

FIRST IMPRESSIONS

Author: Thomas Lloyd
TheEvenMind

This is My **Article**:

- **First Impressions**

*It is **About**:*

First Impressions

Like

When We

*First **Meet** Someone*

Also:

- It is Near
- **New Years** 2024

So:

*May This **Article***

*Also **Be***

*A New Years **Greeting***

New Year **Starts**:

- At The **Beginning**
- January One

*So Let Us **Hope**:*

*To Be **Greeted** Well*

By The New Year

First Encounter

Usually:

- When We
- First **Meet** Someone
- We **Hope** that
- It is **Good**

First Encounter:

*Is Usually
First Time*

When We **First:**

- **Meet** Someone
- We **Hope** that
- It is **Good**

Afterall:

*A Good Friend
May Be
Just Around The Corner*

So We **Know:**

- First **Impressions**
- **Occur**

*When We
First Meet Someone
We Hope that
It is Good*

At That Time

Definition:

- **First Impressions**

Upon:

*First encounter
We would get
An impression*

This is like:

*When We
First Meet Someone*

At:

- First **encounter**
- We would
- **See** something

For example:

Appearance

Glow

Shine or *sheen*

We notice something:

Upon First encounter

We might **guess**:

- If they are
- Charismatic
- Compelling
- **Attractive**

Besides just:

Size of the head

With hair or not

We notice something

We might notice:

Even

If someone is

To be wary of

We **know**:

- First **Impressions**
- **Occur**

Upon:

First encounter

We would get

An impression

Impression Types

Many varieties:

- Of
- Impression **Types**

There are:

*Many types
Of
First Impression*

My Teaching

When:

- I was **young**
- We had **teaching**

First Impression:

*Teaching
Was around*

This was **simple**:

- The **teaching**

It was:

*First Impressions
Count*

Just that:

*First Impressions
Count*

It meant:

- Look ok
- Behave ok
- And
- Pay **attention**

Hey:

At least

Some

This really:

- **Amounted** to
- Don't **cause**
- An **error**

An error:

*Would be **detected***

*By **complaint***

So:

If nobody

Complained about us

Then

*That was **ok***

If nobody:

Complained about us

Then we would probably

*Be **doing ok***

When:

*I was **young***

*This was the **teaching***

How I Saw it

This **teaching:**

- On
- First **Impressions**
- **Seemed** ok

We all:

Acted ok

*And got **along***

At least:

- How **I** saw it
- This was **ok**

This was it:

Look ok

Behave ok

And

*Pay **attention***

Hey:

At least

Some

This was:

*How **I** Saw it*

*The **teaching:***

Seemed ok

These Days

Today:

- These **days**
- Sometimes I
- **Wonder** about it

I mean:

The

*First **Impressions***

I still:

***Look** around*

*I still **see:***

*People **notice** others*

When we:

- **Notice** others
- Sometimes it is
- **First** time

*A new **face**:*

May be

Pretty to see

*We always **like**:*

Fresh

When I see:

- People **notice** others
- I don't **know** if
- They **cause** it

*But I still **see**:*

*People **notice** others*

As the:

- **Definition** says
- Upon first **encounter**
- We would **get**
- An **impression**

*We could **see**:*

Appearance

Glow

***Shine** or sheen*

So:

*Even **today***

*First **Impressions***

Occur

*People **still**:*

***Notice** others*

About Today

When I was:

- **Young**
- First **Impression**
- **Mattered**

This meant:

*At any **time**
You could **meet**
Your **next** best friend*

*Like, a **noun***

*We always **wanted:***

*Things to be **ok***

Hoping** for **ok:

*Is **valid***

So:

- **Today**
- If people
- **Meet** someone
- Do we **allow** **ok**
- **The** **ok**

*First **encounter:***

*I don't **know**
If people are **ready***

*Ready **for:***

***Good** to be **there**
Ok to be **there***

Remember:

- This is **about**
- First **Impressions**

And:

*No matter
Who we are
First Impressions
Occur*

We always wanted:

Things to be ok

Hoping for ok:

Is valid

Remember it

Definition was:

- Upon first **encounter**
- We would **get**
- An **impression**

We notice like:

*Appearance
Glow
Shine or sheen*

It seems:

- **In** this
- I think there is
- To **give** people
- A **chance**

I hope that:

*We allow others
To be there*

I hope that:

*We allow others
To think ok
About us*

If I:

- **Behave** ok
- Then I **think** that
- I am **accepted** as such

Nobody minds:

Doing ok
Feeling ok

Nobody minds, also:

Seeing ok

Or seeing
The ok

It is **ok**:

- To **see** ok

To see ok:

And
Let it be

We **know** this:

- That's what
- **Regular** is

I hope that:

We allow others
To think ok

First Impressions:

We all have

The Point

The:

- First **Impressions**
- Are always **there**

Funny:

*Since **name** is
First **Impressions**
Then
They are **not** there
Too long*

Afterall:

*First **Impression**
Is on **first** time*

Still:

- **We remember**

*Often we **remember:***

*A **first** impression*

*This is **like:***

***Oh**
The first **time** I
Met him*

*Often we **remember:***

*A **first** impression*

We can never:

- **Replace**
- **A First Impression**

So:

Point

*A **Good**
First Impression*

*We **like:***

*A **Good**
First Impression*

We want:

- People to **like** us

We hope:

*Our
First **Impression**
Is a
Lasting impression*

Then:

*New Years **Wish***

This Year

In the coming year:

*May we **behave** ok*

We hope:

*The New Year
Regards us*

We hope:

*The New Year
Never **forgets**
A **lasting** impression
Of us*

We hope:

*For
A **good** impression
This New Year*
