This is My **Story**:

- **The Man And The Train**

*It is **About**:*

*A **Man***

*Going For A **Train** Ride*

The Man:

- Wants To **Visit**
- A **Relative**
- In A Distant **Town**

*The **Town**:*

*Where The Relative **Lives**
Is Some Distance **Away***

*The Man **Intends**:*

*To Go There By **Train***

The Setting

The **Story**:

- Is set in India
- A long time **ago**

*At that **time**:*

*Things were **calm**
And rather **orderly***

*People **behaved** civilly:*

*So things were **simple***

The Man:

- Wants To **Visit**
- A **Relative**
- In A Distant **Town**

*The **Setting**:*

*Is the man's **hometown***

It was common:

*For a **man***

*To travel by **train***

*The train **station**:*

*Where his journey **starts***

*Was a **known** place*

About The Man

The man:

- Is a middle **aged** man

He wants to:

Visit A Relative

*In A Distant **Town***

*For **this**:*

*To **visit** a relative*

*He will **use** the **train***

Since his **destination**:

- Where the relative **lives**
- Is some distance **away**
- He will need a **luggage**

*So the **man**:*

*Plans to **bring***

*A **suitcase** with him*

Pg 2

*His **Relative**:*

*Is in A Distant **Town***

Reason For The Story

As we **see**:

- The **Story**
- Is **set** in India
- A long time **ago**

*At that **time**:*

*A long time **ago**
Things were **similar**
To **now***

In order to:

- **Make** his **journey**
- By **train**
- And **visit** a **relative**
- The man needs a **plan**

*When we **see**:*

*That the **man**
Has a **plan**
With **steps** in it
Then the **story**
Makes **sense***

Therefore:

Reason For The Story

The Plan

As we **see**:

- The man wants to
- **Visit A Relative**
- In A Distant **Town**

*He **intends** to:*

*Use the **train***

And:

He has a **plan**

His **plan**:

To travel by **train**

Has **parts** in it

These **parts** are **simple**:

We all **do** these **things**

For his **journey**:

- The man will
- **Start** from **home**
- And **go** to
- The train **station**

So it is:

At the train **station**

Where the man's **journey**

Really **begins**

Still:

- He must **get** to
- The train **station**

At:

The train **station**

He will **catch** the **train**

The man wants to

Visit A Relative

In A Distant **Town**

He will need a **luggage**:

So the man

Plans to bring

A **suitcase** with him

The weather is **hot**

Going To Train Station

On that **day**:

- The **day** of his **journey**
- The man **starts** out

He must:

Get to
The train **station**
To **start** his **journey**

He plans to:

Bring a **suitcase** with him
And
The **suitcase** is **ready**

So he will begin:

The **process**
Of **going** to
The train **station**

His suitcase is ready:

He is in
An ok mood

Arriving To Train Station

The train **station**:

- Is a **simple** place

It is:

One story high
With a lot of room
For People

There is much:

- **Circulation** at
- The train **station**

Pg 5

Much:

Coming and going
Of people

*Is **there***
*With the train **tracks***
*Passing **by** it*

*The **trains:***

- **Arrive** occasionally
- During **day** and **night**

The man must:

Get a ticket

Pg 6

*His **journey** is:*

*By **train**
To a distant **town***

*He **knows** the
train **station**
from **before***

He:

- Has a **plan**
- He is **at**
- The train **station**

*After to **get** a **ticket**:*

*The man must **wait***

*He will **know**:*

*The **time** of his **train***

The Man's Outlook

His **suitcase** is **ready**:

- The man is **in**
- An ok **mood**

He will:

*Take the **train**
To **get** to his **destination**
To **Visit** a **relative***

We can **see** that:

- The **way** that he
- **Boards** the train
- **Rides** the train
- And **arrives** at **destination**
- Is **his** business

*The **way** of:*

***Boarding** the train
Riding the train*

The way of:

Arriving

Is very much

Up to him

He **plans** to:

- Pay **attention**
- And be **careful**
- As he **proceeds**
- Along the **journey**

When the man is:

Mindful of others

*Then being **courteous***

*And things **working** out*

*Can be his **experience***

He is **there**:

- Along with
- Everybody **else**

*We **work** with:*

*The **possibilities***

*That we **find***

*The **choices** that:*

*Are **available***

*In **front** of us*

The Man's **Outlook**

- Is **ok** for the **day**

How he:

Views

Handles

*And **manages** his **journey***

*Is **up** to him*

The Man Continues

He has a **plan**:

- **Steps** in the **plan**

*At the train **station**:*

*The man **proceeds** carefully*

Many **trains**:

- **Come** and **go**
- At the train **station**

There is much:

***Circulation** of **people**
Passengers*

The man:

- **Gets** his **ticket**
- In the train **station**

*He **hopes** that:*

*It goes **ok**
When he **continues**
On his **journey***

The People There

The people:

- Behave **ok**
- At the **station**

They are usually:

***Mindful** of others
Like the **man***

***Mindful** of others:*

*They **allow** them
To **be** there*

They usually **agree**:

- To get **along** together
- At the train **station**

*Trains **arriving**:*

*Occasionally
During **day** and **night***

*Many **people** at
The train **station***

Waiting For The Train

His **train**:

- The man **waits** for
- His **train**

*He **waits** for:*

*The **time** of arrival
To **board** the train*

He has a **plan**:

- A **method** that he **uses**

*to see
to view
to **manage**
boarding the train*

*He has a **plan**:*

***Getting** to the train
Boarding it
To **take** his **ride***

*Many **people** at the **station**:*

*The weather is **hot***

Anticipating Train

Many **people**:

- **Waiting For The Train**

*The **train**:*

***Gets them all**
To their **destination***

*It is usually that **way***

This is **set** in:

- A **modest** setting
- The people are **poor**

Still:

*They get **along***

*So **each** person is
Able to
Get to the train
When it **stops***

*So **each** person is
Able to
Find a place
On the train
To **take** their **seat***

*It is an **ancient** tale:*

From India

Waiting For The Train:

*The man must **remember**
His **suitcase***

- And they get **ready**
- The **people**

*Upon **arrival**:*

*They **walk** to
The **train stop**
The **place** where
The train **stops***

Each:

- Train **car**
- Has a **number**

Each:

*Train **car**
Has **seat** numbers*

The man must:

Find** his **car

His seat:

Is inside the car

The Train is There

As the:

Pg 13

The Suitcase

Many **people** at the **station**:

- The weather is **hot**

Since many people:

*And weather is **hot***

*He will **carry***

*The **suitcase***

*On his **head***

*It is **common**:*

*At the train **station***

Carry** the **suitcase

*On his **head***

Many people:

***Boarding** the train*

Seeking** their **seat

The man will:

Carry** the **suitcase

*On his **head***

The Conditions There

The weather is **hot**:

- Getting **on** the train

***Look** around*

*To **take** their **seat***

*To **find** their **seat***

On the train

The man will:

The weather is hot

Many people

Many train cars

Train cars with number

The man must **walk**:

- **With** the people
- **Search** for
- His train **car**

*From the **station**
To his **seat***

Hey:

- It's hard to **do**

*It's **hard** to:*

***Sequence** it*

***Carry** the load
While **walking** in sun
Many **people**
Measured **time** to **board***

*Many **people**:*

***Hope** for
Common **decency**

*Getting **along** together
Positive for the man*

The man:

*Has a **hard** time
There's a **lot** to **do***

And:

*Our man
Has a **train** to **catch***

The Moment

There is a:

- **Precision**
- In the **moment**

The man:

*being **at** the train **station**
approaching the train
get **up** to it
board the **train** successfully*

*to **find** and **take** his **seat**
for him to **ride** his **journey***

*walking

Many train **cars**
Whoa*

Then the man:

Finds** his **seat

THE END

After so **much**:

- The man
- **Takes** his **seat**

Finally:

*He is **at**
His **seat***

The whole **process**:

- Take a train **ride**
- Is **complete**

*He is **at**
His **seat**
Pg 18*

So:

- **Relaxing**
- The man **puts**
- His **suitcase** on the **floor**
- **Next** to his **seat**

*It is **Relief**:*

***Put** his **suitcase**
On the **floor**
Next to his **seat**
Whoa*

Moral of The Story

There is a:

- **Moral** of The **Story**

*This is quite **simple**:*

*When the man
Approaches train
He has **suitcase**
On his **head***

*To **carry** it:*

*He has **suitcase**
On his **head***

Then:

*Taking his **seat**
He **puts** his **suitcase**
On the **floor**
Next to his **seat***

*It is **Relief**:*

***Put** his **suitcase**
On the **floor**
Next to his **seat***

So:

- **Moral** of The **Story**

*There is no **need**
To carry **suitcase**
On your **head**
If the **train**
Will **carry** it*

The man:

***Put** his **suitcase**
On the **floor**
Next to his **seat***

*The train will **carry**
His **suitcase**
He has his **seat**
Suitcase next to **him***
