Apples & Oranges

Author: Thomas Lloyd
TheEvenMind

This is My **Article:**

- **Apples & Oranges**

*It is **About:***

***Starting** A*
Conversation

When We:

- **Start** A
- **Conversation**
- We **Say** Something

This is like:

*Opening **Line***

*To See **How:***

*This **Links** To*
Topic
Apples & Oranges
*Let's **Continue***

Opening Line

When We:

- **Start** A
- **Conversation**
- We Usually **Put**
- Opening **Line**

Often in the:

***Form** of*
*Making A **Statement***

We like to:

- **Start** A
- **Conversation**

Of course:

If there is
Something to
Talk About

To Start A
Conversation
We Usually Put
Opening Line

And:

- **Conversation** is
- Not usually
- Just **one** line
- No

Afterall:

We know
Conversations
That have
Lasted hours

Whoa, yes

So:

- Opening **Line**
- **Matters**

If it is:

Good, then
Opening Line
Can be
Engaging

I mean attractive

How To Start

If:

- Opening **Line**
- Is not **good**
- Then it is
- **Hard** to **proceed**

Continue goes with:

A good start

To Start A
Conversation
We Usually Put
Opening Line
That is Good

Qualified is similar

This leads to:

- **Point**
- Article **Title**

If:

Opening Line
For Conversation
Is Not Good
Then not directly
Proceed

To Proceed:

In Attempted
Conversation
Is the continue

And:

To Start A
Conversation
We Usually Put
Opening Line

If Not **Good:**

- Opening **Line**
- To **Start** A
- **Conversation**
- Then it could be
- Just
- **Apples** & **Oranges**

Apples & Oranges:

We know

And it usually:

Does not proceed

Like WTF

A Good Line

To **Start** A:

- **Conversation**
- Opening **Line**
- **Matters** to us

I want to call:

Opening Line
A Command

If A:

- **Command** is **put**
- Then it makes
- **Sense**

And:

A Command
Can Stand

A Weak Command:

We don't use
No
Not us

To **Start** A:

- **Conversation**
- Opening **Line**
- As **Command**

*If it **stands:***

*Opening **Line***
*As **Command***
*Then **proceed***
*Would **be** there*

And We:

***Want** Proceed*
***Starting** A*
Conversation

*Let's **See** Command*

Command

To **Start** A:

- **Conversation**
- Opening **Line**
- As **Command**
- Is **common**

Afterall:

*The **following** line*
***After** Command*
*Should be **easy***

People **like:**

- A good **start**
- In **Conversation**

*So A **Command:***

*Needs **Vitality***

*To **Stand:***

Continue
And be
Appreciated
*Command **Needs***
Vitality

And I **think:**

- To **Start** A
- **Conversation**
- We usually
- **Do** ok

Remembering:

Conversations
We probably
***Do** ok*

Vitality:

*In **Command***
*Opening **Line***
*We **Need***

*I **think** that:*

*It is **common***
*An ok **star**t*

Value of Command

To **Start** A:

- **Conversation**
- With **Ok** Command
- It is **common**

Otherwise:

*I have **said***
Apples & Oranges

Only:

Apples & Oranges
*A **Questionable***
Command
*To **Start***

Value of **Command:**

- As **ok**
- Is **Vitality**

***Strength** to:*

Stand
Vitality

So:

- **Value** of **Command**
- Is to
- **Lead** to
- **Next** Line

*Line **Two:***

***Next** Line*
*In **Conversation***
*Is **Proceed***

*The **Continuing:***

*Line **Two***

So:

- **Value** of **Command**
- Would have
- **Declare**
- Follow **Through**

*The **Continuing:***

*Line **Two***

Declare
*Follow **Through***

Otherwise:

*I have **said***
Apples & Oranges

Only:

Apples & Oranges
*A **Questionable***
Command
*To **Start***
Conversation

These Days

Whoa:

- Have you
- **Seen** them

*What I **mean** is:*

*Many **people***
Today
*Can **throw***
***Abstract** start*

A slur
A racecard
***Rude** remark*

Many **people:**

- **Today**
- Can **throw**
- **Abstract** start

That doesn't:

***Look** like*
Invitation

For **Conversation:**

- A **Command**
- To **Start**

***Valid** with:*

Vitality
***Ok** Command*
*To **Start***

Weirdos:

- And kooks
- **Throw** stuff

Omg:

***Watch** out*

*We **cannot:***

Directly
***Converse** with*
Loco

A slur
A racecard
Rude remark

When they:

- **Do** this
- I wonder **why**

*The only **thing:***

That I can
***Think** of*
Why
Is Loco

I don't **mind:**

- To **talk**

It is probably:

Easier
Than Loco
A slur
A racecard
***Rude** remark*

When they:

- **Do** this
- It **looks** like
- To snipe

Like a:

Bird *of prey*

Omg No

Article *is* ***Called:***

Apples *&* ***Oranges***
