

Breach of Contract

Author: Thomas Lloyd

TheEvenMind

This is My **Article**:

- **Breach of Contract**

*It is **About**:*

*A **Contract**
And The **Breach** of it*

A Contract:

- We **Know**
- Like
- When Two **Parties**
- **Agree** on Something
- Even **Formally**

When:

*Two **Parties**
Agree on Something
And **Establish A Deal**
It is Usually Known
As A **Contract***

So:

- In This **Article**:
- **Breach of Contract**
- We Will See
- A **Contract**
- And One of The **Parties**
- Coming Up **Short**

*This Would **Spell**:*

Breach of Contract

Violation of Agreement

The **Term**:

- **Breach of Contract**
- Is
- A **Violation of Agreement**

*The Two **Parties**:*

*In The **Contract**
Have **Obligation**
In The **Contract***

*Each **Party**:*

*In The **Contract**
Must **Do His Part***

*That is The **Agreement**:*

*In The **Contract***

*The Two **Parties**
Agree on Something
And **Establish A Deal**
The **Contract***

*The **Term**:*

***Breach of Contract**
Is
A **Violation of Agreement***

The Origin of Result

In **Ancient Times**:

- There Was
- The **Word**
- **Sult**

Sult:

*Was
Hunger or Famine*

So:

- **Result**
- A **Word** that We **Know**
- Came From
- **Sult**
- **Hunger** or **Famine**

Result:

- Is
- **Product** or **Fruit**

So:

Result

A Word that We Know

Came From

Sult

Hunger or Famine

It is interesting to Think:

That

*All **Result***

Came From

Sult

Hunger or Famine

Whoa

We All Appreciate:

Result

Like

*The **Harvest***

Yes

*The **Origin of Result***

A Violation of This

Since:

- **Result**
- Like
- The **Harvest**
- Was From
- **Sult**
- **Hunger** or **Famine**

- **Then**
- Is This **Every Time**
- No

Sometimes:

- There Could Be
- **No Result**

For example:

If We

*Don't **Do** Something **Right***

Or

*Don't **Care Right***

*When We **Do Something***

Then

*Perhaps **No Result***

*Sad To **See***

But

*Could **Be***

So:

- If
- **Result**
- Like
- The **Harvest**
- Was From
- **Sult**
- **Hunger** or **Famine**
- But
- **No Result**
- Then
- **What Do We Get**

Afterall:

- **No Result**
- Is
- A **Violation** of **This**

If:

- **No Result**
- Then
- Only **Insult**

Insult:

By **Definition**

Is

Only **Arrogance**

This is:

Like

*A **Sentence***

With

*No **Object** in it*

Like

*A **Sentence***

*Said To **Nobody***

So, **Insult:**

- Is Not **Good**
- For Anybody

Hey:

*We Have **Seen** This*

Insult:

- With
- No **Product**
- No **Fruit**
- But
- Only **Arrogance**
- Is
- A **Violation** of **This**

No Result

Is

Only **Insult**

A FACT

We:

- **Went to school**

As **Kids:**

We All
Went To School
A Lot

High School **Mandate:**

- By **Government**
- Was
- **Minimum**
- Thirteen Years

Age Five
To
Age Eighteen
Was
High School Mandate

In Those:

Thirteen Years
Age Five
To
Age Eighteen

Our **Youth**
Was **Extinguished**
Like
A **Cigarette Butt**

This Was **Hard:**

The **Thirteen Years**

Yet:

- We Did
- **Finish** it

- We Did
- **Complete** it

See The High School Diploma

An Earned Education

Seeing:

- The High School **Diploma**
- We **Earned** An **Education**

By:

Completing

The High School Mandate

*By **Government***

*We Got An **Education***

*We **Earned** An **Education***

So:

- We **Did** The **Program**

*See The High School **Diploma***

The Point

This **Article** is:

- **Breach of Contract**

*We Have **Seen** that:*

*A **Contract***

Is When

*Two **Parties***

***Agree** on Something*

*Even **Formally***

When:

*Two **Parties***

***Agree** on Something*

*And **Establish** A **Deal***

It is Usually Known

*As A **Contract***

So, We **See:**

- The High School **Mandate**
- By **Government**

The High School Mandate
By Government
On Us
Was A Contract

Those:

Thirteen Years
Age Five
To
Age Eighteen
Was
The High School Mandate

We Did:

The Program
We Got
The Education
Completed

See The High School Diploma

Then:

- This Was
- The Contract
- The Deal

This Was:

The Us And Them

Us And Staff
Was The Deal
The Contract

The High School Mandate
Was
Get The Education
The High School Diploma

The Breach of Contract

So:

- After To Get
- The Education

- The High School **Diploma**
- Then
- **Life** Should Be **Possible**

*We Were **Told:***

*Good **Career***

Prosperity

*A **Chicken** in Every **Pot***

*Two **Cars** in Every **Garage***

*Promises **Promises***

*Went **With***

*The High School **Mandate***

Yet:

- **After** All of **This**
- It Turns Out
- **Slim**

*There is **Not:***

*A Good **Life** There*

*So Many **Promises***

*That Went **With***

*The High School **Mandate***

*Did Not Come **True***

*Not **Much***

*Did **Materialize***

From

*The High School **Mandate***

Conclusion

If:

- Not **Much**
- Did **Materialize**
- From
- The High School **Mandate**
- Then We **See**
- The **Breach of Contract**

So:

- This **Deal**

This Deal:

*That We Fulfilled
Is Fruitless
Barren
Even Empty*

Then:

- To Conclude
- This Was
- Not Really
- A Deal

*It Was
Not A Deal
But
More Like
Ordeal*

*We Tried So Hard
Got Education
But
Result is Only
Breach of Contract*

*One Party
In The Agreement
The Deal
The Contract
Did Not Fulfill*

This Was:

- A Violation of Agreement
- A Breach of Contract

*Inconsiderate
Perhaps
Entirely*

*Only A Bad Deal
The High School Mandate
A Breach of Contract*

*An Ordeal
A Burden*
