

## why hit

Author: Thomas Lloyd  
TheEvenMind

This is My **Article**:

- Why Hit

*It is **About**:*

*A **Hit**  
Like Put*

*This:*

***Put**  
Could be  
**Made***

*A **Hit**:*

***Placed***

*Or:*

***Assigned**  
Put*

*A **Hit**:*

- Occurred

*For **me**  
With **friends***

## Setting

Basically:

- This is
- **Sharing** piece

*I can:*

***Tell** it*

**Story:**

**With** Setting

**Sitting** with  
People

We **spoke** of:

- **Dental**

**It occurred**

**I think:**

**Reason** was  
**Tooth** extraction

**Sitting** with  
People

We **spoke** of:

**Dental**

And there:

- Was **more**

**Continue**

Well:

- My **tooth**
- Was **extracted**

**This was:**

**Previously**

**And so:**

**They**  
**Asked** why

**Why:**

- **Tooth** extraction

So I:

**Told** them

**My Past**

I hate:

- To **say** this
- But

My **Past**

Not **everything**:

But

**Why:**

- **Tooth** extraction

You **see**:

I was in  
Mental health  
System

This was:

**Previously**

Total was:

**Forty** years

And **about**:

- **Tooth** extraction

I said:

**Conditions** were  
**Rough**

**Main** word is:

- **Malnutrition**

*And:*

**Forty** years

*Total*

**Bad** food:

Or **no** food

**Forty** years

*Total*

*So:*

**Conditions** were

**Rough**

This **explained:**

- **Tooth** extraction

**Why:**

**Tooth** extraction

*Ok*

## **More Trouble**

Jeez:

- As if
- **That** wasn't
- **Enough**

You **know:**

They **asked**

Why **in:**

- Mental health
- System

*Believe **me**:*

*I'm **not**  
A **bad** guy*

*For some:*

**Reason**

**Me:**

*Mental health  
System*

**Forty** years  
*Total*

And **since**:

- They asked
- **Why**

*I would  
**Tell** them*

**Why:**

*Mental health  
System*

**New Idea**

Well:

- **Usually**
- I say

**Christian**  
*Assignment*

**Why:**

- Mental health
- System

*Usually  
I say*

**Christian**  
*Assignment*

**But:**

- When I
- **Answered** them

*New Idea:*

*I thought of*  
*New Idea*

**Why:**

*Mental health*  
*System*

But **tonight:**

- **With** people

*I thought of*  
*New Idea*

**About This**

Well:

- **New Idea**

*When I:*

*Went to*  
***Answer** them*  
***People***

New **Idea:**

- **Occurred**

*At **first:***

*I said*

Maybe:

**Folly Bash**

This is:

- **About** Police

They are:

**Putting** hit

They are:

**Assigning**

Mental health

System

**Clients:**

- **In**
- Mental health
- System

Are **put**:

By police

Police **hit**:

- **On** person
- **Then**

Mental health

System

Simple **true**

At **first**:

- **I said**

Maybe:

**Folly Bash**

Maybe Police:

- **Hit** people
- **So**

*They could*  
*Look **good***

***Less** of them*  
***More** of us*

***Folly** Bash:*

***Odds***  
*In our **favor***

***By** police*

So people:

- **Asked**

*Why would:*

***Police***  
***Do** this*  
*To **you***

*Police **hit**:*

***On** person*

So:

- **Hearing** this

*I thought*  
***More***

**Getting Better**

Going **on**:

- Since
- They **asked**

Why would:

**Police**

**Do this**

**To you**

**I thought:**

- Maybe
- **Territorial**

This is like:

Animal **base**

**Territorial**

And **this:**

Made **sense**

Example is:

- If **we** don't
- **Hit** them

Then maybe:

**They hit us**

**Territorial**

Btw:

- This is **not**
- My **line** of
- **Interest**

Yet:

**Whoa**

Doesn't that

Sound **cool**

If police:

- **Thought**

***Territorial:***

*If we don't*  
*Hit **them***

*Then maybe:*

***They hit us***

***Territorial***

This is:

- **Interesting**

## **Summation**

Well:

- This **seems**
- **Enough**

***Territorial:***

*By **police***

*This is:*

***Interesting***

I mean:

- **Whoa**

*What if it:*

*Was*  
***Totally***  
*This way*

All **clients:**

- **In**
- Mental health
- System

Are **put**:

By police

And what **if**:

- Police **practice**
- **Territorial**

If **we** don't

Hit **them**

Then maybe:

**They** hit **us**

**Territorial**

- What a **joke**

**Clients:**

**In**

Mental health

System

Are **put**:

By police

**Because:**

- Police **practice**
- **Territorial**

If **we** don't

Hit **them**

Then maybe:

**They** hit **us**

So:

- Police
- **Hit** them
- **And**

*They are **down***

*Police **hit**:*

***On** person  
**Then***

*Mental health  
System*

*So:*

*They are **down***

## **ENDING**

*Well:*

- An **odd** thing

*Police **practice**  
**Territorial***

*If **we** don't  
Hit **them***

*Then maybe:*

***They** hit **us***

*And **result**:*

*Is*

*All **clients**  
Are **in***

*Mental health  
System*

**Because:**

- Police **hit**

**Then** police:

**Because** they

**Got** there

**First**

- **Dominate**

All clients:

**Lives**

**Doomed**

**Because**

Police

**Got** there

**First**

- An **odd** thing

Police **practice**

**Territorial**

If **we** don't

Hit **them**

Then maybe:

**They** hit **us**

So all:

- Clients
- **Lives**

**Doomed**

**Because**

Police

**Got** there

**First**

Police **practice**

**Territorial**
