This is My **Article**:

- **A Call For Eloquence**

*It is **About**:*

***Engagement***

*Like*

*When People **Meet***

When People **Meet**:

- There are **two** people

***One** person:*

***Encounters** another*

When this **happens**:

- People **meet**
- It is often
- **Casual**

*We **meet** people:*

*Under various*

***Circumstances***

When we:

- **Meet** people
- It is not always
- A **long** time

***Brief** encounter*

*Could **occur***

Then:

- When we
- **Meet** people
- We **see** if
- It **continues**

*We **know** this*

*So:*

*When we  
**Meet** people  
If **not** continue  
Then do we **need**  
**A Call For Eloquence***

*Let's **See***

## **On Eloquence**

Definition:

- **Eloquence**

***Eloquence** is like:*

***Non** aggressive  
Or **Thoughtful***

It can be said:

- **Eloquence** has
- A **smooth** way to it

*It can be like:*

***Considerate***

*For example:*

*A good **listener***

***Eloquence** may even:*

***Be faithful***

If we **find**:

- **Eloquence**
- It is like
- Someone who
- Won't **betray** us

*We do not want  
To **meet** someone  
Who would  
**Betray** us*

*That would be:*

*Poor faith*

## **Eloquence Sign**

**Eloquence:**

- Is a **smooth** thing

*We do not want:*

*To **meet** someone  
Who would*

***Knock** us off of  
Our **horse***

*Throw us in a ditch*

***Eloquence:***

*Is **more**  
Of a **smooth** thing*

## **The Story**

Let us see:

- **A Story**
- For example
- **Eloquence**

*Article is:*

*A Call For Eloquence*

The **Story:**

- Can **serve**
- For **Engagement**
- Like
- When People **Meet**

So let's **say:**

When we **meet** someone

There are

**Three** types:

- Type **one:**

**Meet** someone

And it is

Quick passing

Like **brief**

Not **lasting** long

- Type **two:**

**Meet** someone

And it is

Medium

So

Not certain

We are not **sure**

How **long**

It will **last**

- Type **three:**

**Meet** someone

And it is

Sort of familiar

This is like:

**Definite** relation

**Definite** attraction

So:

Type **three** is  
Like  
Some **trusting**

Then:

- When we **meet** someone
- There are
- **Three** types

*Type one*

*Type two*

*Type **three***

*The **three** types:*

*Of when*

*We **meet** someone*

## **Related To Title**

These **three** types:

- To **meet** someone
- Can **serve**
- For **Reason**
- The **Title**

*Article is:*

*A **Call For Eloquence***

If we **meet** someone:

- Then
- What **type** is it

*Type one*

*Type two*

*Type **three***

*We can **call** this:*

*Short*

*Medium*

*Long*

*This makes it **easy***

The **reason** for this:

- Is the **middle** one
- Type **two**

*Type **two** is:*

***Meet** someone*

*And it is*

***Medium***

*So*

*Not certain*

*We are not **sure***

*How **long***

*It will **last***

Then:

- To make it **quick**
- Is this
- A **Call For Eloquence**

*This **is:***

***Main Point***

*If we **meet** someone:*

*And it is*

*Type **two***

***Meet** someone*

*And it is*

***Medium***

*So*

*Not certain*

Then:

- How **sure** are we
- About a **relationship**

*This is:*

*Main Point*

## **A Second Measure**

**Article is:**

- **A Call For Eloquence**

*A Call For Eloquence:*

*Can be also  
A Second **Measure***

This is like:

- **Spending** more

*Example was:*

*If we **meet** someone  
And it is  
Type **two***

***Meet** someone  
And it is  
**Medium**  
So  
Not certain*

*Then:*

*How **sure** are we  
About a **relationship***

**Medium** or:

- Not certain
- **Means**
- We are not **sure**
- About the person

*So:*

*We are not **sure**  
About **Spending** more*

*This brings up:*

*Article Title*  
*A Call For Eloquence*

This:

- **Spending** more
- Can be also
- A Second **Measure**

## **Adding More**

If we **meet** someone:

- And it is
- Type **two**
- **Medium**
- Or Not certain
- Then **what**

*If we are:*

*Not sure*  
*Then*  
*What about*  
***Spending** more*

What about:

- A Second **Measure**

*A Second **Measure**:*

*Is like*  
***More***  
*Or further*

**Meeting** someone:

- Type **two**
- **Medium**
- Or Not certain
- Does not **directly**
- Call for
- **Spending** more

**Medium:**

*Or Not certain*

*Then we are*

*Not **sure***

**Spending** *more*

*A Second **Measure***

*Then maybe **not:***

*A **Call For Eloquence***

## **Story of Today**

Today we **see:**

- So many
- **Bad** people around

*Many **people:***

*Are **shady***

*Many **things:***

*Are **shady***

These things are:

- Not so **founded**
- Not so **put**

*Not **established:***

*Is like **this***

*We **see things:***

*Wandering*

*Wavering*

*Vacillating*

*We **see:***

*Hedging*

*Or **shady***

So:

- **Seeing** these things
- Is there
- **A Call For Eloquence**

*Meeting someone:*

*Type two*

**Medium**

*Or Not certain*

*Does not **directly***

*Call for*

**Spending more**

*Is there:*

*A Call For Eloquence*

**Spending more**

*A Second Measure*

*This is **in:***

*Story of Today*

## **More of This**

**Meeting someone:**

- Type **two**
- **Medium**
- Or Not certain
- Can **occur** for us

*There are:*

*Many people out there*

*Sometimes there **is:***

*Meeting someone*

**Medium**

*Or Not certain*

Then is it:

- **Interesting**
- Full
- Valid

*Is it:*

***Compelling***

*Normal*

*Regular*

*Or ok*

If we:

- Stick our **neck** out
- For someone
- Then we **care**

*It seems that:*

*We care*

Is there:

- A **Call For Eloquence**
- **Spending** more
- A Second **Measure**

*It is up to us*

*Type **two**:*

***Medium***

*Or Not certain*

*Can **occur** for us*

*Sometimes we **choose**:*

*To volunteer*

## **More Description**

Sometimes we **see**:

- A type **two**

**Medium:**

*Or Not certain*

*Then is it:*

**Put**

*Stood*

*Valid*

*Is it:*

**Regular**

*Like formal*

*With a fullness*

*Otherwise:*

*Is there*

*A Call For Eloquence*

*Spending more*

*A Second Measure*

## **Relationship**

If something is:

- Not **put**
- Then
- Hard or difficult
- To **understand**

**Relationship:**

*Sometimes*

**We know:**

- Friends
- Business deals
- Partners

**Relationship:**

*Sometimes*

**Relationship** has:

- **Going** a second

*This often means:*

**Engaging**

*Like to consider*

**Consider to:**

*Enter a relationship*

**Relationship like:**

**Conversation**

We **like** Relationship

- Friends
- Business deals
- Transactions
- Partnerships

*Also:*

*Many type two*

**Medium**

*Or Not certain*

So:

- Type **two**
- Does it **qualify**
- Like
- For a **pair**

*A partner*

*A compliment*

*Is there:*

**Enough there**

**Enough to:**

**Call a second**

*Is there:*

*A potential*

**Capacity:**

*For a second*

*Is there*

*A Call For Eloquence*

**Spending** more

*A Second Measure*

## Maybe Not

If not:

- A Call For Eloquence
- Spending more
- A Second Measure
- Then what

*Sometimes:*

*We **meet** someone*

*And it **must** be*

Yet:

- How **much** is there

*Is it:*

*Flaky*

*Wishy washy*

**Abstract**

*Is it:*

*Meh*

**Not put**

Remember:

- We see
- All of the **badness**

*Faults*  
*Lacking*  
**Poor** qualities

*These appear:*

*In the common today*

Is it:

- A **Call For Eloquence**
- **Spending** more
- A **Second Measure**

*Can be no*

So:

- If **not**
- Then maybe
- A **second** choice

*Like:*

**Formal**

If we:

- **Need** to engage
- Like
- **Some**
- Then perhaps
- A **call** for **formal**

*With formal:*

*We can do*  
**Proper**  
*But not*  
**Spend** too much

*Maybe not:*

**A Call For Eloquence**  
**Spending** more  
**A Second Measure**
