

A Man on Speed

Author: Thomas Lloyd
TheEvenMind

This is My **Article**:

- **A Man On Speed**

*It is **About**:*

*A **Similarity***

Similarity is like:

- When Two **Things**
- **Resemble** Each Other

The example:

*A **man**
Racing along
but
Racing along
for **what***

By:

*For **what**
I **mean** like
Not really **knowing***

A Man May Be:

- **Racing** along
- But **also**
- Not **knowing**

So:

*A **man**
Racing along
but
Racing along
for **what**
Pg 1*

*For what
Means like
Not really **knowing***

Hence:

- The **Title**
- A **Man On Speed**

Let's See

A Fact

These **Days**, it is:

- **Said** that
- Many people **take**
- The drug **speed**

*I **think** that We have
Heard of:*

*The drug **speed***

The main **example** of:

- The drug **speed**
- That I have **heard** of
- Is methamphetamine

*It gets **called**:*

Meth

This is **example** of:

- The drug **speed**

*This **drug**:*

***Speed**
Makes the **body**
Run faster*

*Many people **know** this*

So:

- A **Fact** is
- These **Days**, it is
- **Said** that
- Many people **take**
- The drug **speed**

The reason to:

*Say this is
The **Title**
A **Man On Speed***

About The Speed

This **drug**:

- **Speed**
- **Seems** to be **around**

For years:

*I have **heard** of
Meth labs*

These:

***Meth** labs
People **make** drug **speed**
In their **basement***

For **years**:

- I have **heard** of
- **Meth** labs

Btw:

*Besides **these**
Products from **meth** lab
There are **probably**
Better ones **too***

*These **Days**, it is
Said that
Many people **take**
The drug **speed***

Since this:

- **Seems** true
- Then
- We **approach**
- The **similarity**

This Article:

*Is About
A Similarity*

Signs of The Speed

Well:

- If many people
- **Take**
- Or have **taken**
- Drug **speed**
- Then
- The **signs**

Signs of The Speed:

*Means
Some **result** from
Take the drug **speed***

Some **signs** of:

- **Take** the drug **speed**
- We can **see** around

Take** the drug **speed:

*Could have **result***

So:

- If
- **Take** the drug **speed**
- Could have **result**
- Then
- Is it **ok**

Also:

The similarity
Would be
Take the drug **speed**
And
The Title
A Man On Speed

A Man On Speed:

- Is the drug **speed** ok
- Is it **useful**

Is there:

A similarity
An ok

Drug Speed Over Time

We saw:

- These **Days**, it is
- **Said** that
- Many people **take**
- The drug **speed**

So:

Many people
Use drug speed
Over time

For **some:**

- It is **said**
- **Long** time

One point:

To mention about
Drug speed
Is the term
Singular

I don't **think**:

- Drug **speed**
- Is **robust**

I think it is:

Singular

This is like:

One only

It could mean:

Alone

So:

- After much **time**
- The same **thing**
- **Singular**
- Can it **continue**

I doubt it

Let's See

Enough Drug Speed

Now we see:

- The **similarity**

With signs of use:

The drug speed

Symptoms

Fatigue

Singular

If people get:

Fed up

Tired

Or had enough

Drug speed

Then

What is the point

Is there **value**:

- Drug **speed**

The Title:

A Man On Speed

*A man
Racing along
but
Racing along
for what*

Is there value

By:

- For **what**
- I **mean** like
- Not really **knowing**

If Singular:

*Then
How much value*

If Fed up:

*Then
How much value*

If Had enough:

*Then
How much value*

Is there:

*A similarity
An ok*

The Point

We mention:

- The drug **speed**

*These **Days**, it is
Said that
Many people **take**
The drug **speed***

With **signs** of **use**:

- The drug **speed**
- **Symptoms**
- Fatigue
- **Singular**

***Singular** is like:*

***One** only*

*After much **time**
The same **thing**
Singular
Can it **continue***

*The **Point** is:*

*The **Similarity***

The Similarity

By:

- **Similarity**
- I mostly **mean**
- Something I **see** around

*This **means**:*

*In The **Common***

I **think** that:

- Many **people**
- Have had **enough**
- Drug **speed**
- In the **common**

*What I **See** is:*

*People **lunge***

People **lunge**:

- At **others**
- Often in
- A **Wild** Way

When people **do** this:

Lunge

I don't **think** that

They **care** much

And:

- The Main **Thing**
- That people **lunge** for
- Is **Conclusion**

Whatever We **Talk** about:

Even at

Start of speaking

People **lunge**

For **Conclusion**

So **often**:

- People **approach**
- And
- **Lunge** For **Conclusion**

The **Reason**:

I have **said**

ENDING

This **Article**:

- Is **About**
- A **Similarity**

The **Title**:

A Man On Speed

If:

These **Days**, it is
Said that
Many people **take**
The drug **speed**

And:

Some **people** are
Fed up
Have had **enough**
Singular
Drug **speed**

A **Man On Speed**:

A **man**
Racing along
but
Racing along
for **what**

By:

For **what**
I **mean** like
Not really **knowing**

These **Days**:

- People **lunge**
- For **Conclusion**
- **Commonly**
- When they **want** to

Then **Similarity** is

When
People **lunge**
For **Conclusion**
Commonly

Is That **Just**
A **Man On Speed**
Wanting
Conclusion
Omg
Pg 10

About A **Similarity**:

The **Title**

A **Man On Speed**
