

***He is an accountant***

Also:

- He **likes** life
- To be with people
- To share and chat
- And **generally** just feeling good!

*The man **likes** to feel 'good,' when he **can***

***He is a respectable man***

## **About being respectable**

The **man** does **good** at work

He:

- Pays attention
- Is considerate
- And he works **well** with other people

***He does remember, that he is an accountant***

He:

- Pays attention, so he is rather **smooth**
- And he is **careful** about things

*With This:*

*Having some qualities*

*He is ok*

*In This Way:*

*He is a respectable man*

## Today

On this day:

- **Today**
- It is the man's **day off**

*He doesn't go to his job today*

He likes that it is:

- His **day off**
- **He** has some **free time today**

*Also, it is a nice day outside!*

## Going for a walk

So:

- It is **nice** outside

*The weather is good*

*It is his day off*

*And he has free time*

Then the man:

- Plans to **go** for a **walk**

*On his walk:*

*The man intends to*

*See the town - his neighborhood*

*Get some exercise*

*And maybe think of something to do*

*There is **always**:*

***Something to do** in his town*

## **The man's plan**

On his **walk**:

- The **man** may
- **See** a friend
- **Notice** a **pretty** thing or two
- Or even **find** a **good** time!

He '**possibly**' might:

- **Go** and have **lunch** somewhere

*There are some **ok***

***Places to eat** in his **neighborhood**!*

So the **man**:

- **Plans** to
- Go for a **walk**
- Maybe have **lunch**
- And perhaps
- **Do** some **sightseeing** too!

*It **looks** like a **good day** for the **man**!*

## **Starting out**

After the **man**:

- Gets **everything** together at **home**
- **He** starts to **go** out for his **walk**

*He usually **walks***

*In the **direction** of **downtown***

*It is **not** so **far**, to the **downtown***

As the **man**:

- **Starts** out
- He **goes** onto the **street**
- In front of his **house**

*He begins to walk:*

*In the direction of the downtown*

*It is not so far, to the downtown*

## **The nice day**

So the **man**:

**Walks** along in his **neighborhood**

*Seeing the **sights***

*Being **careful** of the **setting**, his **neighborhood***

*And **noticing** the **nice** day*

He **notices** that:

- The **sky** is **clear**
- The **weather** is **warm**
- And, **generally**, that the **people** all look **Ok**

*There **are** some **people** on the **street**,*

*But it is not **super** crowded*

*There is a **nice** amount of **people** on the **street**!*

## **After two blocks of walking**

As the **man**:

- **Walks** down the **street**
- Being **careful** along the **way**
- **He** gets to a **main** area

*There:*

*In the **main** area*

*He **sees** a few **people** on the **street***

*Some of the **people** are **together***

*And **others** are **standing** alone*

## The girl

Among the **people** on the **street**:

- **One** of them is the **girl**
- **She** is **standing alone**, and he **sees her**

*He **thinks** that:*

***She** is **looking** rather **pleasant***

As he **sees her**:

- **The man**
- **Thinks** about **approaching** her, to say **Hi**

*He **thinks** that she **looks** nice  
And that she **looks** friendly!*

## Meeting the girl

The **man**:

- Walks **up** to the **girl**

*She **sees** him **approaching** her  
And she **watches** him come **forward***

*He **smiles** at the **girl**, and then says **hello!***

If she **truly** is:

- **Nice**
- Then **perhaps** they might **meet**

*He usually **gets** along **well** with **people!***

The girl **seems** to:

- Not **mind** him
- And so **she** says **hi** to **him**

*The **girl** seems **friendly**:*

*He **thinks**  
And so he **decides** to  
**Talk** further*

## Asking the girl a question

The **man**:

- **Tells** the **girl**
- That she **seems** nice

**He** then **says, also**:

- That **he** has an **Idea**
- Even, An **Offer**, for **her**

*He says that **he** will **tell** it to her **Now***

*The girl **listens***

## The Offer

The man **Starts**:

- To **Tell** the **girl** about
- **The Offer**

*He **tells** her:*

*That He has  
A **Plan***

*They could **have** An **Event** together*

He **says** that:

- If she **comes** with **him**
- Then they could **Do** something

*They could:*

***Go** for a **walk**  
A **stroll** down the **street***

***Afterall**, he **says**:*

*It is a **nice** day  
And it is **not** too **far***

**Then:**

- They could
- Have **lunch** together

*Either, **he** knows of a **place** to eat*

*Or, **they** could **choose** a **place** together*

*He **invites** her:*

*So **he** would **pay** for the **lunch***

*It would be his **Treat**:*

*To **buy** their **lunch** together!*

**Also Too**

The man **continues**

Then:

- **After** the **lunch** together
- He could **walk back** with **her**

*He **says** that:*

*Like **this**, then,*

***They** will have had **lunch** together!*

**The girl thinking**

The girl **hears** his **Offer**

*She:*

***Sees** him*

***Standing** there*

***Looking** 'clean'*

The **man** is a **professional** man:

- He has **presented** his **Offer** to **her**

*And so, **she** is '**thinking**' to **herself***

## The man thinking

The man:

- Sees her
- **Standing** there
- And '**thinking**' to herself

*He thinks to himself:*

*He asks himself*

*Maybe **he** should say **More***

He has just told the girl:

- About **The Offer**

*Go for a walk together*

*Eat **lunch** together*

*Then walk back after **lunch***

He doesn't know:

- If what he **said**
- Is **enough**

*He doesn't know:*

*If **The Offer** Alone*

*Is **enough***

*Is:*

*The Offer Alone*

*Enough for her*

*To go with **him***

*For the **lunch** together*

## What the man is thinking

The man sees that:

- The **girl** is **nice**
- **Friendly**
- And that **it** is a **nice** day **outside**

**He has presented:**

- **The Offer to her**

*They could have **lunch together***

*He **thinks that:***

*It is a **good idea for her**  
To **accept The Offer***

*He **thinks that:***

***They should go**  
And have **lunch together!***

## **She should accept The Offer**

The man:

- **Thinks that**
- **She should**
- **Accept The Offer**

*He **sees the girl:***

*Still **thinking to herself***

*He **really wants her:***

*To **accept The Offer***

So he **decides to:**

- **Try a little 'more'**

*He **wants to:***

*Add **'more' to The Offer***

***Maybe that will help her to accept it!***

## **The man deciding**

He **sees that:**

- The **girl is not yet decided**

*He **thinks** that:*

*He **still** has a **chance**  
To **win** a **date** with **her***

*Also:*

*It is a nice **day** outside!*

He **thinks** that they can **still**:

- **Go** for a **walk**
- Have **lunch** together
- And then **return**
- Along the **same way** that they **went!**

**He adds more to The Offer**

The **man** does **want**:

- For the **girl** to
- **Accept The Offer**

*He **wants** her:*

*To **go** and have **lunch** with **him!***

So he **decides** to:

- **Add** a little '**more**'

*He will add **more**:*

*To **what** he **said***

***Maybe** he could just **add a little more**:*

*To '**clarify**' what he **said** in **The Offer***

**Maybe** it would **show**:

- His **sincerity**

***Maybe** it would:*

***Give her more chance**  
To **see** his **nice Offer***

*The Offer:*

*Them having lunch together!*

### **Adding more:**

So the man **adds 'more'**

*He says to her:*

*'You know, these **things** that I say,*

*You can **count on** from me'*

### **Waiting for a reply**

The girl **hears** him, **what** he **said**

*She:*

*Continues to **think** to herself*

**She** also **thinks** of:

- The **Second** **thing** that he **said**

*He **said** to her:*

*'You know, these **things** that I say,*

*You can **count on** from me'*

### **Reviewing the Conversation**

**So:**

- We Have
- The **Conversation**
- **The Man and The Woman Story**

*We see:*

*The '**meeting**' of these **two** people*

When we:

- **Look at** this '**meeting**'
- We **see** that there are **3 Steps** here:

*The man is seeing the girl*  
*Simple, pretty and nice*

*He is approaching the girl to talk*

*And then he makes The Offer to her!*

The man does want:

- For the girl to
- Accept The Offer

## Looking at the First Offer

At First:

- The man
- Approaches the girl
- After seeing her

*He sees that:*

*She is*  
*Simple, pretty and nice*

*He probably thinks:*

*That it is ok*  
*It is safe*  
*Even a 'good' idea*  
*To make The Offer to her*

This was the First Offer:

- That he made

*This seems fine:*

*To 'like' her enough*  
*To make The Offer*

## The man waiting for reply

Then, after he makes his Offer:

- He waits and watches
- For the girl's reply or reaction

*He notices:*

*That the girl  
Doesn't reply 'soon' to The Offer*

*She:*

*Pauses  
Thinking about what he said*

*It starts to get interesting:*

*When the man  
Thinks again  
About the girl's reply*

*He seems to:*

*Double check  
On what he did  
He made The Offer*

## **Adding A Second Measure to his Offer**

This is:

- **The Main Part of the Story:**
- **The Man and The Woman**

After the girl:

- **Pauses, thinking** about what he said
- The man **decides** to
- **Add 'more'** to **The Offer**

*He added the line:*

*You know, these **things** that I say,*

*You can **count on** from me'*

When he **added** this **line**:

- **To The Offer**
- We **call** this:
- **Adding A Second Measure**

*He added one 'more' Measure to The Offer*

*This made The Offer:*

*Bigger, and maybe 'better'*

## **About Adding The Second Measure**

We see that the **man**:

- **Added A Second Measure to The Offer**

*He did this after:*

*Watching for the girl's reply or reaction*

*She was:*

*Thinking about The Offer*

*As it was said to her*

So he **did** this:

- **Adding A Second Measure to his Offer**

*With:*

*Adding A Second Measure*

*The man shows that*

*He probably cares about his Offer*

*And maybe the girl too*

He **seems** to **think** that:

- His Offer is **Good**

*Good*

*Valid*

*Even timely*

*Afterall:*

*It is a nice day outside!*

*He might think that:*

*The Offer is 'called' for*

*Like, the 'right' thing!*

## Thinking about the girl

When the **girl**:

- Hears the **man** at **first**
- When he **makes The Offer**
- She **listens**

*She:*

*Allows him to speak to her*

**Then:**

- **She Sees** him **add**
- The **Second Measure** to **The Offer**

*You know, these **things** that I say,*

*You can **count on** from me'*

*She probably **likes** it*

***She** probably **thinks**:*

*That **The Offer***

*Is more '**real**,' even **solid**!*

## The man extends himself

So the **man**:

- **Makes** his **Second Measure**

*He:*

*Adds the **additional** line*

*To **clarify***

*Tr **reassure** the girl*

So **she**:

- **Sees**
- That the man '**extends**' ' himself

*He seems like he is:*

*Caring*

*And he seems:*

*To want his Offer to continue*

So **she:**

- **Sees**
- That the man '**extends**' himself

## **Considering the girl**

We see:

- That he '**invests**' himself
- In the **conversation**

*The man:*

*Considers the girl*

*And then he:*

*Chooses to add*

*The **Second Measure** to his **Offer***

By **doing** this:

- **Adding The Second Measure**
- **To The Offer**
- He **tries** to '**reassure**' the **girl**

*He wants her:*

*To **think** that*

*His **Offer** is '**good***

*good*

*valid*

*even **timely!***

***Remember** that:*

*He is a '**professional**' man*

*So he **hopes**:*

*That, with the **girl**,  
He does '**good**' work!*

## **Going the Second Measure**

When the **man**:

- **Adds the Second Measure**
- Having **thought** about it **beforehand**
- He **shows** that he
- **Believes** in **what** he is **doing**

*He is **putting 'more'** of **him** in '**there**'*

## **Being in A Place**

So, **by**:

- **Being** there, with the **girl**
- And **adding** the **Second Measure**
- To **The Offer**
- **This** can be '**reassuring**' for the **girl**!

The **Point** to **this** is:

- After **making** the **Second Measure**
- **To** the **Offer**
- The man '**implies**' to the **girl**
- That **he** is in **A Place**

*The **Place** would **be**:*

*The **Place** of **issuing** his **Offer**!*

## **The man looking Solid**

The **man**:

- Tries to **convince** the **girl**
- **The Offer**

*When **he**:*

***Adds the Second Measure**  
**To his Offer**  
He **shows** that he **Believes***

*The man:*

*Believes in what he is doing*

*He:*

*Invests himself*

*In the **meeting** with the **girl***

*He **puts** more of '**himself**' in **there***

So, **he** is:

- **Believing** in his **Offer**
- He is **wanting** **The Offer**
- To **continue**
- To go **forward**

*And, by **doing** this:*

*He is more **there***

*More '**present**' in the **meeting***

*After **adding**:*

*The **Second Measure**,*

*There is '**more**' of **him***

*For the **girl** to **get to know!***

**This** can be called:

- **Being** more '**solid**'

**Trying to convince the girl**

So the **man**:

- **Tries to convince** the **girl**
- **The Offer**

*He:*

***Tries to convince** the **girl***

*By **doing** this:*

***Adding** the **Second Measure***

*To the **Offer***

*He is:*

*Coming **forward***

*He is:*

*Extending himself*

**Then:**

- It is **easier** for **her**
- To **find** him '**convincing**'

*If **this** is '**so**'*

*If **it** is '**good**'*

*Then **she** has **met***

*A **good** man!*

*And he is **trying**:*

*To '**convince**' her of **that**!*

**Helping ourselves to look better**

**So:**

- By **adding** the **Second Measure**
- To his **Offer**
- The man **looks** more **solid**

*He looks **better**, after adding '**more**'*

*With the **Second Measure**:*

*As **additional***

*Then there is '**more**' there!*

**And **this** is **what** the **man**:**

- **Wants to do**
- What he **tries** to **do**
- In order to **win** the girl's **attention**

*If she **likes** him, then*

*They can **have** this **event** **together**!*

*They can '**do**' **The Offer**!*

## Summary

So **here** we have seen:

- The '**good**' Story:
- **The Man and The Woman**

*They had a simple 'meeting,' these two*

It was:

- Only their **first** encounter
- Yet there are some **fun things**
- To **take away** with it

*The man:*

*Made the Offer at the start*

*Then, later:*

*He added the Second Measure of The Offer*

So he did **commit** himself

He **committed** himself:

- When **he**
- Came **forward**
- And **showed** his **regard** for the **girl**

He **committed** himself, **also**:

- When **he**
- **Decided** to **add**
- The **Second Measure** of **The Offer**

*This showed:*

*That he was caring and thoughtful*

*So:*

*This can make The Offer 'fuller'*

*This is because:*

*He put 'more' of himself in it!*

*The man was 'more'*

*When he added*

*The Second Measure of The Offer*

## **Looking Attractive**

When **The Offer** was:

- **Made** by the **man**
- It was **'simple'**

*The Offer was just an 'invitation' to lunch*

And **then**:

- When the girl **saw**
- That there were **two parts** to
- **The Offer**
- It was more **likely** that **she**
- Could **find** the **Offer 'attractive'**

*If she:*

*Found it 'attractive*

*Then it would be*

*A 'good' Offer, like 'positive'*

**So:**

- There was a **'value'** for the **man**
- If he could **make The Offer**
- **Look 'attractive'**

*If they both:*

*Liked The Offer*

*From him for her*

*Then they could be*

*On The 'same' page*

*In touch with each other*

This **way**, they likely **could**:

- **Attend** the **'event'** together

*The **two** of them, **going** for a walk*

*And then, **having** lunch together*

## **Having a Place**

We have seen:

- That the man's **Offer**
- And the **Second Measure** to **The Offer**
- **Made** the whole thing '**attractive**'

*I also **mentioned** that:*

*By **adding** the **Second Measure**  
To **The Offer***

*The **man** was more '**full**'*

*The **man** was even '**bigger:**'*

*After he **made** the **full Offer***

***The Offer** had **two parts** in it*

So the **man**:

- Had more '**substance**'
- After he **added**
- The **Second Measure** to **The Offer**

***This** makes him **look** like:*

*He **has** a '**place**'*

*The '**place**' is:*

*Where the **full Offer***

*Was **made** from*

## **Using A Place as A Seat**

Having a '**place**' is '**good**'

*And:*

*The **man** had a '**place**'  
When he **added** '**more**'*

*He added 'more:'*

*To **The Offer***

After **that**:

- He was **'more'**

*More **solid***

*More **full***

*More with **substance***

**Then:**

- The **'place'** that he **had made**
- **Served** like a **'seat'** for **him**

With a **'seat'** then he **could**:

- **Work** better
- **Be** more **stable**
- And **'appear'** better
- To the **people** around **him**

**What the girl saw**

**So, with **The Offer**:**

- Having the **two parts**
- Then there was **'more'** there
- For the **girl** to **'see'**

*The **Original Offer***

*And the **added part***

*To go **with it***

*There was **'more'** there*

*For the **girl** to **'see'***

**This way, the girl:**

- Got to **'see'** that
- The man **seemed** to **care**
- And he **stayed**
- To **show it** too!

*And **this** is a lot '**more**'*

*And much '**better**' than*

*Just a '**simple**' Offer alone*

**Without:**

- **Adding** The **Second Measure**
- To **The Offer**
- Then the girl **might not**
- **Understand** as much!

*I **think** that:*

*It **helped** the man*

*When he '**bolstered**' The Offer*

*With '**more**'*

*It gave **The Offer** a '**boost**'*

***Yay***
