

The Shady End

Author: Thomas Lloyd
TheEvenMind

This is My **Article**:

- **The Shady End**

It is:

Reflective

I Am:

- **From** USA
- And
- Just At **End** of
- 2024

*A **Year** is:*

*A **Big** Thing*

In USA:

*A **Noun***

Many People

Places

And Things

So:

*A **Year** is*

*A **Big** Thing*

And

*Just At **End** of*

2024

***Article** is:*

Reflective

On

*Just At **End** of*

2024

Pg 1

The Big Thing

Well:

- As Reflective
- I **See**
- Just At **End** of
- 2024

So I:

*Write this piece
To sum up the year
2024*

This is like:

*What I see
What I
Think I see*

Reflective on:

*2024
A **Big** thing*

Thoughts Start

Just to **start**:

- We always **want**
- To **avoid**
- **Rot**

***Rot** is like:*

***Too** ripe*

***Rot** is like:*

*A thing gets
Rotten*

*Good to **avoid***

A Scab

Different from:

- **Rot**
- **A Scab**

*We **know** A scab*

A **scab** is like:

- After we
- **Cut** ourselves

The **reason** for:

- A **scab**
- Is USA **Now**

Whoa:

*It is
End of 2024*

*A **Big** thing:*

*A **year***

So:

***Why** A scab*

Spread Out

USA:

- Is **big**
- Like a **year**

*Almost 300 **Now**:*

Whoa

*It is **Spread Out***

Yet:

- Maybe it is
- Only **asserted**

*Not **roots***

USA is:

- Big
- Spread out
- Like
- A **scab**

*It **seems**:*

*Not **vast***

Although

It might have

Roots

For sure:

USA is

Big

Spread out

It could be:

*Only A **scab***

The Roots

I think:

- It has **roots**

*This is **because**:*

It is

*Always **changing***

It is always:

- **Shifting**
- Like
- **Policy**

Then **this** is:

- The **Shady**

Article is:

The Shady End

End of year:

Now

2024

Shady Like

The **Shady**:

- Is like the
- Nut shell **game**

*Nut shell **game**:*

Is when

*A **guy***

***Shifts** the **parts** around*

Then:

- Not **certain**
- Like
- **Not** with **roots**

*All of these **things**:*

Together

*Shifting **policy***

Not certain

*Not with **roots***

*Are a **concern***

Then:

*Like A **scab***

A **scab**:

- With no **roots**

This is the:

Shady

Article is:

The Shady End

Spread out:

Yet

Not vast

*Like only **One D***

Appearance Only

One D:

- I appearance **only**

This is like:

Superficial

Appearance only

Then if:

- Appearance **Only**
- Questionable **contents**

Questionable:

Lasting quality

Qualities

*Not really **certain***

Or put

Also:

- Besides **this**
- And because
- **Shallow**
- Not depth
- Then A **scab**

*A **shallow** scab*

This is not:

Exciting

The Shifting

Things **change**:

- In USA

*Whoa, so **often**:*

*Things **change***

***Shifting** was **shown**:*

*Like **policy***

Then like this:

- Not only
- With no **roots**
- But also
- No **memory**

***Shifting policy**:*

Shows

Like:

*They **say** things
And **then** seem
Not to **remember***

So this:

- Looks like
- **Forgetful**

***Forgetful** is like:*

*Of **policy** stuff
Like **legal**
Pg 7*

So:

- If this is
- **Around** us
- Then I don't **know**
- If it is **legal**

End of year:

2024

But it **looks**:

- **Shady**

Shady like:

A scab

A scab is shallow

I write this piece:

*To **sum up** the year*
2024

This is like:

*What I **see***

What I

Think I see

Reflective on:

2024

*A **Big** thing*

ENDING

Then:

- What to **do**

If:

Shallow

Superficial only

If:

*Appearance **only***

*Like A **scab***

*What to **do***

Maybe they should:

- **Walk** it off

If there is:

*A **stain***

It is good to

***Rub** it out*
