

Splitting Hairs

Author: Thomas Lloyd
TheEvenMind

This is My **Article**:

- **Splitting Hairs**

*It is **About**:*

Splitting Hairs
Which Means
Spending A Lot of Time
On A Small Thing

All Around **Today**:

- I **See** People
- Acting **Poorly**

*They **Get**:*

Rude
Hasty
And Even
Discourteous

The **Point** is:

- There Doesn't **Seem**
- To Be A **Reason** For **This**

So:

I Think that
It is Only
Splitting Hairs

I Will Talk A Little
About This Here

Seeing The People There

As I Say:

- I **See** People **Today**
- In **Public**
- Acting **Poorly**

Whoa:

*Sometimes They Are
So **Rude***

I See Them:

- **Lunging** At Others
- **Shooting** Things
- Like
- Loco **Ideas**
- Or
- Rude **Comments**

*This is **Often**:*

*Not **Pleasant***

Sometimes it is:

*Just Plain **Unseemly***

I Mean:

- These **People**
- Are they **people**
- omg

Just:

***Look** at them
What they **do***

*It Does Not **Amount To Much***

***Seeing The People** There
In **Public**
Acting So **Poorly**
This is **Only**
Splitting Hairs*

Splitting Hairs **Means:**

- Spending A **Lot** of **Time**
- On A **Small Thing**

*Seeing The **People** There:*

*Not Much **Result***

Why Split Hairs

Well:

- **Why** Do They **Do** This
- The **People** in **Public**

*It is **Like:***

*They Are
Looking for **Something**
In Nothing*

*What They Do **Seems:***

Insignificant

They Are:

- **Missing** A Lot
- Like
- Shooting **Comments**
- That Cannot **Be** Accurate

*If it is **Only:***

Splitting Hairs

Then

They Are Only

Procrastinating

Delaying

Or

Obsessed** with **Nonsense

*It **Seems** Like:*

***Nonsense** Only*

*There is No **Fruit** in **This***

It is Not **Better Than**:

- **Nit** picking
- Or
- **Beating** around the **bush**

They:

Lunge

Or

***Shoot** stuff out*

Like

***At** others*

*This **Appears Like**:*

*A **slur***

It is:

*Not **sincere***

So

*Like a **slob***

So:

- Why **Split Hairs**

The Point

The **People**:

- **Acting** Poorly
- **Miss** a lot

For example:

*They Don't **know** the **person***

Then

Decide** he is **no good

Or

*In **error***

They **Slur**:

- **Shoot** a poor
- Or
- **Bad** remark
- A **slur**

*This is **Only**:*

*A **waste***

*And **Usually**:*

*A **miss too***

So:

- The **Point** is
- There is a general **lack**
- Of **accuracy**

With:

*Poor **accuracy***

Then

*They **miss a lot***

I **Think** that:

- **Missing** Makes **Failure**

What To Do

There Might **Be**:

- No **End To This**

Overall:

*This **accumulates***

***Other** People:*

*Do Not Have **Extra***

It **Might**:

- Get **Assumed**

Maybe:

- If this **Missing**
- Is
- What they **make**
- Like
- By **assembly**
- Then **Maybe**
- **That** is **what** they **Are**

Other People:

Do Not Have Extra

Hey:

- You cannot **make**
- A **Brick** of this

This Stuff:

Misses A Lot

So:

- It only **amounts**
- To
- **Splitting Hairs**

It is Just:

*Wasting much time
Doing **nothing***

That is What:

***Redundant** is
Doing the same thing
Over and over
No **Result***

*Wasting much time
Doing **nothing***

So:

- Only **Splitting Hairs**

Pg 6

No result
No product
No **fruit**

Not Going Anywhere

Splitting Hairs:

- Is A **Concern**

This is **not**:

Refining

Or

Honing in

It is **Not**:

Any **form** of
Getting **better**

Splitting Hairs:

- Only **amounts** to
- Accumulated **losing**

These **Things** Add Up

It is **Like**:

Not **Going** Anywhere

Splitting Hairs Weakness

If We:

- **Work** and **work** on something
- And
- Do not **refine** it
- Like
- No **product**
- No result
- Then
- There is no **resolve**

We **want** inspiration

We **want** to keep going

Splitting Hairs Weakness **is**:

- It is **hard** to **see**
- In **this**
- A **ticket** to the **future**

We **Have To Be**:

Accepted
To Continue

Splitting Hairs Weakness:

- Can Be **Bad**

If:

Only **decay**
Like
Just **diminish**

If:

This is **true**
Then
Countdown to **doom**

Tragic:

We cannot **do**
The same **thing**
Forever

Criticizing People
Is **Not**
A **Way of Life**

It is:

Acidic
And People get **mad**

Redundant is:

- **Doing** the **same** thing
- Over and over
- With
- No **improvement**

*We **need**:*

A product

*We **need**:*

An entree

*In our **day***

Seeing this:

- **Splitting Hairs**
- And
- From **many** people
- It can **make**
- A **cloud** of **gas**

*A Gaseous **mass**:*

*Like A **Cloud***

Is

*Hard to **read***

Interpret

Then

Tragic

*We Should Do **Better***

Conclusion

*We **Need**:*

*To get **resolve***

*We **Need**:*

Something with

*A **ticket** to the **future***

*We **Want** People To **Like** Us*

*The **people**:*

***Doing** this*

*Only **Splitting Hairs***

Are like

Living** in **abandon

*This **Seems** Like:*

*Only **One D***

*Not **More***

*We **Want** People To **Like** Us*
