This is My **Article**:

- Recent Panic

*It is **About**:*

Panic

*The **Term**:*

Panic

Is like

Freaked Out

There is:

- **Description** for
- **This**
- We can **see**

*I **think** that:*

There is

Panic Around

*Even **Currently**:*

Panic Around

In Fact:

- It **Seems** like
- Just the other **day**
- I **saw** this

About Panic

I said:

- There is
- **Description** for
- **This**

I think that:

There is
Panic Around
We can see

Again:

The Term
Panic
Is like
Freaked Out

To **Describe** this:

- I **think** that
- **Panic** is A
- **State**

I mean:

For a person

People panic
Would be
Referred to

People panic:

- I **think**
- Is **Around**

Currently:

I think
I see
People panic

*I think it
Is Around*

We can see:

*People panic
Around
Currently*

Description

Well:

- If I see it
- **Description**

What does it:

*Look like
People panic*

We see people:

*Currently
Aggravated*

This could **mean:**

- **Excited**
- Hasty
- Or even
- **Aggressive**

Many people:

*Act wild
On the street*

People panic:

*I think that
It is **Panic***

For example:

- A common **sight**

A person **might**

Lunge at us
Like from **nowhere**

Style is:

- **Jump**
- And **run**

Hasty
Excited

Like from **nowhere**

I think it
Is Around

Currently:

I think
I see
People panic

So:

Description
People panic

More About

I think:

- **I see**
- **People panic**

I think it
Is Around
Currently

People **panic:**

- **Lunging** madly
- Like **poor** aim

*In **this**:*

*Awkward **madness***

*I **think***

*We **see** the*

*Poor **timing***

*Like poor **aim***

*Not **focused***

Apparently

*Not **caring***

Like:

- Awkward **madness**

Inconsiderate

Maybe just:

Selfish

Maybe **they** are:

- Like
- **Self** possessed

*Only **thinking** of:*

Themselves

*Their **cause***

*Or **needs***

*Maybe **then**:*

Worried

This could **be**:

- **Worried** about
- **Content**

What they are:

***Made** of*

Jumpy
Jagged
Hasty

For **sure** this:

- Ain't so **pretty**

For me:

It can be
Alarming

Worry worry

Construct

Well:

- If people are
- Acting **poorly**

*Awkward **madness**:*

Then we would
Wonder

Like:

- **How** did it
- **Get** this way

Like:

*Awkward **madness***

*Like **inconsiderate***

In **this**:

- Awkward **madness**
- I **think**
- We **see** the
- Poor **timing**

*Like poor **aim***

*Not **focused***

Apparently
Not caring

So:

- **How** did it
- **Get** this way

This badness:

From them
Would appear to
Be based on
Dirt

For sure it is:

Not clean
No

Then **what:**

- Is the **dirt**

Oh, the dirt

Dirt

The **dirt:**

- On this **one**

I suggest:

Missing too much

Not longing
But missing

Like:

Error error

Remember:

- People **lunge**
- Madly

Wild and mad:

*It doesn't
Look good*

Probably not:

Safe either

When they **lunge**:

- Usually a **miss**

*Not correct
Not accurate*

A miss

Too much **miss**:

- Poor **construct**

Then:

Only dirt

Only dirt:

*Could result
From miss miss*

And so:

- **Dirt** from **miss**
- **Missing**

Poor aim:

Bad content

Dirt Two

Well:

- There's more
- **Dirt**

More **dirt** is:

Like

Bricks of miss

Much **missing**:

Makes a **brick**

A **brick**:

- **Missing**
- So **error**
- Much

Can **make a brick**

Bricks like:

A **construct of Missing**

A **pile of missing Error error**

Not **accurate**
Not **friendly**
Not **related**

A **pile of missing**:

- **Error error**
- Can **make a brick**

Negative thing

This is:

Dirt Two
More dirt

Abandon

This:

- Is **Abandon**

Pg 9

Abandon:

From **Betrayal**

Not **sticking** to:

Definition

Purpose

Normal

No **handshake:**

- With **Common**

Abandon

This would be:

*Dirt **Three***

So:

- There is
- **Much** dirt

We don't want:

Much dirt

*Too much **dirt:***

*No **good***

Like in our:

- **House**

*Too much **dirt***

*No **good***

Abandon is:

*Only **dirt***

*Not **more** than:*

Dirt

Article Title

Article is:

- Recent **Panic**

We look at:

Panic

Easy to say:

- Now
- **Definition** Panic

We see it here

All of this:

Dirt

Even

Three Layers

Definition Panic:

- Too much **dirt**

Too much dirt

No good

This becomes:

Panic

I think:

Too much dirt

Becomes

Definition Panic

Our Question

We looked at:

- **Construct**

Panic Construct

What it is:

Made of

*I say **dirt***

Our **Question:**

- If people are
- Acting **poorly**
- It **seems**
- Awkward **madness**

*So we **wonder:***

How did it

Get this way

Like

*Awkward **madness***

Recently:

- The **Panic**
- Has
- **Shown** itself

***Shown** itself:*

Enough to

***Constitute** this*

Article Title:

*Recent **Panic***

Seeing this:

- Panic **around**
- Even **much**
- Is a **concern**

*So we **wonder:***

How did it

Get this way

It is not:

- **Common**
- To **attack** people

Others have:

*A **life** too*

*Awkward **madness**:*

*Should not **show***

Awkward **madness**:

- **Makes** us wonder

***How** did it
Get this way*

Like:

*Awkward **madness***

The Recent

Recently:

- The **Panic**
- Has
- **Shown** itself

*Too much **dirt**
For too **long***

Linear

A straight **line**:

- Only a
- Straight **line**

Linear

This is:

*Not **allowed***

And:

A **line** of
Dirt

Only **dirt**

So then:

- Too much **dirt**

Then **this**:

Goes into
Panic

Too much **dirt**
Too **long**
Linear

One only
The **same**
As **dirt**

This gets:

- **Redundant**

Over and over:

The **same** thing
Redundant

So then:

Too much **dirt**
This

Goes **into** Panic

Too much **dirt**
Too **long**
Linear

One only
The **same**
As **dirt**

This:

- Goes **into** Panic

*Too much **dirt***

*Too **long***

Linear

Sad

Mad About it

It gets **worse**

People **do** this:

- **Push** dirt

*Their **way**:*

Dirt

*Not even **based**:*

*Just **dirt***

*We have **seen** it*

Example:

- Vinegar **Cult**

***Many** people:*

Anxious

***Throwing** vinegar*

***Static** objects:*

***Hurling** dirt*

***Sour** dirt*

Anxious

***Throwing** vinegar*

Then **this**:

- We **see**

And:

*As **excited**
Appears
Aggravated*

*All **upset***

So:

- **Mad** about it

Maybe it's:

*A **bother***

*Zero **results**:*

*We could **guess***

***Sad**:*

Yep

Also:

- **Why** do they
- **Do** it

Many people:

***Anxious**
Throwing vinegar*

***Static** objects:*

***Hurling** dirt
Sour dirt*

***Anxious**
Throwing vinegar*

*Are they **trapped***

Do they:

- **Scream for help**

English please

Sad End

We **see** this:

- Recent **Panic**

Oh:

*So much **around***

***Static** objects:*

***Hurling** dirt*

***Sour** dirt*

Anxious

***Throwing** vinegar*

*Are they **trapped***

Do they:

Scream for help

Maybe they:

- Want **out**

Maybe:

***Tired** of it*

***I would** be:*

But then

*Only **guessing***

***I don't like** it*

How **bad** will it:

- **Get**

Ooh

Sad More

Remember:

- This **dirt**

*It has **escalated:***

***Grown** and grown*

Recently:

- The **Panic**
- Has
- **Shown** itself

***Shown** itself:*

***Enough** to
Constitute this*

***Article** Title:*

*Recent **Panic***

Seeing this:

- **Panic** around
- Even **much**
- Is a **concern**

And it:

*Gets **worse***

People **do** this:

- **Push** dirt

Their way:

Dirt

Not even based:

On anything

Just dirt

We have seen it

Like:

- Vinegar **Cult**

Many people:

Anxious

Throwing vinegar

Hurling dirt

Sour dirt

Anxious

Throwing vinegar

Then **this:**

- We see

As excited:

Anxious

It appears

As **aggravated:**

- It seems **hostile**

All upset

They **go** to:

- **Now**
- **Assigning** this

Yep:

Assigning this

Final

So we **see** it:

- Recent **Panic**

Too much bad:

Hostile

Aggravated

Even

Domestic violence

The people around:

Misbehaving

The main **word** is:

- **Slim**

Too slim:

For good

We see this:

Around

Maybe too much

Often from:

- **Error**
- Like **missing**

Bad aim

Poor shot

Then into:

Abandon

So:

- Lacking
- **Definition**

No substance

Void

Vague into void

Hence absent

Overly vague

And **this**:

- Often **from**
- **This**

Double

More of the same

Technically:

- Probably **not**

Like:

Not possible

I hope not:

Forever

Assigning This

Furthermore:

- The **boasting**

Have you:

Seen them

Whoa:

Boasting

**Vinegar based
Boasting**

Technically:

- Probably **not**

Like:

Not possible

Boasting:

- Like to
- **Rise up**

To rise it up

To try to:

- **Continue**

To try to:

**Ascend
Via boasting**

Technically:

Probably not

Like:

Not possible

**Ascend
Via boasting**

And:

- **Assigning this**

They **try** to:

Tell us
To **eat** it

Boasting that:

Their **stuff**
Is for **eating**

No no

Final Cost

Ending with:

- **Expensive**

How to:

Get out
Of that

Whoa

This is:

- **Waste**

Wasteful:

Not efficient

Dumb to do

Doggish:

- Not **human**
- No

This stuff:

Makes
Expensive

Hard to keep up

ENDING

Well:

- That's **it**

Article:

*Recent **Panic***

This **stuff:**

- **Makes Panic**

Dirt:

*Too much
As a **construct***

*No **exit**
A **construct***

These **guys:**

- Self **damned**

Like:

Locked in

And:

*By **choice***

We **see:**

- **Deliberate**
- Chosen

*All of **this:***

Construct
*From **dirt***

*Whoa **dumb***
