

Funny Thing I Saw

Author: Thomas Lloyd
TheEvenMind

This is My **Article**:

- **Funny Thing I Saw**

*It is **About**:*

*An **Experience**
A Thing I **Saw***

Often We:

- **See** Things
- Yet, Not So **Exciting**

So:

*This **One**
Thing I **Saw**
Is Worth **Sharing***

It Comes in:

*A **Story***

My Place

Here, where I **live**:

- Is My Place

I live here, and:

*In My **Town**
USA*

Things are:

- **Normal** Here
- So
- No need to **worry**

Since I **write** about:

A **Story**

Then I was

Here for that

My Place

My Building

A **Standard** building:

- Where My Place is

Many **units**:

I have one

It all **started**:

- **Lately**

The hot water **stopped**

Five days:

- No hot water

Some **people** said:

Several places

Nearby

Had the **same**

Five days:

No hot water

The hot water **stopped**

So, now:

- **Today**
- Occurred The **Story**

Get a load of **this**

The Story

In the **afternoon**:

- I **rinsed** a plate

*It was in the **sink**:*

The plate

No big deal, eh

Yet:

- In the **afternoon**
- **Rinsing** the plate
- The water was **warm**

Omg:

Thought I

*The hot water is **back***

I wanted a **bath**:

- **Yesterday**
- But
- No hot water

*The hot water **stopped***

Five days:

No hot water

*Then, **today**:*

*It **returned***

The hot water

Yay

The Incident

Well:

- A **joy**

*The hot water is **back***

Again:

- Some **people** said
- Several places
- **Nearby**
- Had the **same**

***Five** days:*

No hot water

*The hot water **stopped***

*But **today** it **returned**:*

The hot water

The Odd Part

Today:

- Some **people** said
- Several places
- **Nearby**
- No hot water

*The hot water **stopped***

*Upon it **returning**:*

*We were **glad***

And then:

- The **Funny** Thing

As soon as:

*Some **people** said*

*The hot water is **back***

*Occurred The **Odd** Part*

***Staff** Came Up*

This is like:

- **City** Workers
- Local **Government**

*They Came **Forward**:*

And said

Ok

*And **posed** as*

Providers** of The **Fix

Staff **Posed** for:

- The hot water is **back**

And this was:

*In **My** Neighborhood*

*In My **Town***

Whoa:

*This was a **surprise***

*Staff **Posed** for*

*The hot water is **back***

About Seeing This

Well:

- Staff **Represents**
- Government

Good or Bad:

*Staff **Represents***

Government

Btw:

- How the fuck
- Could they **know**

Like

***When** the hot water*

*Would **return***

Jeez

And it was:

- **Five** days
- No hot water

*Then, **suddenly**:*

*Hot water was **back***

And Staff

***Posed** for it*

Lol

***Seeing** this:*

*It was **too** sudden*

*I can **explain***

Job Description

Staff:

- **Represents** Government

*They **do** their **job**:*

And

***Represent** Government*

When Staff:

- **Posed** for
- Hot water is **back**
- It was **sudden**

*How could **they** know:*

*Could they **do** it*

*I think **no***

So:

- Them **appearing**
- Suddenly

Then:

Smiling like ***good***

I doubt it

Probably My Building:

- **Fixed** the hot water
- **Not** Staff

*So **look** at:*

*Their **Description***

Seeing Staff

There they were:

- Staff
- **Posing** for
- Hot water is **back**

*It was **sudden**:*

*So a **shock***

Their **Description** is:

- A Christian
- Shiney Face
- But Lying

*They did **not**:*

Fix the hot water

No

So:

- Staff
- A Christian
- Shiney Face
- As Deliberate **Lie**

*Their **Front** was:*

A Christian

With:

Shiney Face
*As Deliberate **Lie***

They did **not**:

- **Fix** the hot water
- No

Yet:

*They **posed** quick*
To take the
***Credit** for it*
Yep

Ooh:

Terrible

And:

*I **doubt** it*

What This Means

If Staff:

- **Posed** for
- Hot water is **back**
- Then no **good**

*They did **not**:*

***Fix** it*
The hot water

Probably My Building:

- **Fixed** it
- The hot water

So, for Staff:

*Probably A **Miss***

I **think** that:

- They **missed** it

*They did **not**:*

***Fix** it*

The hot water

*So they **missed**:*

*A **Miss***

*Then **what**:*

Does A Miss Mean

A Miss

Government Agents:

- **Representatives**
- Using **Method** Miss

*We **Saw**:*

*They **posed***

Missed

*And **stood** there*

We can't **believe**:

- A **Miss**

*A **Miss** is A **Miss***

Well:

- Let's **Compound** it

*Use **example**:*

If** they **missed

Staff:

- **Posed** for it

*Staff **posed***
*Hot water is **back***
*And **missed***

They had:

- **Nothing** to
- **Do** with it

Yet:

*If **Compounded***

If they **missed**:

- Is it only **Once**

*I **mean**:*

*How **often***
*How many **times***
*How many **places***

Do they **miss** often:

- Or **regularly**
- Omg

*This **leads** to:*

*The **Point***

*The **Point** is:*

*The **Odd** Thing*

Point

If Staff **Missed**:

- I saw **once**

Yet:

*How **often***
*How many **times***
*How many **places***

If **regular**:

- To **miss**
- Then
- Are they **there**

*How many **times**:*

*Can you **miss**
And still **be** there*

Most folks **fail**:

- If
- Too many **misses**

So, Staff:

*Are they **there***

*And from **where**:*

*Do they **miss***

*Who **misses** so much
And **claims** Dominant*

Whoa:

- **This** is
- A **Tall** Story

*Staff **cannot**:*

***Miss** when they **want**
And still **do** ok
No*

*We all **see** this:*

*For our **whole** life*

Misses **hurt**:

- So Staff is
- **Questionable**

And:

What **more** is there
To them

That's probably **all**:

Staff **misses**

ENDING

Well:

- Staff **misses**
- We **see** that

The hot water:

Is **back**
But **not** from Staff

Staff **cannot**:

- **Miss** when they **want**
- And still **do** ok

Somebody:

Pays for it

I don't want to **Pay**

Staff **missing**:

Claiming to be **good**

This was:

The **Odd** Thing
