

Gone To Dirt

Author: Thomas Lloyd
TheEvenMind

This is My **Article**:

- **Gone To Dirt**

*It is **About**:*

People

*People and their
Mind*

We **see**:

- People **around**

Hey:

*We **know** this*

And **since**:

- They have a **mind**
- Then
- These **two** are
- **Together**

People:

*And their **Mind***

*Since **Article** is:*

Gone To Dirt

*Let's **see** about it*

People We See

So:

- People are **around**

*Sometimes they **talk***

The example is:

- Sometimes they
- **Offer** an **idea**

*They **talk**:*

***About** something*

*We can **call** this:*

Offer** an **idea

*Let's **see** about it*

Sample Guy

A guy:

- A people
- **Says** something

He:

Offers** an **idea

*We **see** this around*

Well:

- When he
- **Offers** an **idea**
- Let's say
- A **good** idea

This is like:

*One he **likes***

*An **idea** he likes*

We might be:

***Interested** too*

So he:

- **Puts** the **idea** out

Let's say:

*A **good** idea*

Idea Continuing

Well:

- When he
- **Offers** his **idea**
- A **good** idea
- He **continues**

*He **proceeds**:*

*As if
He has **offered**
His **idea***

As he:

- **Continues**
- Proceeds
- He seems to **think**
- That the **idea**
- **Continues** also

*Continues **also**:*

*Like **proceeding**
To **arrive***

Usually an idea:

- That is **offered**
- **Proceeds** to
- **Arrival**

*Like **Delivery***

*And **us**:*

*We usually **think**
Too
That it would
Continue*

But:

- What does **happen**

Going Awry

His **idea**:

- In this **Story**
- Our example
- Goes **awry**

This is like:

Different

Commonly we **see** this:

- A man **offers**
- An **idea**
- Then
- As it **continues**
- It goes **awry**

*It does **not**:*

*Really **continue***

*Like **not the same***

Commonly:

- In such an **example**
- His idea **turns**
- Fishy

This is like:

Different

It does **not**:

- Really **continue**
- Not the **same**

*It goes **fishy***

*Let's **see** about it*

Fishy Description

As his **idea**:

- Would **continue**
- Like to **arrive**
- It goes **fishy**

*Awry or **different***

Description is:

- As it would
- **Continue**
- Plays out
- It goes **fishy**
- Not **clear**

This:

*Not **clear***

Is fishy

Like:

*What **happened***

***Why** did it go*

Weird

As it would

Continue

Plays out

*It goes **fishy***

*Not **clear***

The man **proceeds**:

- Like **confident**

*But his **idea**:*

*Goes **fishy***

*Not **clear***

Our Man

*Remember **Sample** Guy*

With his **idea**:

- He **proceeds**
- Like **managing**
- A **good** idea

Our Man:

***Idea** man*

Proceeds

He **proceeds** like:

- Champion
- Or
- **Star** in the **sky**

Like:

Managing

*A **good** idea*

Yet:

- His **idea**

*The **fishy** appears*

His **idea**:

- As it would
- **Continue**
- Plays out
- It goes **fishy**
- Not **clear**

And:

*He **proceeds***

*Like **managing***

*A **good** idea*

And **we** see:

- For **our** man
- The **fishy** appears

*Along **with**:*

*His **idea***

*The **fishy** appears*

The fishy:

- It **seems** in
- The **makeup** of
- His **thing**

***Fishy** seems to **be**:*

***Playing** along*

*We **called** it:*

*His **idea***

*Let's **see** about it*

Determining it

The fishy:

- **Playing** along

*We **called** it:*

*Not **clear***

A not clear:

- Seems to
- **Play** along **also**
- **With** his idea

*It seems **in***

*The **makeup** of*

*His **thing***

Idea

Well, **what** is it:

- The **mess**
- **Around** him

Since his **idea**:

Does not really

Continue

It gets **blurred**

What is it

It **becomes** like:

- A **mess**
- Blurry
- Fishy
- Not **clear**

Then **what** is it

I **think**:

- It is **Dirt**

*I **think** that:*

*His **idea***

***Left** to **do** good*

***Gone** fishy*

***Turned** to dirt*

*Well then, **why***

The main **reason**:

- **Lazy**

*In **determining** it:*

Lazy

*Can someone **explain***

Poor Maintenance

Mind:

- If left **alone**
- Is not **certain**

Many **things** have:

Their own **way**
Their own **thoughts**

Maybe **mind** too

Whoa:

- What about
- Our **man**

If he **puts**:

An **idea**

An **idea**:

- **Thought** to be
- **Good**
- Yet **fishy**
- Not **clear**
- Whoa

Probably he:

Supposed it ok

Supposed that:

- Him **putting**
- An **idea**
- Was **certain**

Even for **arriving**

But **looks** like **no**

And:

- **Doing** this
- Probably **for**
- Some **time** too

I would **think**:

Neglected mind

Epecially if:

For some
Time too

If this **happened:**

- **Turned** to **dirt**
- **Fishy** looking
- Not **clear**
- Blurry
- Then **neglected**

*Our **man:***

*And his **idea***
*Not so **good***

*Not **delivering:***

*Not **definitely***

ENDING

This is **Story:**

- Our **Man**

*His **idea:***

Offered from him
*But not **good***

Turned to ***dirt***
Fishy looking
Not ***clear***
Blurry
Then ***neglected***

Article is:

Gone To Dirt

A **side** point is:

- This is **not**
- Mental illness

*Remember this **spells**:*

Lazy

Poor **Maintenance**:

- Of **Mind**
- Like
- **Supposed** grandeur

*His **idea**:*

***Offered** from him
But not **good***

So:

Gone To Dirt
