

# Seeing Dirt

Author: Thomas Lloyd  
TheEvenMind

This is My **Article**:

- Seeing Dirt

*It is **About**:*

***Dirt***

***Dirt is Around***

*People:*

***Think** about it*

People **think**:

- About **dirt**
- Too much

*Life is **hard**:*

*Many **things** to  
**Do***

*To **accomplish** things:*

*We need **clean***

A **task**:

- Done **clean**
- **Finishes**

*If not **finished**:*

*What to **do***

**Everyday**:

- We need to
- **Make** it

*Complete a **day**:*

*We **know***

Not so **easy**:

- Complete a **day**

*Tasks*

*Chores*

*Obligations*

***Duties***

***Everyday**:*

*Many **things** to*

***Do***

*So **dirt**:*

*Is not a **help***

## **Definition Dirt**

We **know** dirt:

- Our whole **life**

*I am from:*

*The **City***

*So **dirt***

*Is*

***Outside** of town*

Usually **dirt**:

- Is like
- **Soil**

*Plant a **crop**:*

*In the **dirt***

*People **clean** dirt*

People:

- Clean their **house**
- To **clean** dirt

To **rid** dirt:

People  
**Clean** their **house**

People **clean** dirt

In The **City**:

**Dirt** is  
No good

## People Think

Thinking:

- We **know**

People **Think**:

Yes

**Heck**:

We **have** to  
**Think**

So many **things**:

- Every **Day**

Everyday:

We need to  
**Make** it

**Complete** a day:

We **know**

Not so **easy**:

- **Complete** a day

*Tasks*

*Chores*

*Obligations*

***Duties***

*Everyday:*

*Many **things** to*

***Do***

So **dirt**:

- Is **not** a **help**

*We **know**:*

*People **Think***

**Clean** thoughts:

- Very **good**

*Easy to **understand**:*

*Very **good***

*Life is:*

***Hard*** enough

So:

- **Dirt** is
- **No** good

*Everyday:*

*Many **things** to*

***Do***

*So **dirt**:*

*Is **not** a **help***

## **Around Today**

About **Dirt**:

- Dirt is **Around**

*Today:*

*Dirt is **Around***

*People:*

***Think** about it*

*People **think**:*

*About **dirt***

*Too **much***

This **Article**:

- **Seeing** Dirt

*Today:*

*Dirt is **Around***

***Oh**, it's too **much***

To be **quick**:

- People **throw** dirt

*They **seem** to:*

***Think** it is **ok***

***Throw** dirt*

Example:

- People may
- **Lunge** at us

And **in** this:

**Throw** dirt

**Dirt:**

Made from

**Error**

Missing

Or **wrong**

Too **much** dirt

And **Title** is:

- **Seeing** Dirt

We **see:**

Dirt is **Around**

It **seems** wrong

And:

- We can't be
- **Wrong** too **much**

Wrong too **much:**

That is **error**

Too **much:**

**Dirt** Around

## **Seeing** Dirt

When we:

- **See** it
- We **know**

When something is:

**Short**

Or **Blurry**

Not **complete**  
Not **adequate**  
Then **Dirt**

Falling **short**  
Coming up **short**  
Or **Being** short  
**Dirt**

The **main** word:

- **Short**

Falling **short**  
Coming up **short**  
Or **Being** short  
**Dirt**

People **seem** to:

- **Choose** it

*A bad comment:*

*Is **one** example*

## **Short Stuff**

Sometimes people:

- **Send** stuff
- Like **issue** it
- As **short**

*By **short**:*

*I mean*  
*Not **enough***  
*Vague*  
*Iffy*  
*Not really **made***

*So:*

*Not **complete***

Then By **short**:

- It would be
- **Amateur**

**Amateur** is:

*Like*

**Not**

Oneth by **measure**

*Not common*

*Not regular*

*Or not normal*

**Short** Stuff:

*A lot* of it

By **short**:

*Not enough*

*Not arriving*

*Then only dirt*

*And:*

**Dirt** is Around

## **Standard**

Coming up **short**:

- Too **much**

**Hard** to:

**Understand** also

By **short**:

*Not enough*

*Not arriving*

*Then only dirt*

This is **Not**:

- The kind of
- **Thing**
- We would **see**

*Like in Usual:*

No

So:

- Not **Standard**

*We could **meet**:*

***Anyone***

*We never **know**:*

***Who** we **meet***

*So **Standard** works*

People **understand**:

- **Standard**

*Standard works*

## **Another Standard**

**Today:**

- People throw **dirt**

*Well:*

*Maybe these people*

***Think***

*There is*

***Another** Standard*

Another **Standard**:

- Like **Different**

*Standard we **know***

For example:

- We probably **learned**
- **Standard**
- From our **parents**

*School too:*

***Standard***

*Normal*

*Regular*

***Usual***

*Standard we **know***

Well:

- Maybe these people
- **Think**

*There is*

***Another Standard***

*Another **Standard:***

*Like*

***Different***

*Different **than:***

*Normal*

*Regular*

***Or standard***

If this is:

- **So**
- Then Whoa
- How to **interpret**

*We need to:*

***Understand things***

## Regular

Normal stuff:

- Is **regular**

*Standard is:*

*Easy to hear*

*Like a comment*

If something is:

- **Said**
- Or **offered**
- We need to
- **Understand** it

*How to understand:*

*Dirt*

*Dirt is like:*

*Vinegar*

*We don't want:*

*Too much*

A comment:

- Like to
- **Another**
- It should
- **Fit** in

*Easy to understand:*

*We can recognize*

So **This:**

- Would be
- **Regular**

*Normal stuff:*

*Is regular*

*Standard is:*

*Easy to hear*

*Like a comment*

## **Topic Dirt**

Well then:

- The **topic**

*Dirt*

*If something is:*

*Said or offered*

*Like*

*To **another***

*It should*

*Fit in*

And **often:**

- It **doesn't** fit

*It doesn't:*

***Register***

*Like:*

***Recognized***

If it:

- **Doesn't** fit
- That is not
- **Common**

*So the **dirt***

The **point** of:

- **This**
- Is the **saying**

*If Something  
Doesn't **pay**  
It's own **way**  
**Dirt***

*Falling **short**:*

***Dirt***

*This we could:*

***Understand**  
As **short***

We don't **want**:

- People to
- **Say** things
- **Bad**

*We don't **want**:*

***Things** we  
Have to  
**Reach** for  
No*

***Short** is short*

*It would **not**  
Come up to **par***

*So **short***

**Short** stuff:

- Like
- **Recognized** as **short**
- Is
- **Sub** par

*Not **regular**  
Not **good** enough*

*So Only **dirt***

*Topic **Dirt***

*Seeing **Dirt***

*Too **much:***

***Dirt** around*

## **Making it**

If something:

- Doesn't **Pay**
- It's own **way**
- Then
- **Short**

***Short is dirt:***

*Not **enough***

***Sub par***

*Or **short***

*Is only*

***Dirt***

It **cannot:**

- **Escape** this

***Short is short***

*And then*

*Only **dirt***

We cannot **live:**

- In a
- **World of dirt**

*We are **humans***

*We cannot*

***Live in dirt***

We cannot  
**Generate dirt**

We cannot  
**Interpret dirt**

I don't **want**:

- To **spend**
- On **dirt**

Too **much**  
**Dirt** around

**Short is dirt:**

Not **enough**

## **Dirt Value**

Man:

- This is **not**
- Real estate

No

We don't **have** to:

**Pay for dirt**

When someone:

- **Talks** to us
- Be **regular**

Often:

This **happens**

Someone **sends**

**Dirt** to us

Like

A **comment**

That is **not**:

- **Talking** to us

*That is:*

**Talking**

**At us**

When I was in:

- **College**
- There was a
- **Phrase** about this

*Don't **thing** people*

People are **not**:

- An **object**

*Don't **thing** them*

*Don't:*

**Throw things at them**

So if:

- Something doesn't
- **Pay** it's own **way**
- Like
- **Break** even
- Then
- Only **dirt**

*Coming up **short**:*

*Is only*

**Dirt**

**ENDING**

Whoa:

- **Seeing** Dirt

Pg 16

*Too much:*

*Dirt around*

Everybody **wants:**

- A **companion**

*A companion:*

*That*

*Pays it's own way*

**Sub par:**

- Or **short**
- Is **not** ok

*It is:*

*Only **dirt***

***Short is dirt***

*And*

*People **see this***

***Seeing Dirt:***

***Article***
