

Ego Math

Author: Thomas Lloyd
TheEvenMind

This is My **Article**:

- Ego Math

*It is **About**:*

Math

Like

Defining Something

A Definition:

Like

What something is

*Can be **said***

One thing plus:

- **Another** thing
- Can **make**
- A **Pair**

*These **two** things:*

Together

By math

Addition here

Think of Us

People:

- Are just
- **One**

Like:

One guy

Or **one** girl

Pg 1

People:

Are just
One

Each person:

- Is **unique**

*A **thinking** thing:*

*A **person***

*And as **human**:*

Perhaps
*The **highest***

Each person:

*Is **unique***

When we:

- **Figure** it out
- It is **better**

Each person:

*Is **unique***

And people:

Are just
One

One guy
Or **one** girl

This Article

An **Article**:

- On **Math**

***Math** like:*

***Defining** Something*

Defining like:

What *something* is

By **math:**

- Sometimes
- It can be **said**

Defining Something:

What *something* is

Thinking of **Us:**

- A **We**

An **Us:**

A *person*
A *human*

As *human:*

Perhaps
The *highest*

Each person
Is *unique*

A **thinking** thing:

- A **person**

An **Us:**

Thinking of **Us**
We think

So The **Point**

Thinking Thing

Us:

- As **human**
- We **think**

And:

By **Math**
Defining Something

So **Us**:

As **human**
Unique

One person:

- **Life** on earth

Day by day:

Each person
Life on earth

When we:

Figure it out
That's **good**

It is **better**:

Figure it out

Day by day
Life on earth

Although:

- **Each** person
- Is **unique**

We all **try**

Day by day:

Life on earth
We all **try**

When we:

- **Figure** it out
- That's **good**

It is **better:**

Figure it out

As a:

Thinker

Figure it out

That's **good**

Still:

Life is a

Puzzle

Article Title

Article is:

- Ego **Math**

Us Thinking:

Ego too

It is **called:**

- **Ego**
- The I thought

It **comes** with:

Human

We all **try**

Day by day:

Life on earth

We all **try**

Life on earth:

Figure it out

That's **good**

Pg 5

With I thought:

- **Still**

***Figure** it out
That's **good**
Life on earth*

I said:

- Sometimes
- We **use** math

***Math** like:*

***Defining** Something*

*We **think**:*

*We **know** math*

For example:

***One** thing plus
Another thing*

*Can **make**
A **Pair***

These **two** things:

- **Together**
- By **math**

*A **Pair**
By **math***

*Sometimes
We **use** math*

Article is:

- A **Puzzle**

Still:

***Figure** it out
That's **good***

Us Thinking:

Ego too

Article is:

- Ego **Math**

Us Thinking:

*And **Math***

Start

We **see**:

- **Us**

Like:

*I am **here***

*I am **there***

Us

*We **think** too:*

*Think of **this***

*Think of **that***

One thought:

- **Ego**

The I thought:

Ego

***Definition** is:*

I thought

Ego

So, quickly:

- We **see**

Pg 7

*If we **see**:*

*And
There is
I thought **too***

*Then we **see**:*

I thought

Us **seeing**:

- **Things**

***One** thing:*

I thought

And:

*Just **one** thing*

There are:

- **Many** things

I thought:

***Ego**
Just **one** thing*

*So **Us**:*

***Seeing**
Like it
Ego*

*It is **Secondary***

Like:

***We** see it*

Then it:

- Is **Secondary**

***We** see it
Pg 8*

Like:

I thought
Ego

As Secondary

So Us:

- As **human**
- **Unique**

Each one:

Person
Unique

One of a kind

One **person:**

- **Life** on earth

Day by day:

Each person
Life on earth

When we:

Figure it out
That's good

It is better:

Figure it out

Life on earth:

- Get it **done**

For example:

Chores
Tasks
Projects

Job

Get it **done**:

That's **good**

That's **Primary**:

- Get it **done**

Daily tasks

And duties

Get it **done**

If **done**:

- Then
- Some **free** time

That's **Liberty**:

Some **free** time

That's **Liberty**

Liberty then:

- **Secondary**

We hope

To **reach** it

Some **free** time

That's **Liberty**

Then **Secondary**:

Liberty

Not **every** time

Then **Secondary**

The Puzzle

Article is:

- A **Puzzle**

Title is:

Ego **Math**

Ego by **definition**:

Math definition

As **secondary**:

- **Ego**
- Then **not**
- Primary

Sometimes **maybe**

Sometimes **no**

Liberty:

Not **every** time

Then **Secondary**

I thought **too**:

- Is **Secondary**

We see it:

Then **secondary**

The **Puzzle** is:

- **If** I thought
- **Secondary**

Based on

Liberty

Secondary

Then **no**

Big Deal

I thought

Only **Secondary**

Sometimes **maybe**

Sometimes **no**

Not **Primary:**

- I thought

*Sometimes **maybe***

*Sometimes **no***

So **ego:**

- I thought
- **Based** on
- Our **free** time

LOL

Then **what** a:

- **Puzzle**

I thought:

***Based** on*

Liberty

Secondary:

Then no

Big Deal

LOL

About **Busy**

If we are:

- **Busy**

Then we don't

*Have **time***

For that

Duties

Obligations

Interests

*These **eat***

*Our **time***

Duties
Obligations
Interests

Many times:

- No **free** time

So if we are:

Busy

Then we don't
*Have **time***
For that
Secondary

Liberty is
Secondary

*Sometimes **maybe***
*Sometimes **no***

Not **Primary**:

- **Liberty**

And:

*I thought **also***

*Sometimes **maybe***
*Sometimes **no***

Not **Primary**:

- Liberty **based**

*Sometimes **maybe***
*Sometimes **no***

*Not **Primary***
I thought

*Not **always**:*

Then
*Liberty **based***

Look Around

If:

- I thought

*Not **Primary**
Liberty **based***

*Sometimes **maybe**
Sometimes **no***

Then WTF

For example:

- If I thought
- **Not** important

*Not **Primary**
Liberty **based***

Then **what** is:

- Mental Health
- System

Omg

We **have**:

- **Article**
- Ego **Math**

Definition:

*We **see***

I thought:

- Not **Primary**
- Liberty **based**

*Sometimes **maybe**
Sometimes **no***

*Mental Health
System
MH system*

What is:

- MH system

I think:

*No Ego **Math**
There*

Omg

I thought:

- Sometimes **maybe**
- Sometimes **no**

*Liberty **based***

MH system:

- Is **big**

Omg:

*Ego is
Liberty **based***

Our **free** time:

- **Liberty**

*Did we **give:***

*Our **free** time
To MH system*

Omg

WTF

Examine

Whoa

MH system:

- **Examine** it

*Who **knows** what:*

MH system

*A **bad** puzzle:*

***That** one*

MH system:

- **We** see it

***Condemned** people:*

USA people

Did we:

- **Empower** it
- MH system

Omg

Remembering

Closing:

- **Remember**

I thought:

***We** see*

*Sometimes **maybe***

*Sometimes **no***

*Liberty **based***

And:

*The **name***

I thought

Pg 16

Then it is:

- A **thing**

*Not a **person**:*

*But a **thing***

*A **thought** is*

*A **thing***

***Not** a person:*

Remembering

ENDING

Article is:

- Ego **Math**

*It is **About**:*

Math

Like

***Defining** Something*

A **Definition**:

- Is **useful**

*In our **day**:*

Sometimes

I thought

***We** see*

*Sometimes **maybe***

*Sometimes **no***

*Liberty **based***

And:

- The **name**

I thought

*A **thing***

*A thing **only***

***Not** a person*

We have **seen** it:

- As **selfish**
- Or an **individual**

*We have **seen** it*

*A **Definition:***

*Is **useful***

We see ego:

- I thought

*Sometimes **maybe***

*Sometimes **no***

*Liberty **based***

*Our **free** time*

***Article** is:*

*Ego **Math***
