

Christian Folly

Author: Thomas Lloyd
TheEvenMind

This is My **Article**:

- **Christian Folly**

It is About:

*Christian
And
Questionable Behavior*

By **Folly**:

- It Can **Mean**
- Rather **Foolish**

Using A Method:

*That is
Questionable
Then Results Are
Slim*

Trying and Trying:

*Alone By itself
Does Not Really
Yield Result*

So:

*Article is
Christian Folly*

About:

*Christian
And
Questionable Behavior*

Christian Makeup

I Have Written **Before**:

- Christian **Makeup**

Christian:

*He is **Not**
A **Full** Guy*

Makeup is **Simple**:

- Christian is
- **Only** 75%

*50%
Christian **faith**
25%
Personal **effort***

*He is **Not**
A **Full** Guy*

Then:

- Christian is
- **At best**
- 75%

*Christian **Makeup**:*

*Christian
Not A Full Guy
At best
75%*

What One Is

Christian:

- **At best**
- 75%

We see him around

So:

- He is
- Not **even** a **One**

One is Needed

You must be **one**:

- In order to
- **Approach** fullness
- Or aura

*You must be **one**:*

*For **charisma**
Or **klout***

*You must be **one**
In order to
Be there*

Less than one:

- Is **not** one

***Not** one
Is
Not there*

Christian is:

*At **best**
75%*

*What **One** Is:*

*We **need** One*

Coming Up Short

Less than One:

- Is
- Coming Up **Short**

We like to:

Finish things
Complete things

See The Makeup:

Christian is
Only 75%

50%
Christian faith
25%
Personal effort

Less than One
Is
Coming Up Short

Btw:

- **Best result**
- For Christian
- **Only 75%**

This:

Coming Up Short
Is
Category Lazy

He could
Never be more

So:

Let's See
The Method

Christian Method

Christian is:

- **Not full**
- Probably **short**
- Like in **definition**
- **75%**

Still:

He goes forward

Onward he goes

This is like:

- Trying and trying

Christian goes:

Forward

Onward

Like

Trying and trying

If he is:

- **Short**
- Like in **definition**
- Then
- **Not** Complete

How could he finish

So:

- Christian **Method**
- He goes
- **Forward**
- Onward
- Like
- Trying and trying

Christian Method:

Christian's Method

Weary Christian

Christian Method:

- He **goes**
- Forward

He goes:

Onward

Like

Trying and trying

After **time:**

- He **proves** something

*Maybe he **knows:***

*Maybe **not***

*After **time:***

*He **proves** something*

Because of:

- The **definition**
- Like 75%
- He can **only** do
- **Futile**

*Not **more***

After **time:**

- He **proves** something
- **Futile**

This is like:

*Spinning the **wheels***

Also like:

*Not **going** anywhere*

This:

*Not **going** anywhere*

Makes

***Weary** Christian*

The Continuing

So:

- Christian
- Trying and trying
- **From his makeup**
- Only 75%
- Will **render**
- Only **futile**

Efforts from:

Christian

Made from his

75%

*Will only **amount to***

Futile

So he is:

- Like **this**
- Not **going** anywhere

This:

*Not **going** anywhere*

Makes

***Weary** Christian*

*Yet, **still:***

*Even as **such***

*Like **this***

*The **futile***

He still

Goes on

He still is:

Trying and trying

And

*After **time***

*Like **doing this***

*He **becomes***

Weary

Weary Christian:

- **Still**
- Trying and trying

*After **time***
*Like **doing this***
*Even **weary***
*He **goes on***
Trying and trying

*For some **reason:***

*He still **goes on***

Then probably:

- **This**
- Still **trying**
- I guess that he
- **Super** wants it

*Probably **each** person*
*Has his **own***
Reason for this
Trying and trying

Point

Since:

- Christian **definition**
- 75%
- Even **with** the
- Trying and trying
- Only **leads** to
- **Futile**
- He gets **weary**

Still:

*Even like **this***
*This **wanting it***
*He **goes on***
*He still **tries more***

The:

- Trying and trying
- Wtf

Btw:

- **This**
- Trying and trying
- Is **double**

Trying and trying:

*On top of
Trying and trying*

This is **double**:

- **Two the same**

*The
Trying and trying
Is **double***

So **this**, then:

- Is like pigshit

Definition is:

Meathead double

Meathead on:

- **Meathead**
- Is pigshit
- **Double**

Well:

*You can't get
Two out of one*

So:

- Not **really**
- Any **chance**

Pg 9

Trying and trying
*As **double***
*On top of **same***
Is pigshit

Still:

- **Like** this
- Cannot **yield** other

*So, the **same***

And:

*The **weary***
Oh

A Main Point

Denial:

- Is **around**

We see it:

Around

*Probably **since:***

*A **long time***
Denial

This has **in** it:

- To **deny**

Deny:

Or omit

Deliberate omit:

*Or **avoidance***

Denial
*Is **around***
*Is **popular***

This is **used**:

- In **practice**
- **Is** practiced

Hey:

We see it

People say it

So:

*A **Main Point***

Denial is around

Continuing

Still:

- **Main Point**

*So **this:***

Denial

We see it

Like

In trying and trying

Trying and trying:

Is seen

Double

Like

*In **practice***

Then:

- **Denial**
- In the
- **Second** measure of
- Trying and trying
- **Makes** futile

Trying and trying

On

Trying and trying

Makes futile

So:

- With **denial**
- **Also** in
- Trying and trying
- Then **resulting**
- Is **futile**

*So the **futile**:*

*Is now **double***

Double futile:

- Trying and trying
- And **with** denial
- **Still** futile

So:

Double futile

Futile:

Is

*Like **this***

*Not **going** anywhere*

And:

*Not **going** anywhere*

Makes

Weary Christian

Very:

Double futile

Oh

*A **Main Point***

Article is:

Christian Folly

Not Complete

Christian **is**, then:

- Not **Complete**

At first:

Makeup is

75%

Only 75%

Then:

Trying and trying

Even

Double

And:

With denial

Double double

This is, **then:**

- **Double double**
- **Double trouble**

Bad for Christian

So:

- Like **this**
- The 75% Christian
- **Not a one**

Not complete:

Just using

Trying and trying

So he:

- Christian
- Really **has**
- **No** method

Not recognized:

*Christian **method***

*Christian is, **then:***

Not Complete

Common Known

We all know:

- Each **task**
- Is **distinct**

*Each task **unique***

*Each **endeavor***

*Each **plan or action***

*That we **do***

Has

Steps in it

Also:

- No **two** things
- Are the **same**

*There are **specifics***

For **each** action:

- Each **task**
- **Specifics**

*You **cannot:***

***Milk** the cow*

*To **get***

*The livingroom **clean***

No

*For **each** action:*

*Each **task***

Specifics

Pg 14

Each task
Has specifics
With it
For it

So Christian:

- **Using**
- Trying and trying
- **Over and over**
- Doesn't really
- **Go** anywhere

We see this:

In the
***Double** futile*

75% **actions:**

- Do not **finish**

*So **he:***

Christian
*Really **has***
No method

*Not **recognized:***

*Christian **method***

*Christian is, **then:***

Not Complete

ENDING

Already **shown:**

- Christian is
- **Not Complete**

Not a one
Only 75%

And:

With denial

It is not

Very full of pretty

Not attractive

If **this** is:

- Only **vinegar**
- Like a **weed**
- Then
- A **limit** would
- Be **on** it

Limited is not fun

Christian is:

- Trying and trying
- **Wanting** it
- The **something**

Each person

Has his own

Yet, it **seems**:

- He is really **using**
- A **non** method

The:

Trying and trying

Alone

Will not yield

Result

Hence:

- Only **futile**
- And
- Just 75%

Whoa:

*Perhaps **only***
***One** only*

*We **need** fullness*

If the **denial:**

- Has
- **Not looking** in it
- Then **when**
- Will he **see** this

Omg

So Christian:

***With** result*

***Slim** result*

Short

*Would then **stay** as*

Less than one

Like the 75%:

*Since **origin***

***Article** is:*

Christian Folly
