This is My **Article**:

- Pain Man

*It is **About**:*

*A **Guy***

*A **Guy**:*

Called

Pain Man

*The **Reason**:*

***About** him*

Pain Man

Is because:

*He has **pain***

Construct

Article is:

- **Construct**

This:

Construct

*Is **two** word*

Pain Man:

- **Two** word

Construct

It talks about:

Him

Pain Man

Pain Man:

Two word

Construct

The Two

Two word:

- **Construct**

It talks about:

Him

Pain Man

The **construct:**

- **Simple**

Guy:

Pain Man

- **Is one**

One word is him

Guy:

Pain Man

Second word:

- **Two word**

Construct

Is pain

He:

Pain man

*Has **pain***

Second word:

- Is **pain**

Two word:

Construct

Pain man

*The **two** words*

Topic

Topic is:

- **Pain**

He:

Pain man

*Has **pain***

So:

About = *him*

And:

Topic = *pain*

Pain man:

- Has **pain**

Then let's:

*See **why***

*He has **pain***

Somehow

Somehow:

- **Pain** man

*Has **pain***

Reason *might*:

Matter

Btw:

If

Our *guy*

Pain *man*

*Has **pain***

*Then it **seems**:*

He is a

Drag

Omg:

- **Could** be

Sure:

Could *be*

*But **still**:*

*Let's get **on***

Comes in

Here:

- **Point**

Comes *in*

Remembering:

Why

Like:

Could matter

Then:

Sure

- **Why** pain

Why:

Pain man

Gots pain

The **idea:**

- **Why** pain

I'm not **sure**

Yet:

- **How** he
- **Got** it

Could be:

War

Could be:

Conflict

Could be:

Non success

Or just plain:

Dumbness

Still:

- He has **pain**

Pain man:

*Has **pain***

Somehow:

- He **got** pain

*I **hope** not:*

*Just **imagined***

Oh

Point

Point still:

- **Matters**

*So **quick**:*

Since he

Got pain

Then:

When he

Sees others

Bad

He gets **mad**:

- **Pain** man

When he:

Sees others

Pg 6

Others like:

Pretty people

He gets ***mad***

For ***him***:

Pain man

Pretty people

Are ***others***

Among others:

Pretty people

Also for him:

Too

So when:

- He ***sees*** others

He gets ***mad***

Pain man:

Gets ***mad***

Seeing others

Mad is from:

Angry

So ***why***:

- ***Matters***

Then ***mad***:

Is the ***point***

Point is:

Why he is ***mad***

Moving On

So his **case**:

- We **see**

When ***he***:

Pain man

Sees others:

He gets ***mad***

This ***includes***:

Pretty people

Mad is from:

Angry

He is **mad**:

- **Because**

Why is in:

Because

Why he gets:

Mad

When he:

- **Sees** others

He ***sees***:

Clearly

He sees:

Immediately
Directly

They don't **have:**

- **Topic**

Like him

Topic is ***pain***

He has pain

Maybe even:

Absorbed in it

Pain man:

- **Has pain**

He sees:

Others

They don't seem:

To

Hurt like him

Suffer like him

Or bear weight:

Like him

He might **think:**

- **Then**

Others have it

Easy

They don't:

Hurt like him

He sees this

Compared

Pain man:

- **Sees** others

Compared:

He has it

- **Hard**

Them no

For him:

Simple

Compared:

He has it

Hard

Them no

So **him:**

- As
- **Poor** people

Action comes in

Then as:

Less than him

He thinks:

They get

Slammed

It comes **down**:

To **this**

Pain man's:

View

Short

So here:

- **Quick**

To make a:

Long story **short**

George
Washington

- Like **this**

USA Lord:

George
Washington

Like **this**

To make a:

Long story **short**

George
Washington

Like **this**

USA:

George
Washington

Like **this**

Facts

About **him**:

- George
- Washington

Not **born** here:

USA

So not:

From here

Then him:

- **Foreign**

And apparently:

With burden

Arrived with:

Burden

Also:

- Probably
- **Couldn't**

Understand here

USA

And if he:

Was

Anxious

Abrupt

Or in a:

Hurry

Pg 12

Then he **goes:**

- **Right**

Into point

Pain man:

I think

*George
Washington*

Manifest

What he did:

- **Manifest**

*The **play** of:*

*George
Washington*

He **made:**

- Police

*And **military***

Jeez:

*No **good***

Police:

- **From**

*George
Washington*

***Only** move is:*

***Finger** people*

Call them:

- **Crime** scene

Then **vanish**:

Like

Quota cop

And **take** the:

Day off

*George
Washington*

Made **bad**:

Here USA

Form = police

Legacy

This stuff:

- George
- Washington

Is now:

300 years

*George
Washington*

In our face:

300 years

He **made**:

- Federal
- Government

300 years

*In our **face***

Police:

*300 **years***

*In our **face***

***All** no good*

Father:

***Pray** for us*

This is:

***ENDING** too*

***Article** is:*

***Pain** Man*
